19TH YEAR. NO. 275. EAST LIVERPOOL, O., THURSDAY, NOVEMBER 20, 1902. TWO CENTS.

BLOOD CURDLING THREATS MADE BY THE WHITECAPS IN LETTERS READ IN COURT

Young Kelley's Damage Suit Grows More Interesting—Writing Expert Gives Sensational Testimony.

Lisbon, November 20.—(Special.)—The examination of witnesses in the Kelly-McPherson damage case continued this morning, and it is doubtful if the hearing can be concluded today. On the witness stand yesterday Sumner McPherson testified that he recognized the horse ridden by his white cap assailant on the night of his thrilling encounter a year ago as a bay mare belonging to the Kelly family. He also said that one of his horses died under mysterious circumstances, and that he found pieces of glass in the animal's intestines.

The white cap letters shown in court yesterday were in many instances written on fragments of colored wrapping paper. They are either the work of an ignoramus or the well imitated production of such a mind. The spelling and punctuation, as well as the contents, are very bad. There is not much in any of the letters, but a string of the vilest oaths and epithets. They are rambling and incoherent and signed "the Unknown Boy." One tells Sumner McPherson the writer could see him burned alive and then go to perdition forever. Similar statements are made about John Clager.

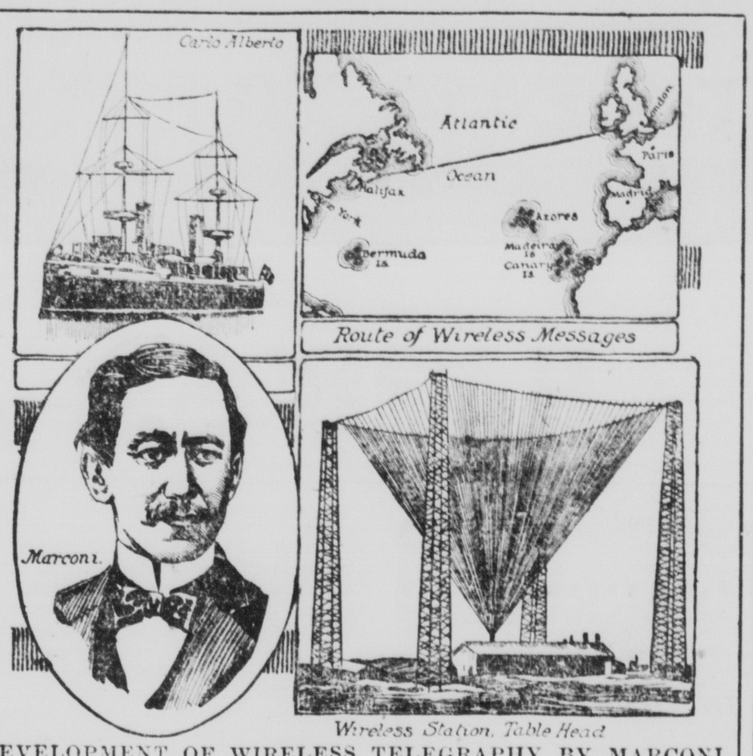
In another place, referring to the throwing of some rails across the road the writer threatens to shoot and cut the hearts out of the men or any of their families who say he did it.

Another letter is headed with drawings of guns, pistols and knives and the words "We have arms." After numerous dire threats it concludes: "We are not fooling. We mean exactly what we say." These words are accompanied with drawings of two pistols being discharged.

In conversation at John McPherson's one day Howard Kelly offered to give $5 toward hiring a detective to ferret out the guilty party, but McPherson said it was no use when they already knew. He told on the stand of the wire fences having been cut and of other depredations. He also told of a letter being received by one of his neighbors in which the statement was made:

"You did not come to our assistance when our barn burned." The barn on the Kelly farm had been destroyed some months before. All the evidence seems to indicate that the letters were written either by the Kelly boys or by some one who wished to make it appear so.

William J. Kinsley, a New York hand writing expect, testified that a comparison of the anonymous writing with Kelly's handwriting showed that all were written by the same hand.



DEVELOPMENT OF WIRELESS TELEGRAPHY BY MARCONI.

Marconi's new station at Table Head, Nova Scotia, is nearly ready for business and the inventor expects that messages will soon be crossing the Atlantic to Poldhu, Wales, through the air. The Carlo Alberto is the Italian warship loaned Marconi for experimental work by the king of Italy.

OHIO'S CHOICE FOR SPEAKER

Will Probably Be Decided at a Meeting of Republican Representatives Today.

THE CANDIDACY OF BURTON

Depends Upon Whether He Can Receive the Solid Vote of the State Delegation—More Election — Figures—County Auditor's Meeting

From a Staff Correspondent.

Columbus, November 20.—(Special)—The Republican congressmen of Ohio are meeting in this city today to decide on whom the delegation will support for speaker of the house of representatives. If Congressman Burton, of Cleveland, can get the full vote of the delegation he will be a candidate for the place, but there are several congressmen of this state who have as good as pledged themselves to vote for Cannon, of Illinois, so it is not likely that Burton will be able to get the solid vote. He has not declared definitely that he will be a candidae bu has inmaenriirg7890$. .caosh didate for the place but has intimated that he would be if he could get the support of all the Ohio congressmen. Congressman elect Kennedy is expected to be present.

The vote given William Kirtley, Republican candidate for member of the state board of public works, was the largest ever recorded in the state, excepting that cast for the Brough ticket during the civil war. The Prohibitionists and Socialists polled enough votes to get recognition on the state ticket next year without petition. The Prohibitionists also got enough last year to get on the ballot with recourse to this method. Laylin's plurality was 90,465, and the net Republican plurality in the congressional districts was 90,104. There was only a gain of 76 votes over the Republican vote of last year, while there was a heavy Democratic loss. The increased vote polled for the Socialistic ticket brought up the total vote.

The county auditors' association adjourned yesterday after meeting in annual session here. Auditor L. Ewing Jones, of this county, was elected president, defeating Auditor William R. Leonard, of Mahoning county, for the honor, the latter being made vice president. The board of equalization bill which may be introduced at the next session of the legislature was discussed. It provides for a continuous board of equalization and appraisement to be in session all the year except when the auditor is working on his books. There are to be four members to be elected by the people. It is intended to abolish decennial appraisers and assessors and to make it responsible for all local taxes. The auditors decided that coroner's fees should not be paid ontil approved by the coonty commissioners.

Entertained Her Friends.

Miss Maude Price entertained 18 of her young friends last evening at her home on Third street. The evening was pleasantly whiled away with cards and music, and delightful refreshments were served.

MAYOR'S DUTIES UNDER NEW CODE

He Will Have a Vast Amount of Detail Work to Look After.

AS TO HIS SUBORDINATES

He Must Keep Careful Watch And When He Finds Any of Them Going Wrong File Specific Charges With Council.

The duties that will be required of the next mayor of East Liverpool elected under the new code will not only be numerous, but in his enactment of them he will be compelled to go through with as much red tape as is necessary to have a bill passed by congress.

When he finds or has reason to believe that the head of any department or officer over whom he has jurisdiction has been guilty in the performance of his official duty of the crime of bribery, malfeasance or non-feasance he must immediately file with the council written charges against such head of department or officer, setting forth in detail a statement of the alleged crime, and serve or cause to be served at the time of the filing of the charges or as soon thereafter as possible, a true copy of such charges with the head of the department or officer against whom the charges are made. He can, however, serve the copy in person or by leaving a copy at the office of the department or officer, but he must make due return to council of such service, as is provided for the service of summons in a civil action.

The charges when so filed with council shall be for hearing at the next regular meeting of council, unless council shall extend the time for the hearing, which shall only be done on the application of the accused. The accused shall have the right to appear in person and by counsel and examine all witnesses and answer all charges against him; and the judgment or action of council shall be final, provided that it shall require two-thirds of all members elected to council to remove such officer.

With the governor of the state will rest the power to remove the mayor from his office. In case of misconduct in office, or bribery, or by any gross neglect of duty, gross immorality or habitual drunkenness of any mayor, the governor of the state shall remove him from office, upon notice and after affording to the mayor a full and fair opportunity to be heard in his defense. The proceedings for his removal are to be commenced by the governor putting on file in his office a written statement of the alleged causes for the mayor's removal, and he must cause a copy of the statement to be served on the mayor not less than ten days before the hearing of the matter. The proceedings had by the governor upon such removal are to be public and a full detailed statement of the reasons of removal be filed by the governor in the office of the secretary of state and made a matter of public record therein. The decision of the governor, when so filed, with the reasons therefor, is to be final, and pending such investigation by the governor he may suspend the mayor for a period of 30 days.

WAITED LONG AND VAINLY FOR HER PROMISED HUSBAND WHO FAILED TO APPEAR

Young Girl Who Was Going to Rochester to Be Married Finally Had to Depart Alone.

With a tear stained face and a heart trembling with anxious expectancy Myrtle French, an eighteen year old girl waited the coming of her sweetheart and promised husband, at the C. & P. station last evening. Passengers hurrying to and from the trains cast pathetic glances at her and the employes of the railroad company were greatly moved at her pitiable condition.

The girl's home is in Rochester and she had been spending the week with her sister, Mrs. Leaf, who lives on Second street, near Washington. She is the youngest daughter of Mr. and Mrs. John French, of that town, and has always lived with them, this visit being about the only time she has ever been away from home. She says her lover, Earl Garren, called on her at the home of Mrs. Leaf several times and when her father, who had grown lonesome during her absence, came here to take her home, persuaded her to remain with the promise that he would accompany her a few days later. Yesterday noon she went to the east bound train. She saw Garren at the station but says he attempted to get away from her.

She crossed the street and accosted him, however, and asked an explanation of his conduct. He pacified her, she stated, by telling her he would go with her to Rochester, if she would wait until the 4 o'clock train, and they would be married immediately upon their arrival. With this promise she returned to the home of her sister. She said Garren had also promised her that he would call on her during the afternoon, but was not seen. The girl waited until almost time for the train and when Garren failed to appear returned to the station, hoping to see him there. Then with tears she told a News Review reporter that she would go to her home and have a warrant sworn out for his arrest. She left for Rochester on the evening train.

A News Review reporter called at the home of her sister this afternoon. The facts as they were related by the girl were told and mainly confirmed. It was learned there that the young man, who is a blacksmith, has been keeping company with Miss French for about two years and that it was generally understood and often talked about that they were to be married. For quite a period Garren worked in Monaca, opposite Rochester. Mrs. Leaf stated that her sister seemed to be greatly worried but did not discuss her troubles.

SCHLEP SET FREE

Friends In This City Help Arrested Brewer to Pay His Fine.

John Schlep, who was taken to the Lisbon jail some days ago to answer to several charges of violations of the Beal law, was liberated today, having pleaded guilty and paid his fine. Since leaving this city when he was connected with the Crockery City Brewing company, Mr. Schlep has been in East Palestine, where he conducted a brewery. He was fined $200 for violating the Beal law by selling beer in wholesale quantities in the local option town.

Since his incarceration it has developed that Schlep is short of funds, and when this became known in this city steps were at once taken to relieve him. Walter Olson, of the firm of Olson & Watkins spent the greater part of yesterday circulating a petition, and was successful in raising over $100 to go toward paying Mr. Schlep's obligations to this county. This amount, with what he has, will pay the fines, and Mr. Schlep is rejoicing in consequence. He was released at noon.

FOURTEEN NOW THERE

The Unlucky Thirteen at Canton Workhouse Increased by Arrival of Elza Fotheringham.

Officer Dawson returned last evening from Canton where he turned Elza Fotheringham over to the workhouse authorities. The officer states that the trip was uneventful, the young criminal acting in a model manner.

There are now 14 men from East Liverpool confined in the Canton workhouse, possibly a greater number than from any city in the state excepting Canton. "Zip" Farmer has gained the distrust of the officers of the institution and is now confined in a cell for working the light fingered act. Heretofore he was t he most trusted man at the works and received the little courtesies given an exemplary prisoner.

"Red" Wrench has been taught how to work and it is thought by the time he is released that he will be ready to take up some vocation other than that of vagrant.

Harvey-Thomas.

A pretty home wedding was solemnized last evening at the home of the bride's parents, 115 Norton street, the contracting parties being Miss Daisy Harvey and Mr. Harry Thomas. Rev. M. B. Pratt, of the First M. E. church, officiated.

RUNAWAY GIRL WAS IN THE CITY

Officers, However, Had No Power to Detain Her and She Went On.

SHE MET DISAPPOINTMENT

Detectives Met Her at Pittsburg And Her Parents Were Communicated With—Will Be Returned to Her Home in Ohio.

Joyful in anticipation of a lover's greeting, pretty Ruth Purdue, 17 years old, the daughter of a prominent business man of Canal Dover, was suddenly cast into a gloom of disappointment in Pittsburg last evening where she went for the express purpose of marrying the one whom she has loved since early childhood.

Miss Purdue passed through East Liverpool yesterday afternoon on the east bound 4 o'clock train. When the train arrived in the city, the conductor and brakeman called Officer McDermott and asked if he had received a message from Canal Dover telling him to a rrest a runaway girl known to be on this train. The officer replied in the negative and was then told that there was a young lady passenger aboard who had left her parents, ostensibly to go to Pittsburg to make an i ndependent living, hving tired of doing nothing but rest in her riches, but in reality to meet and marry her accepted lover.

The trainmen also stated that the girl's parents had become suspicious of their daughter's actions and that at Uhrichsville a telegram was received by the authorities asking them to arrest and hold her, but officers were afraid, not having a warrant and let her go on. Officer McDermott was shown the girl and he says that it has been several years since he has seen a woman so pretty. Dressed in an elegant attire of black silk, with soft blue eyes, golden hair, and fair complexion, she presented a picture serenely beautiful. And it was with a sigh that the officer stood motionless and let her continue on her journey when he felt confident that it was within his power and duty to place her under arrest.

Arriving at Pittsburg the girl stepped off the train at the Union depot and instead of being clasped to the bosom of her fiance, as she had ardently expected, she was met by Detectives Swinehart and Merritt, the first of whom greeted her by saying: "Ruth, you are too young to get married and we are going to send you home." For a few minutes in her grief she was inconsolable, but she finally realized that Cupid had cruelly met defeat and consented to abide by the will of the officers. They escorted her to the police station and her father was notified. Her intended partner for life is John Barry, 4414 Butler street, Pittsburg. He holds a nice position and is said to be an exemplary young man, but the parents of the girl will not consent to her marrying so young.

MASSILON ASYLUM

Annual Report Contains Matter of Interest to Columbiana County.

Lisbon, November 20.—(Special.)—Judeg Boone has received a report from Supt. H. C. Eyman, of the Massillon asylum, relative to Columbiana county's representation in the institution. The report is for the month ending November 15, 1902, and shows the number of inmates from this county is considerably in excess of its quota 106; number of patients, 138; excess, 32; admitted, 5; discharged, 8; remaining, 135.

In the cases of those who are no longer inmates of the institution, the causes of removal are given as follows: Elizabeth Robson, death; Susan Huston, improved; Rebecca Van Fossen, improved; Leon Hattel, recovered; Uriah Moore, improved; D. W. Irwin, recovered; Orin Frederick, recovered; Frank Haldeman, recovered.

MANN GOES TO ASYLUM

Judge Boone Decides the East Liverpool Young Man Is Temporarily Insane.

Lisbon, November 20.—(Special.)—Samuel Mann, aged 30, of East Liverpool, who has been violently instane for several days, was brought here yesterday by Sheriff Leonard and placed in jail. At a lunacy inquest held last night Judge Boone pronounced the man insane, and application has been made for his admission to the Massillon asylum.

His insanity is thought to be only temporary and due to excessive drinking.

HE HAD ONE WIFE

And the Applicant for a Marriage License Was Promptly Turned Down.

Lisbon, November 20.—(Special.)—Thomas Bartley and Mary Knaustaff, natives of Austria, now living in Leetonia, applied for a marriage license yesterday. Judge Boone elicited the information, however, that the man had a wife living in Austria, and the license was refused.

FOLLOWED HOME BY BURLY VILLAIN

Young Lady Telephone Operator Given a Bad Scare Last Evening.

RAN WITH ALL HER SPEED

The Fellow Pursuing to the Very Door. Dashed Into the House Out of Breath Just in Time to Escape Him.

To be chased by a burly ruffian while she was en route to her boarding house was the terrifying experience of Miss May Kimes, one of the winsome and accommodating operators of the Columbiana county telephone exchange, last evening. As a result the young lady is today suffering very much from the nervous shock.

She left the telephone exchange at about 10:30 o'clock and started out East Market street toward her home, 312 Lincoln avenue. When she reached the alley opposite the fire station she was accosted by a man who from appearances was a tramp, he being dressed in a dirty black suit and an old badly worn slouch hat.

The fellow after speaking to her and receiving no answer, unbaffled, started in pursuit. Miss Kimes was greatly scared when he spoke to her, but when she noticed that he was following, her heart began to weaken and she tried but in vain to shout for help. Her power of speech was temporarily dazed.

However, she retained the gift of walking and commenced to increase her rate of speed. At this the villain also showed an increase and by the time she had reached the foot of Lincoln avenue he was only a few feet at the rear.

Realizing that her only escape from the clutches of the brute lay in distancing him Miss Kimes put forth a strenuous effort and dashed as she had never run before up the avenue. Close at her heels the man continued, and several times was almost within her reach. Luckily her destination was not far and she bested the pursuer in the chase. The door was unlocked and she rushed in, leaving the desperate tough at the steps crestfallen and angered over his defeat. Miss Kimes came to this city recently from Alliance, and is a sister of Mrs. George Gilbert.

BLOOD CURDLING THREATS MADE BY THE WHITECAPS IN LETTERS READ IN COURT

Young Kelley's Damage Suit Grows More Interesting—Writing Expert Gives Sensational Testimony.

Lisbon, November 20.—(Special.)—The examination of witnesses in the Kelly-McPherson damage case continued this morning, and it is doubtful if the hearing can be concluded today. On the witness stand yesterday Sumner McPherson testified that he recognized the horse ridden by his white cap assailant on the night of his thrilling encounter a year ago as a bay mare belonging to the Kelly family. The Unlucky Thirteen at Canton Workhouse Increased by Arrival of Eliza Fotheringham.

Officer Dawson returned last evening from Canton where he turned Eliza Fotheringham over to the workhouse authorities. The officer states that the trip was uneventful, the young criminal acting in a model manner.

There are now 14 men from East Liverpool confined in the Canton workhouse, possibly a greater number than from any city in the state excepting Canton. "Zip" Farmer has gained the distrust of the officers of the institution and is now confined in a cell for working the light fingered act. Heretofore he was t he most trusted man at the works and received the little courtesies given an exemplary prisoner.

"Red" Wrench has been taught how to work and it is thought by the time he is released that he will be ready to take up some vocation other than that of vagrant.

Harvey-Thomas.

A pretty home wedding was solemnized last evening at the home of the bride's parents, 115 Norton street, the contracting parties being Miss Daisy Harvey and Mr. Harry Thomas. Rev. M. B. Pratt, of the First M. E. church, officiated.

FOLLOWED HOME BY BURLY VILLAIN

Young Lady Telephone Operator Given a Bad Scare Last Evening.

RAN WITH ALL HER SPEED

The Fellow Pursuing to the Very Door. Dashed Into the House Out of Breath Just in Time to Escape Him.

To be chased by a burly ruffian while she was en route to her boarding house was the terrifying experience of Miss May Kimes, one of the winsome and accommodating operators of the Columbiana county telephone exchange, last evening. As a result the young lady is today suffering very much from the nervous shock.

She left the telephone exchange at about 10:30 o'clock and started out East Market street toward her home, 312 Lincoln avenue. When she reached the alley opposite the fire station she was accosted by a man who from appearances was a tramp, he being dressed in a dirty black suit and an old badly worn slouch hat.

The fellow after speaking to her and receiving no answer, unbaffled, started in pursuit. Miss Kimes was greatly scared when he spoke to her, but when she noticed that he was following, her heart began to weaken and she tried but in vain to shout for help. Her power of speech was temporarily dazed.

However, she retained the gift of walking and commenced to increase her rate of speed. At this the villain also showed an increase and by the time she had reached the foot of Lincoln avenue he was only a few feet at the rear.

Realizing that her only escape from the clutches of the brute lay in distancing him Miss Kimes put forth a strenuous effort and dashed as she had never run before up the avenue. Close at her heels the man continued, and several times was almost within her reach. Luckily her destination was not far and she bested the pursuer in the chase. The door was unlocked and she rushed in, leaving the desperate tough at the steps crestfallen and angered over his defeat. Miss Kimes came to this city recently from Alliance, and is a sister of Mrs. George Gilbert.

WITH THE WORKMEN IN THE CLAY PLANTS

FILLING ORDERS PARAMOUNT.

The paramount question at the Cartwright Bros.' pottery these days is the filling of the large number of orders for ware intended for the holiday trade. It has always been the policy of this concern to do everything in season to please its hundreds of customers and in consequence every precaution is being taken to prevent disappointments. The recent delays in freight traffic has been causing the firm some uneasiness for it is going to require the very promptest of service to transport the goods to some customers in time for them to reap the benefit of holiday buying. All the railroads seem congested with freight at this time and conditions are not likely to improve until after the holidays. The river offers no relief, as there is not enough water in the channel for even the low water boats, and it is not at all likely that there will be a good boating stage until too late for holiday shipments. Two cars of ware were shipped from the pottery warehouse yesterday and more will follow later in the week.

FROM CANONSBURG.

The jiggermen were off Tuesday on account of a shortage of boards. There is a shortage of kilnmen on the biscuit kiln.

Harry Stevens, treasurer of local union No. 51, N. B. of O. P., has departed for parts unknown to the local. It is alleged he took some of the local's money. His wife and his associates do not know where he has gone. He was sober and a good worker and was a native of Canonsburg.

The pottery seems to have all the orders it can handle at present. It is making five biscuit kilns and six glost kilns a pay. It would make six biscuit kilns but for be ing short of kilnmen.

Charles Woolf is running the jigger vacated by William Maley.

Packers are working overtime to keep up their end.

Bro. Shaffer has quit the presser's bench and taken a job as salesman for the firm.

POTTERY FOR PARKERSBURG.

Dr. H. B. Stout, Dr. W. S. Keever, and J. J. Kane, left Parkersburg for Chicago this week. The purpose of their trip is to purchase machinery for a pottery plant to be erected on their novelty farm, which is located on the south side of the little Kanawha river. The plant to be installed will be the largest in that vicinity and will have an immense daily output. It is the intention of the owners to get the new works in operation as soon as possible.

CONTINUES ILL.

The continued illness of Charles Pelley, groundlayer at the Sevres, is causing the plant serious inconvenience during this busy period and his early return to his duties is hoped for. During his absence Manager F. R. Cross, of the decorating department, is doing the groundlaying, and it is fortunate for the firm that Mr. Cross can turn his hand to this part of the work. Mr. Pelley is suffering with inflammatory rheumatism and is confined to his home on Ohio avenue.

BUSY AT VODREY'S.

The story in local newspapers concerning proposed improvements at the Vodrey pottery was not confirmed yesterday afternoon when a News Review reporter called at the offices of the company. The plant is doing an enormous business, the orders at the present time being in excess of the capacity. Decorated ware leads in demand and the gilders are compelled to work nights.

CHALLENGER DEFEATED.

The wrestling match took place as scheduled at the Sevres Saturday afternoon at 5 o'clock in the packing room. There were only four witnesses to the bout, and it was not won by the challenger. He won the first fall, but lost the succeeding three and the purse of $19 went to his opponent.

TRYING FOR PENSION.

Alfred Renicker, one of the decorating kilnmen at the Sevres, was at Lisbon yesterday to appear before the United States board of medical examiners in the matter of his application for a pension. Mr. Renicker served during the war with Spain in Company E of the Eighth Ohio volunteers.

A WISE SELECTION.

The appointment of Arthur Owen Tuesday evening by the Knights of the Golden Eagle to be district grand chief is a deserved recognition of his worth and one better qualified for the position cannot be found in the city. Mr. Owen is a member of the kiln crew at the Standard and universally popular among the potters.

HAND INJURED.

Miss Bertha Behler, of the glost warehouse at Vodrey's, has not been at work owing to an injury to her hand sustained several days ago. Just how the injury occurred even Miss Behler does not know. The wrist seems to be badly sprained and she will not be able to work again this week.

SPENT SUNDAY HERE.

Allen Hargreaves was over from Barberton this week, having spent Sunday with his parents, Mr. and Mrs. James Hargreaves, of the East End. He is holding the responsible position of boss packer at the Barberton pottery and is giving excellent satisfaction.

BACK TO PITTSBURG.

Mr. and Mrs. William Cartwright returned to Pittsburg yesterday after spending several days in the city. The improvement in Mr. Cartwright's physical condition continues to the satisfaction of his many friends. Hereafter he will spend a portion of the week at his office at the plant.

QUITS THE BUSINESS.

Miss Pearl Huff, of the dipping department at Vodrey's, is working out her notice and on next Saturday evening will sever her relations with the company. She will leave for New Castle, Pa., to accept a situation with a telephone company.

MORE GIRLS NEEDED.

A number of additional girls will be taken on this week in the decalcomania decorating department at the Sevres. This has been found to be necessary owing to the large number of orders to be completed within the next few weeks.

NOTES OF THE POTTERS.

Charles Hayes, of the glost end at Vodrey's, has resigned his position.

Ed. Waddle, presser at the Sevres, spent Monday and Tuesday in Pittsburg.

Richard Winn and Thomas Amos, of the pressing department at the Sevres, have returned from a visit to Pittsburg.

Lewis McGill, of the glost end at Vodrey's, is unable to work owing to sickness.

Will Eckles, batterout on the seven inch jigger at the Sevres, has been off sick for several days.

Ed. Knupp has gone to the Sevres as mould runner and batterout for jiggerman Archie Putnam.

Miss Maggie Brown, of the wareroom at Vodrey's, has recently moved to Chester from First street.

Miss Helen Haley, of the decalcomania department at the Sevres, was a Pittsburg visitor Wednesday.

Miss Jennie Gray, a cutter in the decorating room at Cartwright's, is reported as among the sick.

Barney Graham, of the glost kiln crew at the Sevres, has been on the sick list for the past few days.

Cyrus Scarrat, a jiggerman at the Sevres, has been off duty several days owing to the illness of his wife.

John Wedd, jiggerman at the Sevres, has been loafing for a few days owing to the illness of his mould runner.

Miss Jeannette Smith, of the warehouse at Vodrey's, has returned from a visit with friends at Cottageville.

Miss Bertha Elliott, of the dipping department at Vodrey's, has been on the sick list for the past three or four days.

Miss Lula Spohn, who has been the guest of Miss Alice Campbell, of Vodrey's has returned to her home in New Kensington.

Miss Edna Orr, of the dcorating department at Cartwright's, has been quite ill for the past two weeks at her home on Fifth street.

Mrs. Adam Rushton, of the decalcomania department at the Sevres, has been unable to be at her work the past few days owing to the illness of her child.

Elmer McDevitt, boss warehouseman at Cartwright's, is at Lisbon today to attend the last sad rites over the body of his father, David McDevitt, who died at his home near Lisbon on Tuesday.

Col. Liggett's Funeral.

Toronto, November 20.—(Special)—The funeral of Col. John B. Liggett, manager of the Bell Telephone Co., at Toronto and New Cumberland, took place yesterday from his late residence on North Third street. An immense throng of relatives, business men and neighbors were present, and most of them followed the remains to Union cemetery. Col. Liggett was a genial, courteous gentleman and the business men of Toronto will sadly miss him. The company will have trouble in finding as good a man to fill his place.

EAST END PEOPLE ON THE PENNSYLVANIA AVENUE PAVING.

Cannot See the Justice of Putting the Whole Cost of the Improvement on Them.

A News Review reporter has interviewed a number of prominent East End citizens relative to the action taken by the city council on the Pennsylvania avenue assessments. They all seem to think that council has entirely misapprehended the real status of the question. One prominent man said:

"We all recognize the fact that assessment according to benefits is the true and proper system for street improvements; and, as the benefits mostly belong to those with property abutting on the street improved, the cost and expense is properly placed upon said property owners. But Pennsylvania avenue is exceptional in this that at the time the improvement was made but little or no property along its entire length could be depended on for the smallest fraction of the cost, as the property is, or was deemed of comparative little value. There was not to be found on it an improved piece of ground its entire length.

"It was simply an avenue constructed for the purpose of connecting two important parts of the city, and will anyone maintain that one end was benefited by said improvement and the other was not?"

Another had this to say: "It has often occurred that streams have divided corporations, as in the city of McKeesport, where it was necessary to connect the two portions by bridges. Has anyone ever heard of an instance of one portion of the city building such a bridge and the other portion being exempted from any responsibility?"

And another: "If any member of the council, or if anybody else has any doubts as to where the benefits lie in the Pennsylvania avenue improvement let him take a position along its line on any day of the year, more especially on some pleasant summer day favorable for driving and remain there say for one hour and then let him form his opinion. He will soon discover that the road is chiefly utilized by the city's pleasure drivers—of which the East End has but few or none—and by the business men of the city proper in delivering their goods at the East End, and to the detriment, East End business men say, of their own business. Having formed his opinion let him ask himself if it is just and fair that this portion of the city should be compelled to bear the whole cost and expense of this thoroughfare, indispensable to the whole city alike."

One of the neaviest taxpayers in the East End said: "There is another light in which to view this matter. Whatever may have been said at the time in regard to 'assessment according to benefits' when this improvement was made, no East End citizen was ever notified or at least given to understand that he, along with his neighbors, would be required to bear the whole burden of its construction. If he had so understood it he would have assumed a different attitude in regard to the same. Now that the road is completed, to say that the East End must bear the whole cost of the enterprise is as unjust as it is burdensome. Council, they think, should have let the people vote on the bond issue plan, and they are still hopeful some relief measure shall yet be finally adopted.

GRADING BELLEEK STREET

Four Hundred Foot Extension Will Be Brought Up to Railroad Grade.

The Midway Land company, owning what is known as the McKinnon property, lying south of Mulberry street, started a force of men to work this morning grading the extension of Belleek street. This extension begins at the C. & P. tracks and is about 400 feet in length. The grade was established a few days ago by the city engineer, and it will bring the street up to the level of the railroad track. At one point in the street a fill of 12 feet is necessary.

As a result of the opening up of this land for building purposes the Bell Telephone company has found it necessary to remove its two main cables to Pennsylvania avenue. To make this detour it will be necessary to cut both cables, each containing 50 pairs of wires and splice them. The change will cost the company several hundred dollars, but the work will be done in such a way as to not interfere with its service.

GOOD TIME PROMISED

Ladies' Aid Society Met Today to Perfect Arrangements for Bazaar And Rummage Sale.

The Ladies' Aid society of the Erie street M. E. church held an all-day meeting today at the home of Mrs. Sarah Dawson on St. George street and perfected the arrangements for the bazaar and rummage sale to be held in conjunction with the Young Ladies' Guild at the P. H. C. hall next Tuesday night. There was a large attendance at the meeting and the details were discussed and disposed of. It was decided to charge an admission fee of five cents to the hall and provide ice cream, cake, coffee and sandwiches for refreshments.

The young ladies have been hard at work making pieces of fancy needle work and they will be offered for sale. They also have the promise of numerous contributions to the rummage table. There will be a plentiful supply of home-made candy for sale. The proceeds will go into the carpet fund of the church.

COMMON TIME SOCIAL

Will Be Given Tonight By the Y. P. S. C. E., of the Second Presbyterian Church, East End.

An unusually good time is promised those who attend the "common time" social to be given this evening at the home of Rev. J. N. Swan, on Ohio avenue, by the Y. P. S. C. E., of the Second Presbyterian church. A new and unique divertisement will be introduced that will provide a great deal of innocent amusement and refreshments will be somewhat out of the ordinary. Each person attending is requested to bring the first photograph of himself ever taken. They will be collected and placed on a table and all will given the opportunity of guessing at the identity of the persons pictured. The one making the greatest number of correct guesses will be rewarded with a souvenir. The refreshments will be pie and coffee.

Fourteen Initiated.

Fourteen candidates were initiated into the mysteries of the Orient by Hoyt court No. 1101, in the P. H. C. hall last night and both the initiators and the initiated had a good time. The growth of this court since its installation two weeks ago is little short of the marvelous, for those taken in last night were a very small part of the number who have made application for membership. Some prominent down town citizens are to "ride the goat" at the next meeting.

A Bad Injury.

Adna White, the 18 year old son of Mr. and Mrs. D. F. White, is suffering with a painful injury sustained yesterday afternoon. He is employed at Laughlin's pottery and while going to his work stepped on a nail, which penetrated his foot for a considerable distance. Young White paid no attention to the injury for a time but it began paining him so badly that he had to go to a physician. He will not be able to work again for some time.

An Operation Necessary.

The serious illness of Milton Martin, of Helena, is alarming his many friends. Mr. Martin, who is a presser at Laughlin No. 2, has been confined to his house for a week or more and has been growing steadily worse. Today his physician, Dr. W. E. Mowen, assisted by Dr. Hendershot, will perform an operation, which it is hoped, will start him on the right road to recovery.

EAST END AFFAIRS.

Miss Nora Schroy, of Railroad street, was called to Washingtonville yesterday evening by the death of her uncle, Reuben Tayor, a highly respected citizen of that town.

The 5-weeks-old twin boys of Mr. and Mrs. D. F. White, of Railroad street, have been very dangerously ill for the past few days. They were reported a little better this morning.

Miss Ethel McKane, of Ohio avenue, has resigned her position as stenographer at the National pottery on account of ill health. She rendered excellent service and her resignation is much regretted by the firm.

There was a big crowd at the dance of the Nonpareil club at Larkins & Ferguson's hall last night all had a good time. The Boston club will give a dance in the hall tonight.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

All Run Down!

Blood Wine Will Revive You

If the blood is thin, watery, sluggish and diseased the whole system is literally starved. If our blood does not contain the proper stimulant, our heart, lungs, kidneys—all vital organs suffer. People do not have disease if the blood is good, neither do they get all tired out, languid, have poor appetite, sleeplessness, fret, worry, lose flesh, and decline. "Blood Wine" makes people strong when they are all run down. It gives them endurance, courage, vitality, reasoning powers—health. It does it quickly and positively because of its amazing action upon the blood. Read this from Margaret Fitzgerald, of 20 Amory Street, Manchester, N. H.:

"I was all run down; so bad in fact that I had nervous prostration. Could not eat, sleep, or scarcely think. I dragged around more dead than alive, I had heard of the good results of 'Blood Wine' and commenced taking it. I felt splendidly after one bottle. I continued it until it cured me entirely. It built me up and strengthened me. I heartily endorse it."

You'll gain under "Blood Wine" from the beginning. You can do more work, do it better, easier, and more cheerfully, and at night have some strength left. Write the Louis Daudelin Co., Worcester, Mass., for a free blood test under a microscope. Fifty cents.

For sale by Will Reed, Hodson's Drug Store, A. H. Bulger and C. G. Anderson.

It begins to look as if we might soon see work begin on the long-promised trolley line to Lisbon. Certainly there will be no disposition on the part of public spirited citizens to do anything except to encourage the enterprise which Gen. Asa W. Jones and his associates are so zealously promoting. A street railway across the county will add many thousand dollars to the value of the real estate along the line besides being a public convenience the magnitude of which can only be appreciated by those who have been compelled to journey overland to the county seat or to travel 60 odd miles through two states and over three lines of railroad to reach the court house. The street railway will be a good thing for the farmers and a good thing for East Liverpool, Lisbon and Youngstown and every town between. Push it along!

Earnest effort to put the new code into effect properly and put men into office who can be trusted to work for the people's interests instead of their own are now in order. Good government is possible under almost any sort of code, but to secure it the people have got to interest themselves in the question. The Nash code has many excellent points, and if any city administration is a failure under it, it will not be hard to locate the responsibility. But no community can expect wonders or even reforms that does not put its best men in office.

The National W. C. T. U. decided to hold its next national convention in Milwaukee and is now in a dilemma. Milwaukee has plenty of large public halls, but none of them that could accommodate the big temperance meeting it without a bar. It begins to look as if the W. C. T. U. would have to go back to first principles and fight the demon drink in a barroom or abandon Milwaukee to the enemy.

"In my judgment, violence never contributed to the success of a strike, because it loses for those on strike the sentiment of the public." These are the words of John Mitchell, president of the American Mine Workers. They deserve to be written large in golden letters and studied by the men who think clubs and pistols are the weapons with which to fight labor's battles.

St. Clair township is setting an example to East Liverpool and Wellsville in the matter of an improved public road. If there is a spot in the universe where a good highway is needed it embraces the four miles between these two cities.

There is still an excellent opportunity for the investment of home capital in home enterprises. For instance an up-to-date hotel and an up-to-date opera house might be got ready for next season in this city.

Lieutenant Governor Tillman, of South Carolina, headed a lynching party the other day, thus upholding the traditions of the family.

General Charles H. Grosvenor says that Cannon has the votes to elect himself speaker and will win. It begins to look that way, but results might have been different had Ohio got in the field earlier and done some hustling.

More English mechanics and workmen are making a tour of this country to get at the secret of our industrial enterprise and success. It all lies in brains, grit and gumption. Please make a note of that, gentlemen.

When there is nothing else to occupy the attention of our army, it is always easy to get up a bit of war over the canteen question.

Unfortunate Guatemala! When the revolutionists are not in eruption the volcanoes are, and peace and quiet are unknown.

The Alliance Review man has paid his grocer's bill and notes the fact in his paper as if it were an unusual occurrence.

A Chicago church is to have a fully equipped brass band. Chicago can't get along without noise, even in its worship.

Chicago proposes to get rid of railroad grade crossings. That city may actually become progressive in time.

Fall divorce suits are of the same old pattern. The shorter they are the better the wearers are pleased.

A Republican plurality in excess of 90,000 is not bad for an "off year" in Ohio.

OBITUARY

Mrs. Thomas Richie.

Lisbon, November 20.—(Special.)—Mrs. R. T. Hyde, of Lisbon, has received word of the death of her daughter, Mrs. Thomas Richie, aged 50, which occurred in Colorado Monday evening after an illness of a year with consumption. Mrs. Clara Hillman, a sister of the deceased, who lives in Pittsburg, has gone to Colorado to bring the body to Ohio for burial.

HOUSE IN THE STREET

Notice Given of Intent to Preempt the Thoroughfare for Private Use.

City Solicitor J. M. McGarry is the owner of a frame house which is being moved from the lower end of town to his Fourth street property. For some unaccountable reason the parties who have the contract for moving it have been delayed in their work.

Among the residents of Jefferson street, near Fifth, where the building has been standing in the center of the street for the past 10 days, the affair has become a good joke, and yesterday a number of copies of the following were received by people in that vicinity:

"Service on Jim Sikes and others. A true copy. Notice to the public:

"This street was once public property for the use of citizens in general.

"However, the land on which the house stands and back of same is hereby appropriated for private use, and notice is hereby given that if no objection is made as required by law inside of the next 60 days from this date, no redress can be obtained and I shall retain forever, or until the house falls down, full control of all land and passing privileges.

"JOHN S. SMITH, JR.,
"Solicitor.

AT THE THEATER

"Jesse James" was played to a large crowd at the Grand last night. The play for this evening is the popular American comedy drama, "The Sleeping City." It is a romance of a workingman's life and goes to show how sometimes a chain of circumstances will force a good man to the wall. The plot is laid in New York and tells a secondary story of city life and the unearthing of a gang of counterfeiters. The comedy of the play is in the hands of a purely up-to-date tramp, a policeman, a Yankee pill peddler and a giddy old maid. New specialties will fill the waits between acts, and Moore, the magician, promises some new and startling surprises in mind reading. "Nell Gwynne," the costume play, is underlined for Friday.

A complete scenic production of the military play, "Captain Herne, U. S. A.," will be mounted at the opera house next week by the Murray & Mackey Comedy company, which is attracting delighted audiences judging from the demonstrative appreciation.

The Non-Irritating Cathartic

Easy to take, easy to operate—

Hood's Pills

The specialties between the acts are very entertaining and include John J. and Florence Murray, comedy farceurs; William Burke, singer of illustrated songs; Prof. Shine's new moving pictures and the McCann family of four clever dancers and quick change artists.

It begins to look as if we might soon see work begin on the long promised trolley line to Lisbon. Certainly there will be no disposition on the part of public spirited citizens to do anything except to encourage the enterprise which Gen. Asa W. Jones and his associates are so zealously promoting. A street railway across the county will add many thousand dollars to the value of the real estate along the line besides being a public convenience the magnitude of which can only be appreciated by those who have been compelled to journey overland to the county seat or to travel 60 odd miles through two states and over three lines of railroad to reach the court house. The street railway will be a good thing for the farmers and a good thing for East Liverpool, Lisbon and Youngstown and every town between. Push it along!

Earnest effort to put the new code into effect properly and put men into office who can be trusted to work for the people's interests instead of their own are now in order. Good government is possible under almost any sort of code, but to secure it the people have got to interest themselves in the question. The Nash code has many excellent points, and if any city administration is a failure under it, it will not be hard to locate the responsibility. But no community can expect wonders or even reforms that does not put its best men in office.

The National W. C. T. U. decided to hold its next national convention in Milwaukee and is now in a dilemma. Milwaukee has plenty of large public halls, but none of them that could accommodate the big temperance meeting it without a bar. It begins to look as if the W. C. T. U. would have to go back to first principles and fight the demon drink in a barroom or abandon Milwaukee to the enemy.

"In my judgment, violence never contributed to the success of a strike, because it loses for those on strike the sentiment of the public." These are the words of John Mitchell, president of the American Mine Workers. They deserve to be written large in golden letters and studied by the men who think clubs and pistols are the weapons with which to fight labor's battles.

St. Clair township is setting an example to East Liverpool and Wellsville in the matter of an improved public road. If there is a spot in the universe where a good highway is needed it embraces the four miles between these two cities.

There is still an excellent opportunity for the investment of home capital in home enterprises. For instance an up-to-date hotel and an up-to-date opera house might be got ready for next season in this city.

Lieutenant Governor Tillman, of South Carolina, headed a lynching party the other day, thus upholding the traditions of the family.

Arrangements Completed for the Convention in This City November 30.

The executive committee of the City Sunday School association held a meeting at the Y. M. C. A. last night, and final arrangements were made for holding a convention November 30 from 2:15 to 3:45 p. m. The convention will be held in the Christian church on Broadway.

The musical program will be in charge of the choir of the Christian church, and the program, which will partake of the nature of a round table, will be conducted by the members of the association.

Three subjects have been proposed, all of which will be generally discussed. They will be opened in the following order:

"Can the East Liverpool Sunday schools be successfully graded?"—Charles Brown, of the First Baptist church.

"When and Where Should Lesson Helps Be Used?"—E. D. Moore, of the First Presbyterian church.

"The Measure of a Teacher's Responsibility—W. G. Morris, of the First Methodist Episcopal church.

After the several subjects have been opened by the above named speakers a general discussion will ensue.

Each Sunday school is asked to send at least five delegates to the convention in order to awaken interest in the proceedings, which will be of vast importance to every Sunday school worker in the city.

READY FOR PAVING

Contractor Freshwater Reported About to Start Work On Liverpool Street.

According to a statement made by Contractor E. A. Freshwater to a first ward councilman last evening, Mr. Freshwater will start tomorrow morning with the paving of Liverpool street which he has been putting off for so long, waiting upon the street car company to place its rails in the center of the street.

Everyone who is interested in this work will be pleased to see the paving started, even if it is not entirely completed before the extreme cold weather starts in.

The street railway company has now nearly completed the work of relaying its track with girder rails and placing the track in the center of the street. The old track on the side of the street has been torn up and is being carted away.

Several loads of sand have already been hauled upon the street for paving purposes and all material is now on hand ready to rush the work through.

OVERRUN WITH ORDERS

The Vulcan Brick Works Finds the Present Season Unusually Lively.

The Vulcan Brick works in the West End are flooded with orders for brick and cannot supply the demand. A force of men are kept at work night and day and the plant is turning out an average of 30,000 bricks every day.

It is usually the case that the spring months of the year are the best of the season for the brick manufacturers as they get more orders then than during any other season. The rule has been year been reversed at the Vulcan works and they are now turning out more brick than ever before.

Crowds Hear Temperance Talk.

Another of Dr. Tracy's first class lectures was given last evening at the Cooper opera house. The subject was "The Mississippi of Intemperance." The usual large crowds were present and thoroughly appreciated all that was said. Another lecture, of the same order will be given this evening. Subject, "Bitters Creek and Beer River." Excellent music was furnished last evening. Dr. Tracy will take for his subject tomorrow evening, "Ten Nights in a Bar Room." He will illustrate the book with his stereopticon apparatus.

Bumble Bee Club Met.

The Ladies' Fancy Work club, better known as the "Bumble Bee Club," was very pleasantly entertained yesterday afternoon between the hours of 2 and 5 o'clock at the home of Miss Mary Bruner, on Front street. Local topics of interest were discussed during the afternoon and light refreshments were served shortly after 5 o'clock. Those who were present were Misses Grace MacGregor, Grace Parke, Ola Cope, Margaret Lindsey, Bessie McLean, Edith Mannist and Miss Bruner.

Took the Pledge Voluntarily.

A man named Young, an employe of Contractors Neeley and Park, who have the contract for building the bridges for the double tracking of the C. & P. road, and who was arrested Tuesday evening by Chief Houser, charged with being drunk and disorderly, was brought before Mayor Fogo last evening, and was fined $1 and costs for his little spree. He left the mayor's office declaring that he would never against drink a drop.

Looking For a Gusher.

Well No. 1 of the Mackenzie Oil and Gas company, on the Samuel Watson farm, on Island Creek, and which was scheduled to come in this morning, did not come on account of an accident. It will not come in before some time next week. A gusher is expected.

Judge Hervey Reverses the County Court in the Wellsville Ferry Case.

A decree was entered some months ago by the county court in which Samuel Goucher was granted the privilege to run a ferry at Congo. Prior to this W. S. Johnson had been running the ferry and he brought action against the privilege of Goucher. The case was heard and argued at the June term of court and decided in favor of Johnson, but court adjourned without entering an order.

At the late term the circuit court entered an order declaring the action of the county court establishing a ferry at that point to be contrary to the statutes of West Virginia and overruling the action.

The principle of law in which the action of the county court was reversed was the failure of Goucher to secure a ferry seat in West Virginia. The decree also provided for the natural costs arising to W. S. Johnston.

Surprised a Young Couple.

A large number of the young friends of Mr. and Mrs. John Stevens gave them a surprise party last night at the home of Mr. and Mrs. R. G. Stewart, Grant district. Mr. and Mrs. Stevens gave them a cordial reception and did all she could to make the evening a pleasant one for their unexpected company. Music and games were indulged in until a late hour.

Two Licensed Ministers.

An article which appeared in a local paper stated that Rev. E. C. Lindsay was the only minister in Chester authorized to perform the marriage ceremony. This is incorrect, as Rev. W. B. Gillis holds a license and has performed the duty a number of times in his pastorate here.

Still They Come.

Mr. Sherman, a Poe district farmer, has decided to come to Chester. He will have a sale of his personal property December 2.

FOR THE SUNDAY SCHOOLS

Arrangements Completed for the Convention in This City November 30.

The executive committee of the City Sunday School association held a meeting at the Y. M. C. A. last night, and final arrangements were made for holding a convention November 30 from 2:15 to 3:45 p. m. The convention will be held in the Christian church on Broadway.

The musical program will be in charge of the choir of the Christian church, and the program, which will partake of the nature of a round table, will be conducted by the members of the association.

Three subjects have been proposed, all of which will be generally discussed. They will be opened in the following order:

"Can the East Liverpool Sunday schools be successfully graded?"—Charles Brown, of the First Baptist church.

"When and Where Should Lesson Helps Be Used?"—E. D. Moore, of the First Presbyterian church.

"The Measure of a Teacher's Responsibility—W. G. Morris, of the First Methodist Episcopal church.

After the several subjects have been opened by the above named speakers a general discussion will ensue.

Each Sunday school is asked to send at least five delegates to the convention in order to awaken interest in the proceedings, which will be of vast importance to every Sunday school worker in the city.

READY FOR PAVING

Contractor Freshwater Reported About to Start Work On Liverpool Street.

According to a statement made by Contractor E. A. Freshwater to a first ward councilman last evening, Mr. Freshwater will start tomorrow morning with the paving of Liverpool street which he has been putting off for so long, waiting upon the street car company to place its rails in the center of the street.

Everyone who is interested in this work will be pleased to see the paving started, even if it is not entirely completed before the extreme cold weather starts in.

The street railway company has now nearly completed the work of relaying its track with girder rails and placing the track in the center of the street. The old track on the side of the street has been torn up and is being carted away.

Several loads of sand have already been hauled upon the street for paving purposes and all material is now on hand ready to rush the work through.

OVERRUN WITH ORDERS

The Vulcan Brick Works Finds the Present Season Unusually Lively.

The Vulcan Brick works in the West End are flooded with orders for brick and cannot supply the demand. A force of men are kept at work night and day and the plant is turning out an average of 30,000 bricks every day.

It is usually the case that the spring months of the year are the best of the season for the brick manufacturers as they get more orders then than during any other season. The rule has been year been reversed at the Vulcan works and they are now turning out more brick than ever before.

Crowds Hear Temperance Talk.

Another of Dr. Tracy's first class lectures was given last evening at the Cooper opera house. The subject was "The Mississippi of Intemperance." The usual large crowds were present and thoroughly appreciated all that was said. Another lecture, of the same order will be given this evening. Subject, "Bitters Creek and Beer River." Excellent music was furnished last evening. Dr. Tracy will take for his subject tomorrow evening, "Ten Nights in a Bar Room." He will illustrate the book with his stereopticon apparatus.

Bumble Bee Club Met.

The Ladies' Fancy Work club, better known as the "Bumble Bee Club," was very pleasantly entertained yesterday afternoon between the hours of 2 and 5 o'clock at the home of Miss Mary Bruner, on Front street. Local topics of interest were discussed during the afternoon and light refreshments were served shortly after 5 o'clock. Those who were present were Misses Grace MacGregor, Grace Parke, Ola Cope, Margaret Lindsey, Bessie McLean, Edith Mannist and Miss Bruner.

Took the Pledge Voluntarily.

A man named Young, an employe of Contractors Neeley and Park, who have the contract for building the bridges for the double tracking of the C. & P. road, and who was arrested Tuesday evening by Chief Houser, charged with being drunk and disorderly, was brought before Mayor Fogo last evening, and was fined $1 and costs for his little spree. He left the mayor's office declaring that he would never against drink a drop.

Looking For a Gusher.

Well No. 1 of the Mackenzie Oil and Gas company, on the Samuel Watson farm, on Island Creek, and which was scheduled to come in this morning, did not come on account of an accident. It will not come in before some time next week. A gusher is expected.

Horse Authorities Nowhere See a Faster Animal Than Cresceus.

Horse authorities agree that the successor to Cresceus is not now in sight. John A. McKerron and Major Delmar are ranked next in merit to George Ketcham's great chestnut horse, but even H. K. Devereux, McKerron's owner, entertains no idea that his horse is more than a 2:04 performer, while Major Delmar has still so wide a margin to make up that it is wild speculation to count upon him to travel faster than 2:04¼. His present mark is 2:05½.

While it is comparatively easy, nowadays, to jump into the 2:10 list or to reduce a 2:10 record, the task is strenuous when it comes to cutting down the seconds below 2:06.

The difference between Cresceus, 2:02¼, and Major Delmar, 2:05½, is best illustrated by the statement that, with each horse traveling a mile at his present record speed, Cresceus would finish the mile with Delmar 140¼ feet away. To increase his speed to the point where he could cut down that distance to nothing, and then nose out victory, is so remarkable a task that horsemen may well doubt Delmar's ability to do the trick.

A ONE-SIDED GAME

West Virginia University Team Beaten With Ease by W. & J. College Boys.

The West Virginia university foot ball team, with which Alex W. Stevenson, of this city, played, met a disastrous defeat yesterday at Washington, Pa., when it bucked against the W. & J. college aggregation. From start to finish the game was one-sided and finally ended by a score of 23 to 0.

George Y. Travis and Josiah T. Herbert were enthusiastic witnesses of the contest. They wore the university colors, and it is said narrowly escaped a fracas with the rooters of the W. & J. team.

To Play at Chester.

The Chester Tin Plate foot ball team will engage the Wellsville Brunos Saturday afternoon at 3:30 o'clock at Rock Springs park. The Oakland Athletic club defeated the Wellsville team last Saturday. Coach Dunn is training the mill boys each evening for Saturday's game. These lads challenge any team in the state at 125 pounds.

A Good Game Promised.

The Sixth street Stars and the California Hollows, two local foot ball teams, will play a game at Rock Springs park on Saturday afternoon. In point of weight, team work and general knowledge of the game, the clubs are pretty evenly matched, and a warm contest is looked for.

PHOTOGRAPHERS' SHOW

Interesting Exhibit by Amateurs to Open at Carnegie Library Monday.

Beginning Monday, November 24, the East Liverpool Amateur Photography society will commence its exhibit at the Carnegie library. The east room of the building has been selected for the purpose, and it will be open during the afternoon and evening the entire week. The exhibit will cover the original work of each member.

Following are the names of the members of the society: C. L. Gray, J. P. Harrington, J. B. Gotham, M. C. Wright, H. Homer Knowles, Homer J. Taylor, Robert Parker, John A. Nagle, John Fowler, A. Mountford, Dr. C. H. Birkett, A. H. Bulger, S. T. Herbert, Charles E. Macrum, W. H. Phillips.

Order of Sale Granted.

Lisbon, November 20.—(Special.)—William Swartz, as guardian of John Russell, a minor of Wellsville, was given an order of sale today for an interest in a Wellsville lot which belongs to his ward. The property will be appraised by J. C. Catlett, Homer C. Wells and W. A. Lowry.

THE WATER CURE

For the Liquor Habit—For Information Go to Mingo Junction.

Potter spring, at Mingo Junction, has been a famous spring for one hundred and fifty years. It has qualities no other spring on the globe possesses, and temperance organizations recommend the use of its water. This quality in substance is that the use of the water will destroy all desire for liquor, and many old topers have effectually vanquished their "snakes" there. It leaves no bad effects afterwards.

A distillery once flourished near the spring, but the spring put it out of business. The Mingoes, who were wandering Seneca Indians, had a camp there, and they knew of the qualities of the water to destroy the effects of firewater and used it, and its fame spread to other Indians, who visited the spring while hunting or raiding.

Washington partook of it on his way down the Ohio river, and noted its peculiar effects upon the system. The water is of such excellent quality, and its effects on men who drink such, that the National Steel company has water carried to its empleyes in the mill there, and the percentage of drinking is on the decrease. In all these years the spring has never run dry.

BRAVE TELEPHONE GIRL

Sends In a Patrol Call And Has a Night Prowler Ejected at Alliance.

Miss Nettie Langstaff, of Salem, who is now acting as night operator at the exchange of the Stark County Telephone Co., at Alliance, had an unpleasant experience on both Friday and Saturday nights. Miss Langstaff is on duty alone at nights, and at 11 o'clock Friday night heard some person come up the stairs, turn the door knob and try some keys in the door. As the noise abated she paid no further attention.

At 11:30 o'clock on Saturday night she was sitting at the toll board and was startled by hearing a cough behind the switchboard. She at once called in the patrol station and two officers were sent down. When they arrived no one could be found, but a ladder and an open window into one of the rooms showed where the prowler had entered. In appreciation of her bravery in calling the police and not running away from the office, the manager of the telephone company presented Miss Langstaff with a $5 gold piece.

GRANTED A DIVORCE

Mrs. Ina Phillips, of This City, Gets Legal Separation From Her Husband.

Lisbon, November 20.—(Special.)—Ina Phillips, of East Liverpool, was granted a divorce from David Phillips, on the ground of wilful absence. The defendant left his home about four years ago, and provided nothing since. They were married in 1893.

To to the wife was restored the name of a former husband, by whom she had a child.

COUNTY AND NEIGHBORHOOD

The Presbyterian church at Salem, will choose a pastor on November 30.

John C. Everhart, of Salem, and James C. White, of Salineville, have been placed on the pension roll, each to receive $24 a month.

Constable Cash Johnson, of Salem, went to Mrs. Emma McKinnon's home to replevin goods. She became angry and locked him in for an hour.

Nicholas Zimmerman, aged 70, a musician who recently returned from the county infirmary, was killed by a Cleveland & Pittsburg passenger train near Alliance.

Charles Benning, of Youngstown, shot his wife in the back and himself in the head while walking together on a Cleveland street. They are in a hospital in a serious condition.

At the golden wedding of Mr. and Mrs. W. K. Ricksecker, Hough avenue, Cleveland, Mrs. Dorothy Mead, of Twinsburg, Ohio, 92 years old, mother of Mrs. Ricksecker, was the guest of honor.

A franchise has been granted at Warren, O., for the new electric line from Middlefield to Sharon, Pa., to be built by the F. B. Morgan syndicate. It is for 50 years and specifies the road must be completed by January 1, 1904.

WEAK WOMEN.

CONSTIPATION STARTED YOUR SUFFERING, CURE IT AND YOUR AFFLICTION WILL VANISH.

Mull's Grape Tonic Cures Constipation.

When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous afflictions that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

UNIONTOWN OIL FIELD

LOOKS VERY PROMISING FOR THE FUTURE JUST NOW.

Only Duster So Far One Drilled By Martin's Ferry Parties. Other Good Wells.

Not a great deal has been heard lately from the Uniontown, Ohio, oil field, but it has a pretty good future before at unless the followers of the oil business are very far wrong in their estimates of its value as a field. When the Belmont oil company, a Martin's Ferry concern, drilled a well a few weeks ago and got a duster interest lagged in this section because most of the territory in which local people people had invested their money was near the duster and therefore became an uncertain quantity. Some got the idea from that one duster that the field was not going to be worth much, but one duster does not condemn an oil field.

The Belmont's well is the only duster in the field. Two others were reported dry, but in both a second pay was found that made them fairly good wells. The Caldwell No. 3 is a notable example of the false reports circulated. It was said to be a duster, but proved good for nearly 20 barrels daily. There are three wells on the Caldwell farm all on one line. Either side of the Caldwell No. 3 and at right angles to the one formed by the three on that farm, are two other wells, both of them better than any of the Caldwell wells. One of these is the Sharp, nearly a mile from the Caldwell, and it is the best in the pool so far. It was completed ten days ago and since being shot has increased to 75 barrels a day natural.

All the farms in that section are under lease, and in some instances bonus was paid. The United Presbyterian church owns a three-acre lot adjoining the town and a company has arranged the terms for a lease. They got a bonus of $25 down. If the first well drilled is good for 25 barrels a day an extra hundred dollars will be added to the bonus in addition to the one-eighth royalty that goes with every well. In case the company strikes gas they agree to furnish the church and parsonage with all they need free of charge.

Plans have been made for nine additional rigs besides the three already going up. These do not include nearly a dozen locations the Sistersville company owning the Sharp lease have made with the intention of drilling immediately.

LIGHT AND DARK,

Day and night, sunshine and shadow are not more different from each other than a healthful from a sickly woman. The healthful woman carries light and sunshine with her wherever she goes.

The woman who suffers from ill-health casts a shadow on her own happiness and the happiness of others. She cannot help it. Those who suffer cannot smile and sing.

Ill-health in woman is generally traceable to disease of the delicate womanly organism. Many women have been restored to happiness by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

"I feel it my duty to inform you that I had been a sufferer for many years from nervousness with all its symptoms and complications" writes Mrs O. N. Fisher of 1861 Lexington Ave., New York, N. Y. "I was constantly going to see a physician or purchasing medicine for this or that complaint as my troubles became unbearable. In the spring of 1897 my husband induced me to try Dr. Pierce's Favorite Prescription. After taking one bottle and following your advice I was so encouraged that I took five more bottles of 'Favorite Prescription' and then I did not take any more for several weeks as I felt so much better, but still I was not *completely cured*. I commenced taking it again and felt that I was improving faster than at first. I am not now cross and irritable, and I have a good color in my face; have also gained about ten pounds in weight and *one thousand of comfort*, for I am a new woman once more."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss, therefore accept no substitute.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Local Police Looking For Man Wanted In Rochester And Elsewhere For Forgery.

Andy McCort, a detective, of Rochester, Pa., has notified Chief Thompson to be on the lookout for one of the shrewdest men that ever roamed the country. He is known as H. N. Nagle, and besides being wanted at Rochester for forgery is wanted in many other cities upon similar charges. It is thought that he is in the city. His method of working when he strikes a city is to put up at a hotel and represent himself to be advertising Pe-ru-na for the Hartman Sanitarium Medicine Co., of Columbus. He makes friends about the town, gets the confidence of the landlord and tells him he has four men, four horses and two wagons coming in a few days; he then flashes a check and asks the landlord to cash it for him or identify him at the bank.

A slicker article in his line does not live. His description is: About 35 years old, five feet, 8 inches tall, weighs about 140 pounds, slender build, fair complexion, brown hair, has one gold tooth in upper front row, has other fillings in teeth, has scar about one inch long under outer corner of left eye, wears dark clothes and a stiff hat.

Detroit Congregation Refuses to Release Dr. Vincent to Youngstown.

Detroit, November 20.—Rev. William H. Vincent, pastor of the First United Presbyterian church, at Detroit, recently announced his resignation to accept a call to the newly-organized Third Presbyterian church, at Youngstown, O. He expected to begin the new pastorate next month. His congregation in Detroit almost unanimously requested him to remain, and Detroit presbytery unanimously refused to grant his release, believing that the importance of the work demanded that Dr. Vincent should remain here at present.

He is a brother of Dr. James Vincent, of Pittsburg. His father, the late Dr. George Vincent, was at one time president of Westminster college.

Tortures of Death From Headache.

Dr. Miles' Anti-Pain Pills Relieve and Cure.

"Nearly every day I suffered from severe attacks of headache. They usually began with a heavy, dull feeling soon after dinner. During these spells my head felt as though there was a tight bandage around it, my temples throbbed, I became sick at my stomach, and suffered almost the tortures of death. For two years past I have been taking Dr. Miles' Anti-Pain Pills, and have found sure and immediate relief always. By taking one in time the headache is preventedevery time."—MRS. M. E. $21,000 FOR A FARM

Big Price Paid By a Cleveland Man for Jefferson County Coal Tract.

Steubenville, November 20.—Behind the bidding on the Linton heirs' farm in Wells township on Tuesday was one bidder who was after it for the coal privilege. This man was Colonel O. C. Pinney, a Cleveland lawyer, and after he bid it as high as he wanted to go to get the coal he let it go to J. T. Foster, but notified him he wanted the coal, and it is possible Mr. Foster may let it go, as he only wanted the surface for a dairy farm.

On Tuesday Mr. Pinney closed a deal by which he secured the Mutely farm in Warren township, consisting of 670 acres from the Philadelphia heirs of the eastern nabobs who have owned the farm for scores of years. He paid $21,000 for the farm. It is a grand farm on top of the hill and as level as could be desired. By securing this Mr. Pinney gets a right of way to the river. Mr. Pinney also secured options on the Stringer and Miller farms and he has his eye on other coal territory.

It is the intention to open big coal works and develop this fine tract of coal.

ROBBED FREIGHT DEPOT

Thief Caught In the Act By a Detective Who Was In Hiding There.

As the result of shrewd work on the part of Railroad Detective Sheffler, petty thieving, which has been no uncommon occurrence around the freight depot during the past week, will be stopped temporarily, at least. The detective was told that on last Saturday a quantity of butter was stolen from a cask and that other articles had been missed. He concluded to institute a watch for the thief and yesterday afternoon was in hiding in the store room he was rewarded by the appearance of a well known young boy of this city.

The lad stealthily approached a cracker barrel and took from it a sack full. The detective followed the boy to his home and accused him of the theft and then made a search for the missing butter. He found nearly all of it stored away. Owing to the respectibility of the parents of the boy and their promise to pay for the goods stolen the detective dropped the matter and will not take further action.

TO CUT PULLMAN RATES

Traction Line to Run Sleepers, Says a Cross-County Railroad Promoter.

Out in Ohio, on the traction line between Columbus and Cincinnati, says the Pittsburg Gazette, they are arranging for a New Year's day innovation in the shape of palace sleeping cars. They will also cut in half the Pullman service rates over the Big Four, the Midland division of the Baltimore & Ohio and the Little Miami division of the Panhandle railroads.

Announcement of this was made last night at the Hotel Henry by Colonel H. R. Young, traction magnate of Ohio. The colonel declared that the patrons of the road have already so encouraged the scheme that it is certain to be a fixture from the start.

Colonel Young is a leader in a syndicate which has just incorporated the Columbiana Central Traction company to build a line from East Liverpool to Salem.

TRADES COUNCIL

HEARD REPORT ON THE STATE FEDERATION MEETING.

Other Matters of Interest Discussed By the Central Labor Body Last Night.

The meeting of Trades and Labor Council was not a well attended one last night, but considerable business was transacted and the proceedings were interesting.

Four new delegates elected from as many different locals to fill unexpired terms, were seated and Financial Secretary George B. M. Beatty made his report to November 1. It showed the finances to have been well taken care of, and that they were in first-class condition.

Delegate McConnell, who represented the council at the recent meeting of the Ohio State Federation of Labor held at Cambridge, made his report. It was detailed and comprehensive, covering the proceedings of each session in a thorough manner. In making the report Mr. McConnell gave his impressions of the state body and expressed himself as being pleased with the manner in which affairs of the state and nation are handled by it. The delegate urged that those present use their best endeavors to have the several unions of the city affiliate with the State Federation. The report was accepted.

A communication from the headquarters of the American Federation of Labor stated that the proceedings of the last convention were now ready, and it was decided to procure a copy.

In a letter from Painters' and Paperhangers' union, No. 165, the announcement was made that the firm of Martin & Hager, doing business in this city, had been placed on the unfair list.

A discussion was indulged in relative to the establishment of the cooperative store, which is being fathered by the council.

Pennsylvanians Wedded.

Lisbon, November 20.—(Special.)—Bert Denford, of Monaca, Pa., and Miss Ida Miller, of Woodlawn, Pa., were married at the M. E. church here yesterday by Rev. J. A. Ulman.

Mrs. Minnie Hammond, of North Lowrence, was arrested and fined for attacking Mrs. Mary J. Longworth and beating her with an ear of corn.

PEPSIN SYRUP CO.
Monticello, Ill.

Gentlemen.—Any person engaged in active business life is apt to become careless in regard to eating at regular hours. I found that after six years of activity in the rush of city life, I had become very irregular regarding my meals, often eating my heartiest meal late at night, after the hurry of the day was over. I soon found myself suffering with dyspepsia, which gave me many an unpleasant hour. As my health had always been perfect before, I could hardly realize that I needed attention as a sick woman. I was advised to use

Dr. Caldwell's (Laxative) Syrup Pepsin

by one of my colleagues, and I sent for a bottle, wishing to give it a trial. I am pleased to say that I found it a most efficacious remedy. Within six weeks I was well once more, and heartily endorse your medicine for stomach troubles.

HEARD REPORT ON THE STATE FEDERATION MEETING.

Other Matters of Interest Discussed By the Central Labor Body Last Night.

The meeting of Trades and Labor Council was not a well attended one last night, but considerable business was transacted and the proceedings were interesting.

Four new delegates elected from as many different locals to fill unexpired terms, were seated and Financial Secretary George B. M. Beatty made his report to November 1. It showed the finances to have been well taken care of, and that they were in first-class condition.

Delegate McConnell, who represented the council at the recent meeting of the Ohio State Federation of Labor held at Cambridge, made his report. It was detailed and comprehensive, covering the proceedings of each session in a thorough manner. In making the report Mr. McConnell gave his impressions of the state body and expressed himself as being pleased with the manner in which affairs of the state and nation are handled by it. The delegate urged that those present use their best endeavors to have the several unions of the city affiliate with the State Federation. The report was accepted.

A communication from the headquarters of the American Federation of Labor stated that the proceedings of the last convention were now ready, and it was decided to procure a copy.

In a letter from Painters' and Paperhangers' union, No. 165, the announcement was made that the firm of Martin & Hager, doing business in this city, had been placed on the unfair list.

A discussion was indulged in relative to the establishment of the co-operative store, which is being fathered by the council.

Pennsylvanians Wedded.

Lisbon, November 20.—(Special.)—Bert Denford, of Monaca, Pa., and Miss Ida Miller, of Woodlawn, Pa., were married at the M. E. church here yesterday by Rev. J. A. Ulman.

Mrs. Minnie Hammond, of North Lowrence, was arrested and fined for attacking Mrs. Mary J. Longworth and beating her with an ear of corn.

PEPSIN SYRUP CO.
Monticello, Ill.

Gentlemen.—Any person engaged in active business life is apt to become careless in regard to eating at regular hours. I found that after six years of activity in the rush of city life, I had become very irregular regarding my meals, often eating my heartiest meal late at night, after the hurry of the day was over. I soon found myself suffering with dyspepsia, which gave me many an unpleasant hour. As my health had always been perfect before, I could hardly realize that I needed attention as a sick woman. I was advised to use

Dr. Caldwell's (Laxative) Syrup Pepsin

by one of my colleagues, and I sent for a bottle, wishing to give it a trial. I am pleased to say that I found it a most efficacious remedy. Within six weeks I was well once more, and heartily endorse your medicine for stomach troubles.

Sincerely yours,
DORA JONES, 1701 Great Northern, Chicago, Ill.

Dora Jones is one of the largest writers of Women Underwriters in Chicago, and is considered to be one of the best business women in that city.

"Cured in six weeks"

It is a mild laxative and leaves no unpleasant effects. Ask your druggist.

THE RUMMAGE SALE

Hospital Benefit a Phenomenal Success—More Goods Needed.

Interest in the rummage sale being held by the ladies of the Hospital association continues, and it has created and still retains a patronage such as has never before been bestowed upon an affair of this kind.

When business closed Monday the shelves had been cleared of everything of value, and those in charge were at their wits' end to know what move to make next. Donations from every quarter have been liberal and abundant. The appeal of the ladies has been responded to in almost every case. At the same time it may be said that the patronage has far exceeded expectations, and this is responsible for the lack of stock at the headquarters.

The big supply received is now nearly exhausted, so that for the continuance of the sale it is necessary to have more goods. There are a great many who intended donating who have not yet brought their contributions to the Second street establishment, and it is urged that they do so at once.

PLEASANT CARD PARTY

Given by Miss Elva Miller at Her Home on Fifth Street Last Evening.

A most enjoyable card party was given last evening by Mrs. Elva Miller at her pleasant home on Fifth street. The affair was in honor of Miss Fannie Bowers, of Wheeling, and Miss Dora Francy, of Toronto, who are guests at the home of Mrs. Miller.

Progressive pedro was the favored game, and the evening was delightfully spent. Luncheon was served at a late hour.

Coming Wedding.

Invitations have been issued announcing the marriage of Miss Blanche Custer, of Canton, to Emmet Bigley, of Youngstown, on Thanksgiving day at high noon, at the First M. E. church, in Canton. Miss Custer is well known in this city having visited here often, and a number of East Liverpool friends will attend the wedding.

Pleasant Social Affair.

The home of Mr. and Mrs. John Anderson in the West End was the scene of a pleasant social event last evening. The guests were received with royal hospitality, and it was with regret that they departed from their host and hostess, late in the evening.

W. R. C. Inspection.

Mrs. Rachel Lee, of Lisbon, will be in the city on Friday afternoon to inspect the Woman's Relief Corps, and a large attendance is expected at the meeting. While in the city Mrs. Lee will be the guest of Mrs. A. G. Hofman, of Fifth street.

Dinner to Friends.

Mrs. Jennie Davidson gave an elaborate dinner yesterday afternoon and evening in honor of Miss Euphemia B. Huston. Only a few friends of the hostess were present.

To Give Oyster Supper.

The Ladies' Auxiliary of the Y. M. C. A. will give an oyster supper the first of December. The arrangements are not yet fully completed.

Chautauqua Circle Meeting.

The Chautauqua circle will meet tomorrow evening at the home of Mrs. C. T. Hard. The meeting will be an espcially interesting one.

Brief Notes of a Personal Nature And of Matters About Town.

Daughter Born—A daughter was born yesterday morning to Mr. and Mrs. A. Weelles, of Trentvale street.

A New Arrival—Mr. and Mrs. Roy Welsh, nee Miss Lydie Dunn, are receiving today the congratulations of friends upon the arrival of a little daughter.

Delayed Three Hours—The passenger train due in this city at 1:36 a. m. was delayed at Beaver for almost three hours this morning. A caboose attached to a freight train was derailed, and alighted in such a position as to completely block the main track.

Officers for Jr. O. U. A. M.—At the meeting of the Junior Mechanics to be held tonight the nomination of officers will take place. The names placed in nomination tonight will be voted at the first regular meeting in December. No meeting will be held on next Thursday, as it falls on Thanksgiving.

Underground System Tested — The underground system of the local department of the Bell Telephone company was tested yesterday by W. Walters, of the engineering branch of Pittsburg. He will spend several days in the city and will make a thorough inspection of the system. P. Corbitt, of the construction department of the company, is also in the city to superintend a number of improvements which the Bell company is about to inaugurate.

An Interesting Feature—Dr. M. B. Pratt, of the First M. E. church, had a question box at the mid-week prayer service, which proved a pleasant and instructive innovation. Any member had the privilege of sending in a question relating to the Sunday school and its work. The questions embraced a wide scope, and Dr. Pratt proved himself at once most versatile and scholarly by the able manner in which he answered the many interesting questions propounded.

Cuban Cigar Makers Out.

Havana, Nov. 20.—The cigar makers at all the factories went out yesterday, and it is estimated that a total of 30,000 employes are now on strike. Several demonstrations were made by the strikers and led to a few arrests, but the disturbances were not of a serious character.

Hospital Benefit a Phenomenal Success—More Goods Needed.

Interest in the rummage sale being held by the ladies of the Hospital association continues, and it has created and still retains a patronage such as has never before been bestowed upon an affair of this kind.

When business closed Monday the shelves had been cleared of everything of value, and those in charge were at their wits' end to know what move to make next. Donations from every quarter have been liberal and abundant. The appeal of the ladies has been responded to in almost every case. At the same time it may be said that the patronage has far exceeded expectations, and this is responsible for the lack of stock at the headquarters.

The big supply received is now nearly exhausted, so that for the continuance of the sale it is necessary to have more goods. There are a great many who intended donating who have not yet brought their contributions to the Second street establishment, and it is urged that they do so at once.

PLEASANT CARD PARTY

Given by Miss Elva Miller at Her Home on Fifth Street Last Evening.

A most enjoyable card party was given last evening by Mrs. Elva Miller at her pleasant home on Fifth street. The affair was in honor of Miss Fannie Bowers, of Wheeling, and Miss Dora Francy, of Toronto, who are guests at the home of Mrs. Miller.

Progressive pedro was the favored game, and the evening was delightfully spent. Luncheon was served at a late hour.

Coming Wedding.

Invitations have been issued announcing the marriage of Miss Blanche Custer, of Canton, to Emmet Bigley, of Youngstown, on Thanksgiving day at high noon, at the First M. E. church, in Canton. Miss Custer is well known in this city having visited here often, and a number of East Liverpool friends will attend the wedding.

Pleasant Social Affair.

The home of Mr. and Mrs. John Anderson in the West End was the scene of a pleasant social event last evening. The guests were received with royal hospitality, and it was with regret that they departed from their host and hostess, late in the evening.

W. R. C. Inspection.

Mrs. Rachel Lee, of Lisbon, will be in the city on Friday afternoon to inspect the Woman's Relief Corps, and a large attendance is expected at the meeting. While in the city Mrs. Lee will be the guest of Mrs. A. G. Hoffman, of Fifth street.

Dinner to Friends.

Mrs. Jennie Davidson gave an elaborate dinner yesterday afternoon and evening in honor of Miss Euphemia B. Huston. Only a few friends of the hostess were present.

To Give Oyster Supper.

The Ladies' Auxiliary of the Y. M. C. A. will give an oyster supper the first of December. The arrangements are not yet fully completed.

Chautauqua Circle Meeting.

The Chautauqua circle will meet tomorrow evening at the home of Mrs. C. T. Hard. The meeting will be an especially interesting one.

Entertaining Today.

Mrs. Harriet Metz and the Misses Metz are entertaining this afternoon at their home on Fifth street.

19TH YEAR. NO. 275. EAST LIVERPOOL, O., THURSDAY, NOVEMBER 20, 1902. TWO CENTS.

BLOOD CURDLING THREATS MADE BY THE WHITECAPS IN LETTERS READ IN COURT

Young Kelley's Damage Suit Grows More Interesting—Writing Expert Gives Sensational Testimony.

Lisbon, November 20.—(Special.)—The examination of witnesses in the Kelly-McPherson damage case continued this morning, and it is doubtful if the hearing can be concluded today. On the witness stand yesterday Sumner McPherson testified that he recognized the horse ridden by his white cap assailant on the night of his thrilling encounter a year ago as a bay mare belonging to the Kelly family. He aiso said that one of his horses died under mysterious circumstances, and that he found pieces of glass in tne animal's intestines.

The white cap letters shown in court yesterday were in many instances written on fragments of colored wrapping paper. They are either the work of an ignoramus or the well imitated production of such a mind. The spelling and punctuation, as well as the contents, are very bad. There is not much in any of the letters, but a string of the vilest oaths and epithets. They are rambling and incoherent and signed "the Unknown Boy." One tells Sumner McPherson the writer could see him burned alive and then go to perdition forever. Similar statements are made about John Clager.

In another place, referring to the throwing of some rails across the road the writer threatens to shoot and cut the hearts out of the men or any of their families who say he did it.

Another letter is headed with drawings of guns, pistols and knives and the words "We have arms." After numerous dire threats it concludes: "We are not fooling. We mean exactly what we say." These words are accompanied with drawings of two pistols being discharged.

In conversation at John McPherson's one day Howard Kelly offered to give $5 toward hiring a detective to ferret out the guilty party, but McPherson said it was no use when they already knew. He told on the stand of the wire fences having been cut and of other depredations. He also told of a letter being received by one of his neighbors in which the statement was made:

"You did not come to our assistance when our barn burned." The barn on the Kelly farm had been destroyed some months before. All tne evidence seems to indicate that the letters were written either by the Kelly boys or by some one who wished to make it appear so.

William J. Kinsley, a New York hand writing expect, testified that a comparison of the anonymous writing with Kelly's handwriting showed that all were written by the same hand.

OHIO'S CHOICE FOR SPEAKER

Will Probably Be Decided at a Meeting of Republican Representatives Today.

THE CANDIDACY OF BURTON

Depends Upon Whether He Can Receive the Solid Vote of the State Delegation—More Election — Figures—County Auditor's Meeting

From a Staff Correspondent.

Columbus, November 20.—(Special)—The Republican congressmen of Ohio are meeting in this city today to decide on whom the delegation will support for speaker of the house of representatives. If Congressman Burton, of Cleveland, can get the full vote of the delegation he will be a candidate for the place, but there are several congressmen of this state who have as good as pledged hemselves to vote for Cannon, of Illinois, so it is not likely that Burton will be able to get the solid vote. He has not declared definitely that he will be a candidae bu has inmaenriirg7890$..eaosh didate for the place but has intimated that he would be if he could get the support of all the Ohio congressmen. Congressman elect Kennedy is expected to be present.

The vote given William Kirtley, Republican candidate for member of the state board of public works, was the largest ever recorded in the state, excepting that cast for the Brough ticket during the civil war. The Prohibitionists and Socialists polled enough votes to get recognition on the state ticket next year without petition. The Prohibitionists also got enough last year to get on the ballot with recourse to this method. Laylin's plurality was 90,165, and the net Republican plurality in the congressional districts was 90,104. There was only a gain of 70 votes over the Republican vote of last year, while there was a heavy Democratic loss. The increased vote polled for the Socialistic ticket brought up the total vote.

The county auditors' association adjourned yesterday after meeting in annual session here. Auditor L. Ewing Jones, of this county, was elected president, defeating Auditor William R. Leonard, of Mahoning county, for the honor, the latter being made vice president. The board of equalization bill which may be introduced at the next session of the legislature was discussed. It provides for a continuous board of equalization and appraisement to be in session all the year except when the auditor is working on his books. There are to be four members to be elected by the people. It is intended to abolish decennial appraisers and assessors and to make it responsible for all local taxes. The auditors decided that coroner's fees should not be paid ontil approved by the coonty commissioners.

Entertained Her Friends.

Miss Maude Price entertained 18 of her young friends last evening at her home on Third street. The evening was pleasantly whiled away with cards and music, and delightful refreshments were served.

MAYOR'S DUTIES UNDER NEW CODE

He Will Have a Vast Amount of Detail Work to Look After.

AS TO HIS SUBORDINATES

He Must Keep Careful Watch And When He Finds Any of Them Going Wrong File Specific Charges With Council.

The duties that will be required of the next mayor of East Liverpool elected under the new code will not only be numerous, but in his enactment of them he will be compelled to go through with as much red tape as is necessary to have a bill passed by congress.

When he finds or has reason to believe that the head of any department or officer over whom he has jurisdiction has been guilty in the performance of his official duty of the crime of bribery, malfeasance or non-feasance he must immediately file with the council written charges against such head of department or officer, setting forth in detail a statement of the alleged crime, and serve or cause to be served at the time of the filing of the charges or as soon thereafter as possible, a true copy of such charges with the head of the department or officer against whom the charges are made. He can, however, serve the copy in person or by leaving a copy at the office of the department or officer, but he must make due return to council of such service, as is provided for the service of summons in a civil action.

The charges when so filed with council shall be for hearing at the next regular meeting of council, unless council shall extend the time for the hearing, which shall only be done on the application of the accused. The accused shall have the right to appear in person and by counsel and examine all witnesses and answer all charges against him; and the judgment or action of council shall be final, provided that it shall require two-thirds of all members elected to council to remove such officer.

With the governor of the state will rest the power to remove the mayor from his office. In case of misconduct in office, or bribery, or by any gross neglect of duty, gross immorality or habitual drunkenness of any mayor, the governor of the state shall remove him from office, upon notice and after affording to the mayor a full and fair opportunity to be heard in his defense. The proceedings for his removal are to be commenced by the governor putting on file in his office a written statement of the alleged causes for the mayor's removal, and he must cause a copy of the statement to be served on the mayor not less than ten days before the hearing of the matter. The proceedings had by the governor upon such removal are to be public and a full detailed statement of the reasons of removal be filed by the governor in the office of the secretary of state and made a matter of public record therein. The decision of the governor, when so filed, with the reasons therefor, is to be final, and pending such investigation by the governor he may suspend the mayor for a period of 30 days.

WAITED LONG AND VAINLY FOR HER PROMISED HUSBAND WHO FAILED TO APPEAR

Young Girl Who Was Going to Rochester to Be Married Finally Had to Depart Alone.

With a tear stained face and a heart trembling with anxious expectancy Myrtle French, an eighteen year old girl waited the coming of her sweetheart and promised husband, at the C. & P. station last evening. Passengers hurrying to and from the trains cast pathetic glances at her and the employes of the railroad company were greatly moved at her pitiable condition.

The girl's home is in Rochester and she had been spending the week with her sister, Mrs. Leaf, who lives on Second street, near Washington. She is the youngest daughter of Mr. and Mrs. John French, of that town, and has always lived with them, this visit being about the only time she has ever been away from home. She says her lover, Earl Garren, called on her at the home of Mrs. Leaf several times and when her father, who had grown lonesome during her absence, came here to take her home, persuaded her to remain with the promise that he would accompany her a few days later. Yesterday noon she went to the east bound train. She saw Garren at the station but says he attempted to get away from her.

She crossed the street and accosted him, however, and asked an explanation of his conduct. He pacified her, she stated, by telling her he would go with her to Rochester, if she would wait until the 4 o'clock train, and they would be married immediately upon their arrival. With this promise she returned to the home of her sister. She said Garren had also promised her that he would call on her during the afternoon, but was not seen. The girl waited until almost time for the train and when Garren failed to appear returned to the station, hoping to see him there. Then with tears she told a News Review reporter that she would go to her home and have a warrant sworn out for his arrest. She left for Rochester on the evening train.

A News Review reporter called at the home of her sister this afternoon. The facts as they were related by the girl were told and mainly confirmed. It was learned there that the young man, who is a blacksmith, has been keeping company with Miss French for about two years and that it was generally understood and often talked about that they were to be married. For quite a period Garren worked in Monaca, opposite Rochester. Mrs. Leaf stated that her sister seemed to be greatly worried but did not discuss her troubles.

RUNAWAY GIRL WAS IN THE CITY

Officers, However, Had No Power to Detain Her and She Went On.

SHE MET DISAPPOINTMENT

Detectives Met Her at Pittsburg And Her Parents Were Communicated With—Will Be Returned to Her Home in Ohio.

Joyful in anticipation of a lover's greeting, pretty Ruth Purdue, 17 years old, the daughter of a prominent business man of Canal Dover, was suddenly cast into a gloom of disappointment in Pittsburg last evening where she went for the express purpose of marrying the one whom she has loved since early childhood.

Miss Purdue passed through East Liverpool yesterday afternoon on the east bound 4 o'clock train. When the train arrived in the city, the conductor and brakeman called Officer McDermott and asked if he had received a message from Canal Dover telling him to a rrest a runaway girl known to be on this train. The officer replied in the negative and was then told that there was a young lady passenger aboard who had left her parents, ostensibly to go to Pittsburg to make an i ndependent living, hving tired of doing nothing but rest in her riches, but in reality to meet and marry her accepted lover.

The trainmen also stated that the girl's parents had become suspicious of their daughter's actions and that at Uhrichsville a telegram was received by the authorities asking them to arrest and hold her, but officers were afraid, not having a warrant and let her go on. Officer McDermott was shown the girl and he says that it has been several years since he has seen a woman so pretty. Dressed in an elegant attire of black silk, with soft blue eyes, golden hair, and fair complexion, she presented a picture serenely beautiful. And it was with a sigh that the officer stood motionless and let her continue on her journey when he felt confident that it was within his power and duty to place her under arrest.

Arriving at Pittsburg the girl stepped off the train at the Union depot and instead of being clasped to the bosom of her fiance, as she had ardently expected, she was met by Detectives Swinehart and Merritt, the first of whom greeted her by saying: "Ruth, you are too young to get married and we are going to send you home." For a few minutes in her grief she was inconsolable, but she finally realized that Cupid had cruelly met defeat and consented to abide by the will of the officers. They escorted her to the police station and her father was notified. Her intended partner for life is John Barry, 4414 Butler street, Pittsburg. He holds a nice position and is said to be an exemplary young man, but the parents of the girl will not consent to her marrying so young.

MASSILON ASYLUM

Annual Report Contains Matter of Interest to Columbiana County.

Lisbon, November 20.—(Special.)—Judeg Boone has received a report from Supt. H. C. Eyman, of the Massillon asylum, relative to Columbiana county's representation in the institution. The report is for the month ending November 15, 1902, and shows the number of inmates from this county is considerably in excess of its quota, 106; number of patients, 138; excess, 32; admitted, 5; discharged, 8; remaining, 135.

In the cases of those who are no longer inmates of the institution, the causes of removal are given as follows: Elizabeth Robson, death; Susan Huston, improved; Rebecca Van Fossen, improved; Leon Hattel, recovered; Uriah Moore, improved; D. W. Irwin, recovered; Orin Frederick, recovered; Frank Haldeman, recovered.

MANN GOES TO ASYLUM

Judge Boone Decides the East Liverpool Young Man Is Temporarily Insane.

Lisbon, November 20.—(Special.)—Samuel Mann, aged 30, of East Liverpool, who has been violently instane for several days, was brought here yesterday by Sheriff Leonard and placed in jail. At a lunacy inquest held last night Judge Boone pronounced the man insane, and application has been made for his admission to the Massillon asylum.

His insanity is thought to be only temporary and due to excessive drinking.

HE HAD ONE WIFE

And the Applicant for a Marriage License Was Promptly Turned Down.

Lisbon, November 20.—(Special.)—Thomas Bartley and Mary Knaustaff, natives of Austria, now living in Leetonia, applied for a marriage license yesterday. Judge Boone elicited the information, however, that the man had a wife living in Austria, and the license was refused.

SCHLEP SET FREE

Friends In This City Help Arrested Brewer to Pay His Fine.

John Schlep, who was taken to the Lisbon jail some days ago to answer to several charges of violations of the Beal law, was liberated today, having pleaded guilty and paid his fine. Since leaving this city when he was connected with the Crockery City Brewing Company, Mr. Schlep has been in East Palestine, where he conducted a brewery. He was fined $200 for violating the Beal law by selling beer in wholesale quantities in the local option town.

Since his incarceration it has developed that Schlep is short of funds, and when this became known in this city steps were at once taken to relieve him. Walter Olson, of the firm of Olson & Watkins spent the greater part of yesterday circulating a petition, and was successful in raising over $100 to go toward paying Mr. Schlep's obligations to this county. This amount, with what he has, will pay the fines, and Mr. Schlep is rejoicing in consequence. He was released at noon.

FOURTEEN NOW THERE

The Unlucky Thirteen at Canton Workhouse Increased by Arrival of Eiza Fotheringham.

Officer Dawson returned last evening from Canton where he turned Eiza Fotheringham over to the workhouse authorities. The officer states that the trip was uneventful, the young criminal acting in a model manner.

There are now 14 men from East Liverpool confined in the Canton workhouse, possibly a greater number than from any city in the state excepting Canton. "Zip" Farmer has gained the distrust of the officers of the institution and is now confined in a cell for working the light fingered act. Heretofore he was t he most trusted man at the works and received the little courtesies given an exemplary prisoner.

"Red" Wrench has been taught how to work and it is thought by the time he is released that he will be ready to take up some vocation other than that of vagrant.

Harvey-Thomas.

A pretty home wedding was solemnized last evening at the home of the bride's parents, 115 Norton street, the contracting parties being Miss Daisy Harvey and Mr. Harry Thomas. Rev. M. B. Pratt, of the First M. E. church, officiated.

FOLLOWED HOME BY BURLY VILLAIN

Young Lady Telephone Operator Given a Bad Scare Last Evening.

RAN WITH ALL HER SPEED

The Fellow Pursuing to the Very Door. Dashed Into the House Out of Breath Just in Time to Escape Him.

To be chased by a burly ruffian while she was en route to her boarding house was the terrifying experience of Miss May Kimes, one of the winsome and accommodating operatora of the Columbiana county telephone exchange, last evening. As a result the young lady is today suffering very much from the nervous shock.

She left the telephone exchange at about 10:30 o'clock and started out East Market street toward her home, 312 Lincoln avenue. When she reached the alley opposite the fire station she was accosted by a man who from appearances was a tramp, he being dressed in a dirty black suit and an old badly worn slouch hat.

The fellow after speaking to her and receiving no answer, unbaffled, started in pursuit. Miss Kimes was greatly scared when he spoke to her, but when she noticed that he was following, her heart began to weaken and she tried but in vain to shout for help. Her power of speech was temporarily dazed.

However, she retained the gift of walking and commenced to increase her rate of speed. At this the villain also showed an increase and by the time she had reached the foot of Lincoln avenue he was only a few feet at the rear.

Realizing that her only escape from the clutches of the brute lay in distancing him Miss Kimes put forth a strenuous effort and dashed as she had never run before up the avenue. Close at her heels the man continued, and several times was almost within her reach. Luckily her destination was not far and she bested the pursuer in the chase. The door was unlocked and she rushed in, leaving the desperate tough at the steps crestfallen and angered over his defeat. Miss Kimes came to this city recently from Alliance, and is a sister of Mrs. George Gilbert.

WITH THE WORKMEN IN THE CLAY PLANTS

FILLING ORDERS PARAMOUNT.

The paramount question at the Cartwright Bros.' pottery these days is the filling of the large number of orders for ware intended for the holiday trade. It has always been the policy of this concern to do everything in season to please its hundreds of customers and in consequence every precaution is being taken to prevent disappointments. The recent delays in freight traffic has been causing the firm some uneasiness for it is going to require the very promptest of service to transport the goods to some customers in time for them to reap the benefit of holiday buying. All the railroads seem congested with freight at this time and conditions are not likely to improve until after the holidays. The river offers no relief, as there is not enough water in the channel for even the low water boats, and it is not at all likely that there will be a good boating stage until too late for holiday shipments. Two cars of ware were shipped from the pottery warehouse yesterday and more will follow later in the week.

FROM CANONSBURG.

The jiggermen were off Tuesday on account of a shortage of boards| There is a shortage of kilnmen on the biscuit kiln.

Harry Stevens, treasurer of local union No. 51, N. B. of O. P., has departed for parts unknown to the local. It is alleged he took some of the local's money. His wife and his associates do not know where he has gone. He was sober and a good worker and was a native of Canonsburg.

The pottery seems to have all the orders it can handle at present. It is making five biscuit kilns and six glost kilns a pay. It would make six biscuit kilns but for be ing short of kilnmen.

Charles Woolf is running the jigger vacated by William Maley.

Packers are working overtime to keep up their end.

Bro. Shaffer has quit the presser's bench and taken a job as salesman for the firm.

POTTERY FOR PARKERSBURG.

Dr. H. B. Stout, Dr. W. S. Keever, and J. J. Kane, left Parkersburg for Chicago this week. The purpose of their trip is to purchase machinery for a pottery plant to be erected on their novelty farm, which is located on the south side of the little Kanawha river. The plant to be installed will be the largest in that vicinity and will have an immense daily output. It is the intention of the owners to get the new works in operation as soon as possible.

CONTINUES ILL.

The continued illness of Charles Pelley, groundlayer at the Sevres, is causing the plant serious inconvenience during this busy period and his early return to his duties is hoped for. During his absence Manager F. R. Cross, of the decorating department, is doing the groundlaying, and it is fortunate for the firm that Mr. Cross can turn his hand to this part of the work. Mr. Pelley is suffering with inflammatory rheumatism and is confined to his home on Ohio avenue.

BUSY AT VODREY'S.

The story in local newspapers concerning proposed improvements at the Vodrey pottery was not confirmed yesterday afternoon when a News Review reporter called at the offices of the company. The plant is doing an enormous business, the orders at the present time being in excess of the capacity. Decorated ware leads in demand and the gilders are compelled to work nights.

CHALLENGER DEFEATED.

The wrestling match took place as scheduled at the Sevres Saturday afternoon at 5 o'clock in the packing room. There were only four witnesses to the bout, and it was not won by the challenger. He won the first fall, but lost the succeeding three and the purse of $10 went to his opponent.

TRYING FOR PENSION.

Alfred Renicker, one of the decorating kilnmen at the Sevres, was at Lisbon yesterday to appear before the United States board of medical examiners in the matter of his application for a pension. Mr. Renicker served during the war with Spain in Company E of the Eghth Ohio volunteers.

A WISE SELECTION.

The appointment of Arthur Owen Tuesday evening by the Knights of the Goldn Eagle to be district grand chief is a deserved recognition of his worth and one better qualified for the position cannot be found in the city. Mr. Owen is a member of the kiln crew at the Standard and universally popular among the potters.

HAND INJURED.

Miss Bertha Behler, of the glost warehouse at Vodrey's, has not been at work owing to an injury to her hand sustained several days ago. Just how the injury occurred even Miss Behler does not know. The wrist seems to be badly sprained and she will not be able to work again this week.

SPENT SUNDAY HERE.

Allen Hargreaves was over from Barberton this week, having spent Sunday with his parents, Mr. and Mrs. James Hargreaves, of the East End. He is holding the responsible position of boss packer at the Barberton pottery and is giving excellent satisfaction.

BACK TO PITTSBURG.

Mr. and Mrs. William Cartwright returned to Pittsburg yesterday after spending several days in the city. The improvement in Mr. Cartwright's physical condition continues to the satisfaction of his many friends. Hereafter he will spend a portion of the week at his office at the plant.

QUITS THE BUSINESS.

Miss Pearl Huff, of the dipping department at Vodrey's, is working out her notice and on next Saturday evening will sever her relations with the company. She will leave for New Castle, Pa., to accept a situation with a telephone company.

MORE GIRLS NEEDED.

A number of additional girls will be taken on this week in the decalcomania decorating department at the Sevres. This has been found to be necessary owing to the large number of orders to be completed within the next few weeks.

NOTES OF THE POTTERS.

Charles Hayes, of the glost end at Vodrey's, has resigned his position.

Ed. Waddle, presser at the Sevres, spent Monday and Tuesday in Pittsburg.

Richard Winn and Thomas Amos, of the pressing department at the Sevres, have returned from a visit to Pittsburg.

Lewis McGill, of the glost end at Vodrey's, is unable to work owing to sickness.

Will Eckles, batterout on the seven inch jigger at the Sevres, has been off sick for several days.

Ed. Knupp has gone to the Sevres as mould runner and batterout for jiggerman Archie Putnam.

Miss Maggie Brown, of the wareroom at Vodrey's, has recently moved to Chester from First street.

Miss Helen Haley, of the decalcomania department at the Sevres, was a Pittsburg visitor Wednesday.

Miss Jennie Gray, a cutter in the decorating room at Cartwright's, is reported as among the sick.

Barney Graham, of the glost kiln crew at the Sevres, has been on the sick list for the past few days.

Cyrus Scarrat, a jiggerman at the Sevres, has been off duty several days owing to the illness of his wife.

John Wedd, jiggerman at the Sevres, has been loafing for a few days owing to the illness of his mould runner.

Miss Jeannette Smith, of the warehouse at Vodrey's, has returned from a visit with friends at Cottageville.

Miss Bertha Elliott, of the dipping department at Vodrey's, has been on the sick list for the past three or four days.

Miss Lula Spohn, who has been the guest of Miss Alice Campbell, of Vodrey's has returned to her home in New Kensington.

Miss Edna Orr, of the dcorating department at Cartwright's, has been quite ill for the past two weeks at her home on Fifth street.

Mrs. Adam Rushton, of the decalcomania department at the Sevres, has been unable to be at her work the past few days owing to the illness of her child.

Elmer McDevitt, boss warehouseman at Cartwright's, is at Lisbon today to attend the last sad rites over the body of his father, David McDevitt, who died at his home near Lisbon on Tuesday.

Col. Liggett's Funeral.

Toronto, November 20.—(Special)—The funeral of Col. John B. Liggett, manager of the Bell Telephone Co., at Toronto and New Cumberland, took place yesterday from his late residence on North Third street. An immense throng of relatives, business men and neighbors were present, and most of them followed the remains to Union cemetery. Col. Liggett was a genial, courteous gentleman and the business men of Toronto will sadly miss him. The company will have trouble in finding as good a man to fill his place.

EAST END

VERY EARNEST IN OBJECTING

EAST END PEOPLE ON THE PENNSYLVANIA AVENUE PAVING.

Cannot See the Justice of Putting the Whole Cost of the Improvement on Them.

A News Review reporter has interviewed a number of prominent East End citizens relative to the action taken by the city council on the Pennsylvania avenue assessments. They all seem to think that council has entirely misapprehended the real status of the question. One prominent man said:

"We all recognize the fact that assessment according to benefits is the true and proper system for street improvements; and, as the benefits mostly belong to those with property abutting on the street improved, the cost and expense is properly placed upon said property owners. But Pennsylvania avenue is exceptional in this that at the time the improvement was made but little or no property along its entire length could be depended on for the smallest fraction of the cost, as the property is, or was deemed of comparative little value. There was not to be found on it an improved piece of ground its entire length.

"It was simply an avenue constructed for the purpose of connecting two important parts of the city, and will anyone maintain that one end was benefited by said improvement and the other was not?"

Another had this to say: "It has often occurred that streams have divided corporations, as in the city of McKeesport, where it was necessary to connect the two portions by bridges. Has anyone ever heard of an instance of one portion of the city building such a bridge and the other portion being exempted from any responsibility?"

And another: "If any member of the council, or if anybody else has any doubts as to where the benefits lie in the Pennsylvania avenue improvement let him take a position along its line on any day of the year, more especially on some pleasant summer day favorable for driving and remain there say for one hour and then let him form his opinion. He will soon discover that the road is chiefly utilized by the city's pleasure drivers—of which the East End has but few or none—and by the business men of the city proper in delivering their goods at the East End, and to the detriment, East End business men say, of their own business. Having formed his opinion let him ask himself if it is just and fair that this portion of the city should be compelled to bear the whole cost and expense of this thoroughfare, indispensable to the whole city alike."

One of the neaviest taxpayers in the East End said: "There is another light in which to view this matter. Whatever may have been said at the time in regard to 'assessment according to benefits' when this improvement was made, no East End citizen was ever notified or at least given to understand that he, along with his neighbors, would be required to bear the whole burden of its construction. If he had so understood it he would have assumed a different attitude in regard to the same. Now that the road is completed, to say that the East End must bear the whole cost of the enterprise is as unjust as it is burdensome. Council, they think, should have let the people vote on the bond issue plan, and they are still hopeful some relief measure shall yet be finally adopted.

GRADING BELLEEK STREET

Four Hundred Foot Extension Will Be Brought Up to Railroad Grade.

The Midway Land company, owning what is known as the McKinnon property, lying south of Mulberry street, started a force of men to work this morning grading the extension of Belleek street. This extension begins at the C. & P. tracks and is about 400 feet in length. The grade was established a few days ago by the city engineer, and it will bring the street up to the level of the railroad track. At one point in the street a fill of 12 feet is necessary.

As a result of the opening up of this land for building purposes the Bell Telephone company has found it necessary to remove its two main cables to Pennsylvania avenue. To make this detour it will be necessary to cut both cables, each containing 50 pairs of wires and splice them. The change will cost the company several hundred dollars, but the work will be done in such a way as to not interfere with its service.

GOOD TIME PROMISED

Ladies' Aid Society Met Today to Perfect Arrangements for Bazaar And Rummage Sale.

The Ladies' Aid society of the Erie street M. E. church held an all-day meeting today at the home of Mrs. Sarah Dawson on St. George street and perfected the arrangements for the bazaar and rummage sale to be held in conjunction with the Young Ladies' Guild at the P. H. C. hall next Tuesday night. There was a large attendance at the meeting and the details were discussed and disposed of. It was decided to charge an admission fee of five cents to the hall and provide ice cream, cake, coffee and sandwiches for refreshments.

The young ladies have been hard at work making pieces of fancy needle work and they will be offered for sale. They also have the promise of numerous contributions to the rummage table. There will be a plentiful supply of home-made candy for sale. The proceeds will go into the carpet fund of the church.

COMMON TIME SOCIAL

Will Be Given Tonight By the Y. P. S. C. E., of the Second Presbyterian Church, East End.

An unusually good time is promised those who attend the "common time" social to be given this evening at the home of Rev. J. N. Swan, on Ohio avenue, by the Y. P. S. C. E., of the Second Presbyterian church. A new and unique divertisement will be introduced that will provide a great deal of innocent amusement and refreshments will be somewhat out of the ordinary. Each person attending is requested to bring the first photograph of himself ever taken. They will be collected and placed on a table and all will given the opportunity of guessing at the identity of the persons pictured. The one making the greatest number of correct guesses will be rewarded with a souvenir. The refreshments will be pie and coffee.

Fourteen Initiated.

Fourteen candidates were initiated into the mysteries of the Orient by Hoyt court No. 1101, in the P. H. C. hall last night and both the initiators and the initiated had a good time. The growth of this court since its installation two weeks ago is little short of the marvelous, for those taken in last night were a very small part of the number who have made application for membership. Some prominent down town citizens are to "ride the goat" at the next meeting.

A Bad Injury.

Adna White, the 18 year old son of Mr. and Mrs. D. F. White, is suffering with a painful injury sustained yesterday afternoon. He is employed at Laughlin's pottery and while going to his work stepped on a nail, which penetrated his foot for a considerable distance. Young White paid no attention to the injury for a time but it began paining him so badly that he had to go to a physician. He will not be able to work again for some time.

An Operation Necessary.

The serious illness of Milton Martin, of Helena, is alarming his many friends. Mr. Martin, who is a presser at Laughlin No. 2, has been confined to his house for a week or more and has been growing steadily worse. Today his physician, Dr. W. E. Mowen, assisted by Dr. Hendershot, will perform an operation, which it is hoped, will start him on the right road to recovery.

EAST END AFFAIRS.

Miss Nora Schroy, of Railroad street, was called to Washingtonville yesterday evening by the death of her uncle, Reuben Tayor, a highly respected citizen of that town.

The 5-weeks-old twin boys of Mr. and Mrs. D. F. White, of Railroad street, have been very dangerously ill for the past few days. They were reported a little better this morning.

Miss Ethel McKane, of Ohio avenue, has resigned her position as stenographer at the National pottery on account of ill health. She rendered excellent service and her resignation is much regretted by the firm.

There was a big crowd at the dance of the Nonpareil club at Larkins & Ferguson's hall last night all had a good time. The Boston club will give a dance in the hall tonight.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

All Run Down!
Blood Wine Will Revive You

If the blood is thin, watery, sluggish and diseased the whole system is literally starved. If our blood does not contain the proper stimulant, our heart, lungs, kidneys—all vital organs suffer. People do not have disease if the blood is good, neither do they get all tired out, languid, have poor appetite, sleeplessness, fret, worry, lose flesh, and decline. "Blood Wine" makes people strong when they are all run down. It gives them endurance, courage, vitality, reasoning powers—health. It does it quickly and positively because of its amazing action upon the blood. Read this from Margaret Fitzgerald, of 20 Amory Street, Manchester, N. H.:

"I was all run down; so bad in fact that I had nervous prostration. Could not eat, sleep, or scarcely think. I dragged around more dead than alive, I had heard of the good results of 'Blood Wine' and commenced taking it. I felt splendidly after one bottle. I continued it until it cured me entirely. It built me up and strengthened me. I heartily endorse it."

You'll gain under "Blood Wine" from the beginning. You can do more work, do it better, easier, and more cheerfully, and at night have some strength left. Write the Louis Daudelin Co., Worcester, Mass., for a free blood test under a microscope. Fifty cents.

For sale by Will Reed, Hodson's Drug Store, A. H. Bulger and C. G. Anderson.

It begins to look as if we might soon see work begin on the long-promised trolley line to Lisbon. Certainly there will be no disposition on the part of public spirited citizens to do anything except to encourage the enterprise which Gen. Asa W. Jones and his associates are so zealously promoting. A street railway across the county will add many thousand dollars to the value of the real estate along the line besides being a public convenience the magnitude of which can only be appreciated by those who have been compelled to journey overland to the county seat or to travel 60 odd miles through two states and over three lines of railroad to reach the court house. The street railway will be a good thing for the farmers and a good thing for East Liverpool, Lisbon and Youngstown and every town between. Push it along!

Earnest effort to put the new code into effect properly and put men into office who can be trusted to work for the people's interests instead of their own are now in order. Good government is possible under almost any sort of code, but to secure it the people have got to interest themselves in the question. The Nash code has many excellent points, and if any city administration is a failure under it, it will not be hard to locate the responsibility. But no community can expect wonders or even reforms that does not put its best men in office.

The National W. C. T. U. decided to hold its next national convention in Milwaukee and is now in a dilemma. Milwaukee has plenty of large public halls, but none of them that could accommodate the big temperance meeting it without a bar. It begins to look as if the W. C. T. U. would have to go back to first principles and fight the demon drink in a barroom or abandon Milwaukee to the enemy.

"In my judgment, violence never contributed to the success of a strike, because it loses for those on strike the sentiment of the public." These are the words of John Mitchell, president of the American Mine Workers. They deserve to be written large in golden letters and studied by the men who think clubs and pistols are the weapons with which to fight labor's battles.

St. Clair township is setting an example to East Liverpool and Wellsville in the matter of an improved public road. If there is a spot in the universe where a good highway is needed it embraces the four miles between these two cities.

There is still an excellent opportunity for the investment of home capital in home enterprises. For instance an up-to-date hotel and an up-to-date opera house might be got ready for next season in this city.

Lieutenant Governor Tillman, of South Carolina, headed a lynching party the other day, thus upholding the traditions of the family.

General Charles H. Grosvenor says that Cannon has the votes to elect himself speaker and will win. It begins to look that way, but results might have been different had Ohio got in the field earlier and done some hustling.

More English mechanics and workmen are making a tour of this country to get at the secret of our industrial enterprise and success. It all lies in brains, grit and gumption. Please make a note of that, gentlemen.

Mrs. Clara Hillman, a sister of the deceased, who lives in Pittsburg, has gone to Colorado to bring the body to Ohio for burial.

HOUSE IN THE STREET

Notice Given of Intent to Preempt the Thoroughfare for Private Use.

City Solicitor J. M. McGarry is the owner of a frame house which is being moved from the lower end of town to his Fourth street property. For some unaccountable reason the parties who have the contract for moving it have been delayed in their work.

Among the residents of Jefferson street, near Fifth, where the building has been standing in the center of the street for the past 10 days, the affair has become a good joke, and yesterday a number of copies of the following were received by people in that vicinity:

"Service on Jim Sikes and others. A true copy. Notice to the public:

"This street was once public property for the use of citizens in general.

"However, the land on which the house stands and back of same is hereby appropriated for private use, and notice is hereby given that if no objection is made as required by law inside of the next 60 days from this date, no redress can be obtained and I shall retain forever, or until the house falls down, full control of all land and passing privileges.

AT THE THEATER

"Jesse James" was played to a large crowd at the Grand last night. The play for this evening is the popular American comedy drama, "The Sleeping City." It is a romance of a workingman's life and goes to show how sometimes a chain of circumstances will force a good man to the wall. The plot is laid in New York and tells a secondary story of city life and the unearthing of a gang of counterfeiters. The comedy of the play is in the hands of a purely up-to-date tramp, a policeman, a Yankee pill peddler and a giddy old maid. New specialties will fill the waits between acts, and Moore, the magician, promises some new and startling surprises in mind reading. "Nell Gwynne," the costume play, is underlined for Friday.

A complete scenic production of the military play, "Captain Herne, U. S. A.," will be mounted at the opera house next week by the Murray & Mackey Comedy company, which is attracting delighted audiences judging from the demonstrative appreciation.

The Non-Irritating Cathartic

FOR THE SUNDAY SCHOOLS

Arrangements Completed for the Convention in This City November 30.

The executive committee of the City Sunday School association held a meeting at the Y. M. C. A. last night, and final arrangements were made for holding a convention November 30 from 2:15 to 3:45 p. m. The convention will be held in the Christian church on Broadway.

The musical program will be in charge of the choir of the Christian church, and the program, which will partake of the nature of a round table, will be conducted by the members of the association.

Three subjects have been proposed, all of which will be generally discussed. They will be opened in the following order:

"Can the East Liverpool Sunday schools be successfully graded?"—Charles Brown, of the First Baptist church.

"When and Where Should Lesson Helps Be Used?"—E. D. Moore, of the First Presbyterian church.

"The Measure of a Teacher's Responsibility—W. G. Morris, of the First Methodist Episcopal church.

After the several subjects have been opened by the above named speakers a general discussion will ensue.

Each Sunday school is asked to send at least five delegates to the convention in order to awaken interest in the proceedings, which will be of vast importance to every Sunday school worker in the city.

READY FOR PAVING

Contractor Freshwater Reported About to Start Work On Liverpool Street.

According to a statement made by Contractor E. A. Freshwater to a first ward councilman last evening, Mr. Freshwater will start tomorrow morning with the paving of Liverpool street which he has been putting off for so long, waiting upon the street car company to place its rails in the center of the street.

Everyone who is interested in this work will be pleased to see the paving started, even if it is not entirely completed before the extreme cold weather starts in.

The street railway company has now nearly completed the work of relaying its track with girder rails and placing the track in the center of the street. The old track on the side of the street has been torn up and is being carted away.

Several loads of sand have already been hauled upon the street for paving purposes and all material is now on hand ready to rush the work through.

OVERRUN WITH ORDERS

The Vulcan Brick Works Finds the Present Season Unusually Lively.

The Vulcan Brick works in the West End are flooded with orders for brick and cannot supply the demand. A force of men are kept at work night and day and the plant is turning out an average of 30,000 bricks every day.

It is usually the case that the spring months of the year are the best of the season for the brick manufacturers as they get more orders then than during any other season. The rule has been year been reversed at the Vulcan works and they are now turning out more brick than ever before.

Crowds Hear Temperance Talk.

Another of Dr. Tracy's first class lectures was given last evening at the Cooper opera house. The subject was "The Mississippi of Intemperance." The usual large crowds were present and thoroughly appreciated all that was said. Another lecture, of the same order will be given this evening. Subject, "Bitters Creek and Beer River." Excellent music was furnished last evening. Dr. Tracy will take for his subject tomorrow evening, "Ten Nights in a Bar Room." He will illustrate the book with his stereopticon apparatus.

Bumble Bee Club Met.

The Ladies' Fancy Work club, better known as the "Bumble Bee Club," was very pleasantly entertained yesterday afternoon between the hours of 2 and 5 o'clock at the home of Miss Mary Bruner, on Front street. Local topics of interest were discussed during the afternoon and light refreshments were served shortly after 5 o'clock. Those who were present were Misses Grace MacGregor, Grace Parke, Ola Cope, Margaret Lindsey, Bessie McLean, Edith Mannist and Miss Bruner.

Took the Pledge Voluntarily.

A man named Young, an employe of Contractors Neeley and Park, who have the contract for building the bridges for the double tracking of the C. & P. road, and who was arrested Tuesday evening by Chief Houser, charged with being drunk and disorderly, was brought before Mayor Fogo last evening, and was fined $1 and costs for his little spree. He left the mayor's office declaring that he would never against drink a drop.

Looking For a Gusher.

DECISION RENDERED

Judge Hervey Reverses the County Court in the Wellsville Ferry Case.

A decree was entered some months ago by the county court in which Samuel Goucher was granted the privilege to run a ferry at Congo. Prior to this W. S. Johnson had been running the ferry and he brought action against the privilege of Goucher. The case was heard and argued at the June term of court and decided in favor of Johnson, but court adjourned without entering an order.

At the late term the circuit court entered an order declaring the action of the county court establishing a ferry at that point to be contrary to the statutes of West Virginia and overruling the action.

The principle of law in which the action of the county court was reversed was the failure of Goucher to secure a ferry seat in West Virginia. The decree also provided for the natural costs arising to W. S. Johnston.

Surprised a Young Couple.

A large number of the young friends of Mr. and Mrs. John Stevens gave them a surprise party last night at the home of Mr. and Mrs. R. G. Stewart, Grant district. Mr. and Mrs. Stevens gave them a cordial reception and did all she could to make the evening a pleasant one for their unexpected company. Music and games were indulged in until a late hour.

Two Licensed Ministers.

NO DEMAND FOR THEM

Only 50 Cents a Piece Offered for Fine Coffins at Alliance.

Alliance, November 20.—One of the most peculiar constable sales on record was that attempted here, when 12 coffins, nice, new and upholstered, were offered for sale, and the best bid offered for the lot was $6. Bidders stood around the grim harbingers with ashen faces and shriveled hands, and, although they knew there was an immense bargain in the offering, were afraid to register a bid.

Even the chief as he attempted the public outcry had a husky voice and a wild glare in his eye. He has not been out of the house since. There was a commodity offered used by everybody, yet kept in stock by few. Why was it that only $6 was offered for a lot of 12 coffins, worth at least $300 is incomprehensible and unsolved.

REALM OF SPORTS

NOT NOW IN SICHT

Horse Authorities Nowhere See a Faster Animal Than Cresceus.

Horse authorities agree that the successor to Cresceus is not now in sight. John A. McKerron and Major Delmar are ranked next in merit to George Ketcham's great chestnut horse, but even H. K. Devereux, McKerron's owner, entertains no idea that his horse is more than a 2:04 performer, while Major Delmar has still so wide a margin to make up that it is wild speculation to count upon him to travel faster than 2:04¼. His present mark is 2:05½.

While it is comparatively easy, nowadays, to jump into the 2:10 list or to reduce a 2:10 record, the task is strenuous when it comes to cutting down the seconds below 2:06.

The difference between Cresceus, 2:02¼, and Major Delmar, 2:05½, is best illustrated by the statement that, with each horse traveling a mile at his present record speed, Cresceus would finish the mile with Delmar 140¼ feet away. To increase his speed to the point where he could cut down that distance to nothing, and then nose out victory, is so remarkable a task that horsemen may well doubt Delmar's ability to do the trick.

A ONE-SIDED GAME

West Virginia University Team Beaten With Ease by W. & J. College Boys.

The West Virginia university foot ball team, with which Alex W. Stevenson, of this city, played, met a disastrous defeat yesterday at Washington, Pa., when it bucked against the W. & J. college aggregation. From start to finish the game was one-sided and finally ended by a score of 23 to 0.

George Y. Travis and Josiah T. Herbert were enthusiastic witnesses of the contest. They wore the university colors, and it is said narrowly escaped a fracas with the rooters of the W. & J. team.

To Play at Chester.

The Chester Tin Plate foot ball team will engage the Wellsville Brunos Saturday afternoon at 3:30 o'clock at Rock Springs park. The Oakland Athletic club defeated the Wellsville team last Saturday. Coach Dunn is training the mill boys each evening for Saturday's game. These lads challenge any team in the state at 125 pounds.

A Good Game Promised.

The Sixth street Stars and the California Hollows, two local foot ball teams, will play a game at Rock Springs park on Saturday afternoon. In point of weight, team work and general knowledge of the game, the clubs are pretty evenly matched, and a warm contest is looked for.

PHOTOGRAPHERS' SHOW

Following are the names of the members of the society: C. L. Gray, J. P. Harrington, J. B. Gotham, M. C. Wright, H. Homer Knowles, Homer J. Taylor, Robert Parker, John A. Nagle, John Fowler, A. Mountford, Dr. C. H. Birkett, A. H. Bulger, S. T. Herbert, Charles E. Macrum, W. H. Phillips.

Order of Sale Granted.

Lisbon, November 20.—(Special.)—William Swartz, as guardian of John Russell, a minor of Wellsville, was given an order of sale today for an interest in a Wellsville lot which belongs to his ward. The property will be appraised by J. C. Catlett, Homer C. Wells and W. A. Lowry.

THE WATER CURE

For the Liquor Habit—For Information Go to Mingo Junction.

Potter spring, at Mingo Junction, has been a famous spring for one hundred and fifty years. It has qualities no other spring on the globe possesses, and temperance organizations recommend the use of its water. This quality in substance is that the use of the water will destroy all desire for liquor, and many old topers have effectually vanquished their "snakes" there. It leaves no bad effects afterwards.

A distillery once flourished near the spring, but the spring put it out of business. The Mingoes, who were wandering Seneca Indians, had a camp there, and they knew of the qualities of the water to destroy the effects of firewater and used it, and its fame spread to other Indians, who visited the spring while hunting or raiding.

Washington partook of it on his way down the Ohio river, and noted its peculiar effects upon the system. The water is of such excellent quality, and its effects on men who drink such, that the National Steel company has water carried to its empleyes in the mill there, and the percentage of drinking is on the decrease. In all these years the spring has never run dry.

BRAVE TELEPHONE GIRL

Sends In a Patrol Call And Has a Night Prowler Ejected at Alliance.

Miss Nettie Langstaff, of Salem, who is now acting as night operator at the exchange of the Stark County Telephone Co., at Alliance, had an unpleasant experience on both Friday and Saturday nights. Miss Langstaff is on duty alone at nights, and at 11 o'clock Friday night heard some person come up the stairs, turn the door knob and try some keys in the door. As the noise abated she paid no further attention.

At 11:30 o'clock on Saturday night she was sitting at the toll board and was startled by hearing a cough behind the switchboard. She at once called in the patrol station and two officers were sent down. When they arrived no one could be found, but a ladder and an open window into one of the rooms showed where the prowler had entered. In appreciation of her bravery in calling the police and not running away from the office, the manager of the telephone company presented Miss Langstaff with a $5 gold piece.

GRANTED A DIVORCE

Mrs. Ina Phillips, of This City, Gets Legal Separation From Her Husband.

Lisbon, November 20.—(Special.)—Ina Phillips, of East Liverpool, was granted a divorce from David Phillips, on the ground of wilful absence. The defendant left his home about four years ago, and provided nothing since. They were married in 1893.

To to the wife was restored the name of a former husband, by whom she had a child.

COUNTY AND NEIGHBORHOOD

The Presbyterian church at Salem, will choose a pastor on November 30.

John C. Everhart, of Salem, and James C. White, of Salineville, have been placed on the pension roll, each to receive $24 a month.

Constable Cash Johnson, of Salem, went to Mrs. Emma McKinnon's home to replevin goods. She became angry and locked him in for an hour.

Nicholas Zimmerman, aged 70, a musician who recently returned from the county infirmary, was killed by a Cleveland & Pittsburg passenger train near Alliance.

Charles Benning, of Youngstown, shot his wife in the back and himself in the head while walking together on a Cleveland street. They are in a hospital in a serious condition.

At the golden wedding of Mr. and Mrs. W. K. Ricksecker, Hough avenue, Cleveland, Mrs. Dorothy Mead, of Twinsburg, Ohio, 92 years old, mother of Mrs. Ricksecker, was the guest of honor.

A franchise has been granted at Warren, O., for the new electric line from Middlefield to Sharon, Pa., to be built by the F. B. Morgan syndicate. It is for 50 years and specifies the road must be completed by January 1, 1904.

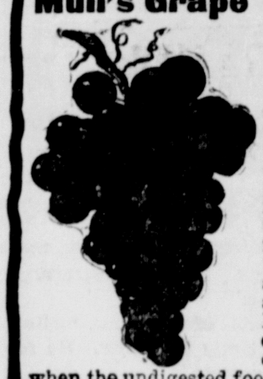
WEAK WOMEN.
CONSTIPATION STARTED YOUR SUFFERING, CURE IT AND YOUR AFFLICTION WILL VANISH.
Mull's Grape Tonic Cures Constipation.



When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous afflictions that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

UNIONTOWN OIL FIELD

LOOKS VERY PROMISING FOR THE FUTURE JUST NOW.

Only Duster So Far One Drilled By Martin's Ferry Parties. Other Good Wells.

Not a great deal has been heard lately from the Uniontown, Ohio, oil field, but it has a pretty good future before at unless the followers of the oil business are very far wrong in their estimates of its value as a field. When the Belmont oil company, a Martin's Ferry concern, drilled a well a few weeks ago and got a duster interest lagged in this section because most of the territory in which local people people had invested their money was near the duster and therefore became an uncertain quantity. Some got the idea from that one duster that the field was not going to be worth much, but one duster does not condemn an oil field.

The Belmont's well is the only duster in the field. Two others were reported dry, but in both a second pay was found that made them fairly good wells. The Caldwell No. 3 is a notable example of the false reports circulated. It was said to be a duster, but proved good for nearly 20 barrels daily. There are three wells on the Caldwell farm all on one line. Either side of the Caldwell No. 3 and at right angles to the one formed by the three on that farm, are two other wells, both of them better than any of the Caldwell wells. One of these is the Sharp, nearly a mile from the Caldwell, and it is the best in the pool so far. It was completed ten days ago and since being shot has increased to 75 barrels a day natural.

All the farms in that section are under lease, and in some instances bonus was paid. The United Presbyterian church owns a three-acre lot adjoining the town and a company has arranged the terms for a lease. They got a bonus of $25 down. If the first well drilled is good for 25 barrels a day an extra hundred dollars will be added to the bonus in addition to the one-eighth royalty that goes with every well. In case the company strikes gas they agree to furnish the church and parsonage with all they need free of charge.

Plans have been made for nine additional rigs besides the three already going up. These do not include nearly a dozen locations the Sistersville company owning the Sharp lease have made with the intention of drilling immediately.

LIGHT AND DARK,

Day and night, sunshine and shadow are not more different from each other than a healthful from a sickly woman. The healthful woman carries light and sunshine with her wherever she goes.

The woman who suffers from ill-health casts a shadow on her own happiness and the happiness of others. She cannot help it. Those who suffer cannot smile and sing.

Ill-health in woman is generally traceable to disease of the delicate womanly organism. Many women have been restored to happiness by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

"I feel it my duty to inform you that I had been a sufferer for many years from nervousness with all its symptoms and complications" writes Mrs O. N. Fisher, of 1861 Lexington Ave., New York, N. Y. "I was constantly going to see a physician or purchasing medicine for this or that complaint as my troubles became unbearable. In the spring of 1897 my husband induced me to try Dr. Pierce's Favorite Prescription. After taking one bottle and following your advice I was so encouraged that I took five more bottles of 'Favorite Prescription' and then I did not take any more for several weeks as I felt so much better, but still I was not *completely cured*. I commenced taking it again and felt that I was improving faster than at first. I am not now cross and irritable, and I have a good color in my face; have also gained about ten pounds in weight and *one thousand of comfort*, for I am a new woman once more."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss, therefore accept no substitute.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

A SMOOTH ARTICLE

Local Police Looking For Man Wanted In Rochester And Elsewhere For Forgery.

Andy McCort, a detective, of Rochester, Pa., has notified Chief Thompson to be on the lookout for one of the shrewdest men that ever roamed the country. He is known as H. N. Nagle, and besides being wanted at Rochester for forgery is wanted in many other cities upon similar charges. It is thought that he is in the city. His method of working when he strikes a city is to put up at a hotel and represent himself to be advertising Pe-ru-na for the Hartman Sanitarium Medicine Co., of Columbus. He makes friends about the town, gets the confidence of the landlord and tells him he has four men, four horses and two wagons coming in a few days; he then flashes a check and asks the landlord to cash it for him or identify him at the bank.

A slicker article in his line does not live. His description is: About 35 years old, five feet, 8 inches tall, weighs about 140 pounds, slender build, fair complexion, brown hair, has one gold tooth in upper front row, has other fillings in teeth, has scar about one inch long under outer corner of left eye, wears dark clothes and a stiff hat.

Detroit Congregation Refuses to Release Dr. Vincent to Youngstown.

Detroit, November 20.—Rev. William H. Vincent, pastor of the First United Presbyterian church, at Detroit, recently announced his resignation to accept a call to the newly-organized Third Presbyterian church, at Youngstown, O. He expected to begin the new pastorate next month. His congregation in Detroit almost unanimously requested him to remain, and Detroit presbytery unanimously refused to grant his release, believing that the importance of the work demanded that Dr. Vincent should remain here at present.

He is a brother of Dr. James Vincent, of Pittsburg. His father, the late Dr. George Vincent, was at one time president of Westminster college.

Heavy

Dull Feeling After Dinner.

Tortures of Death From Headache.

Dr. Miles' Anti-Pain Pills Relieve and Cure.

"Nearly every day I suffered from severe attacks of headache. They usually began with a heavy, dull feeling soon after dinner. During these spells my head felt as though there was a tight bandage around it, my temples throbbed, I became sick at my stomach, and suffered almost the tortures of death. For two years past I have been taking Dr. Miles' Anti-Pain Pills, and have found sure and immediate relief always. By taking one in time the headache is prevented every time." —MRS. M. E. NOBLE, Garfield, Wash.

"Dr. Miles' Anti-Pain Pills are all right. I can recommend them very highly to anyone who needs a remedy for headache, neuralgia, or pain of any kind. My health is not very good, and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills I do not suffer from them as I used to. They never fail to give relief in a few minutes, and if taken promptly upon the approach of a headache will prevent an attack from coming on."—MRS. WM. PEDRICK, Gloversville, N. Y.

"Dr. Miles' Pain Pills grow in favor with me every day; for, whereas, I used to have sick headache once a week, sure, can say that I do not have it any more at all. I never had anything cure me of sick headache before."—CLAUDE TUCKER, Wallace, N. Y.

$21,000 FOR A FARM

Big Price Paid By a Cleveland Man for Jefferson County Coal Tract.

Steubenville, November 20.—Behind the bidding on the Linton heirs' farm in Wells township on Tuesday was one bidder who was after it for the coal privilege. This man was Colonel O. C. Pinney, a Cleveland lawyer, and after he bid it as high as he wanted to go to get the coal he let it go to J. T. Foster, but notified him he wanted the coal, and it is possible Mr. Foster may let it go, as he only wanted the surface for a dairy farm.

On Tuesday Mr. Pinney closed a deal by which he secured the Mutely farm in Warren township, consisting of 670 acres from the Philadelphia heirs of the eastern nabobs who have owned the farm for scores of years. He paid $21,000 for the farm. It is a grand farm on top of the hill and as level as could be desired. By securing this Mr. Pinney gets a right of way to the river. Mr. Pinney also secured options on the Stringer and Miller farms and he has his eye on other coal territory.

It is the intention to open big coal works and develop this fine tract of coal.

ROBBED FREIGHT DEPOT

Thief Caught In the Act By a Detective Who Was In Hiding There.

As the result of shrewd work on the part of Railroad Detective Sheffler, petty thieving, which has been no uncommon occurrence around the freight depot during the past week, will be stopped temporarily, at least. The detective was told that on last Saturday a quantity of butter was stolen from a cask and that other articles had been missed. He concluded to institute a watch for the thief and yesterday afternoon was in hiding in the store room he was rewarded by the appearance of a well known young boy of this city.

The lad stealthily approached a cracker barrel and took from it a sack full. The detective followed the boy to his home and accused him of the theft and then made a search for the missing butter. He found nearly all of it stored away. Owing to the respectibility of the parents of the boy and their promise to pay for the goods stolen the detective dropped the matter and will not take further action.

TO CUT PULLMAN RATES

Traction Line to Run Sleepers, Says a Cross-County Railroad Promoter.

Out in Ohio, on the traction line between Columbus and Cincinnati, says the Pittsburg Gazette, they are arranging for a New Year's day innovation in the shape of palace sleeping cars. They will also cut in half the Pullman service rates over the Big Four, the Midland division of the Baltimore & Ohio and the Little Miami division of the Panhandle railroads.

Announcement of this was made last night at the Hotel Henry by Colonel H. R. Young, traction magnate of Ohio. The colonel declared that the patrons of the road have already so encouraged the scheme that it is certain to be a fixture from the start.

Colonel Young is a leader in a syndicate which has just incorporated the Columbiana Central Traction company to build a line from East Liverpool to Salem.

TRADES COUNCIL

HEARD REPORT ON THE STATE FEDERATION MEETING.

Other Matters of Interest Discussed By the Central Labor Body Last Night.

The meeting of Trades and Labor Council was not a well attended one last night, but considerable business was transacted and the proceedings were interesting.

Four new delegates elected from as many different locals to fill unexpired terms, were seated and Financial Secretary George B. M. Beatty made his report to November 1. It showed the finances to have been well taken care of, and that they were in first-class condition.

Delegate McConnell, who represented the council at the recent meeting of the Ohio State Federation of Labor held at Cambridge, made his report. It was detailed and comprehensive, covering the proceedings of each session in a thorough manner. In making the report Mr. McConnell gave his impressions of the state body and expressed himself as being pleased with the manner in which affairs of the state and nation are handled by it. The delegate urged that those present use their best endeavors to have the several unions of the city affiliate with the State Federation. The report was accepted.

A communication from the headquarters of the American Federation of Labor stated that the proceedings of the last convention were now ready, and it was decided to procure a copy.

In a letter from Painters' and Paperhangers' union, No. 165, the announcement was made that the firm of Martin & Hager, doing business in this city, had been placed on the unfair list.

A discussion was indulged in relative to the establishment of the cooperative store, which is being fathered by the council.

Pennsylvanians Wedded.

Lisbon, November 20.—(Special.)—Bert Denford, of Monaca, Pa., and Miss Ida Miller, of Woodlawn, Pa., were married at the M. E. church here yesterday by Rev. J. A. Ulman.

Mrs. Minnie Hammond, of North Lowrence, was arrested and fined for attacking Mrs. Mary J. Longworth and beating her with an ear of corn.

PEPSIN SYRUP CO.
Monticello, Ill.

Gentlemen,—Any person engaged in active business life is apt to become careless in regard to eating at regular hours. I found that after six years of activity in the rush of city life, I had become very irregular regarding my meals, often eating my heartiest meal late at night, after the hurry of the day was over. I soon found myself suffering with dyspepsia, which gave me many an unpleasant hour. As my health had always been perfect before, I could hardly realize that I needed attention as a sick woman. I was advised to use

Dr. Caldwell's (Laxative) Syrup Pepsin

by one of my colleagues, and I sent for a bottle, wishing to give it a trial. I am pleased to say that I found it a most efficacious remedy. Within six weeks I was well once more, and heartily endorse your medicine for stomach troubles.

Sincerely yours,

SOCIAL EVENTS

THE RUMMAGE SALE

Hospital Benefit a Phenomenal Success—More Goods Needed.

Interest in the rummage sale being held by the ladies of the Hospital association continues, and it has created and still retains a patronage such as has never before been bestowed upon an affair of this kind.

When business closed Monday the shelves had been cleared of everything of value, and those in charge were at their wits' end to know what move to make next. Donations from every quarter have been liberal and abundant. The appeal of the ladies has been responded to in almost every case. At the same time it may be said that the patronage has far exceeded expectations, and this is responsible for the lack of stock at the headquarters.

The big supply received is now nearly exhausted, so that for the continuance of the sale it is necessary to have more goods. There are a great many who intended donating who have not yet brought their contributions to the Second street establishment, and it is urged that they do so at once.

PLEASANT CARD PARTY

Given by Miss Elva Miller at Her Home on Fifth Street Last Evening.

A most enjoyable card party was given last evening by Mrs. Elva Miller at her pleasant home on Fifth street. The affair was in honor of Miss Fannie Bowers, of Wheeling, and Miss Dora Francy, of Toronto, who are guests at the home of Mrs. Miller.

Progressive pedro was the favored game, and the evening was delightfully spent. Luncheon was served at a late hour.

Coming Wedding.

Invitations have been issued announcing the marriage of Miss Blanche Custer, of Canton, to Emmet Bigley, of Youngstown, on Thanksgiving day at high noon, at the First M. E. church, in Canton. Miss Custer is well known in this city having visited here often, and a number of East Liverpool friends will attend the wedding.

Pleasant Social Affair.

The home of Mr. and Mrs. John Anderson in the West End was the scene of a pleasant social event last evening. The guests were received with royal hospitality, and it was with regret that they departed from their host and hostess, late in the evening.

W. R. C. Inspection.

Mrs. Rachel Lee, of Lisbon, will be in the city on Friday afternoon to inspect the Woman's Relief Corps, and a large attendance is expected at the meeting. While in the city Mrs. Lee will be the guest of Mrs. A. C. Hofman, of Fifth street.

Dinner to Friends.

Mrs. Jennie Davidson gave an elaborate dinner yesterday afternoon and evening in honor of Miss Euphemia B. Huston. Only a few friends of the hostess were present.

To Give Oyster Supper.

The Ladies' Auxiliary of the Y. M. C. A. will give an oyster supper the first of December. The arrangements are not yet fully completed.

Chautauqua Circle Meeting.

The Chautauqua circle will meet tomorrow evening at the home of Mrs. C. T. Hard. The meeting will be an espcially interesting one.

Entertaining Today.

Mrs. Harriet Metz and the Misses Metz are entertaining this afternoon at their home on Fifth street.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Daughter Born—A daughter was born yesterday morning to Mr. and Mrs. A. Weelles, of Trentvale street.

A New Arrival—Mr. and Mrs. Roy Welsh, nee Miss Lydie Dunn, are receiving today the congratulations of friends upon the arrival of a little daughter.

Delayed Three Hours—The passenger train due in this city at 1:36 a. m. was delayed at Beaver for almost three hours this morning. A caboose attached to a freight train was derailed, and alighted in such a position as to completely block the main track.

Officers for Jr. O. U. A. M.—At the meeting of the Junior Mechanics to be held tonight the nomination of officers will take place. The names placed in nomination tonight will be voted at the first regular meeting in December. No meeting will be held on next Thursday, as it falls on Thanksgiving.

Underground System Tested — The underground system of the local department of the Bell Telephone company was tested yesterday by W. Walters, of the engineering branch of Pittsburg. He will spend several days in the city and will make a thorough inspection of the system. P. Corbitt, of the construction department of the company, is also in the city to superintend a number of improvements which the Bell company is about to inaugurate.

An Interesting Feature—Dr. M. B. Pratt, of the First M. E. church, had a question box at the mid-week prayer service, which proved a pleasant and instructive innovation. Any member had the privilege of sending in a question relating to the Sunday school and its work. The questions embraced a wide scope, and Dr. Pratt proved himself at once most versatile and scholarly by the able manner in which he answered the many interesting questions propounded.

Cuban Cigar Makers Out.

Havana, Nov. 20.—The cigar makers at all the factories went out yesterday, and it is estimated that a total of 30,000 employes are now on strike. Several demonstrations were made by the strikers and led to a few arrests, but the disturbances were not of a serious character.

19TH YEAR. NO. 275. EAST LIVERPOOL, O., THURSDAY, NOVEMBER 20, 1902. TWO CENTS.

BLOOD CURDLING THREATS MADE BY THE WHITECAPS IN LETTERS READ IN COURT

Young Kelley's Damage Suit Grows More Interesting—Writing Expert Gives Sensational Testimony.

Lisbon, November 20.—(Special.)—The examination of witnesses in the Kelly-McPherson damage case continued this morning, and it is doubtful if the hearing can be concluded today. On the witness stand yesterday Sumner McPherson testified that he recognized the horse ridden by his white cap assailant on the night of his thrilling encounter a year ago as a bay mare belonging to the Kelly family. He also said that one of his horses died under mysterious circumstances, and that he found pieces of glass in the animal's intestines.

The white cap letters shown in court yesterday were in many instances written on fragments of colored wrapping paper. They are either the work of an ignoramus or the well imitated production of such a mind. The spelling and punctuation, as well as the contents, are very bad. There is not much in any of the letters, but a string of the vilest oaths and epithets. They are rambling and incoherent and signed "the Unknown Boy." One tells Sumner McPherson the writer could see him burned alive and then go to perdition forever. Similar statements are made about John Clager.

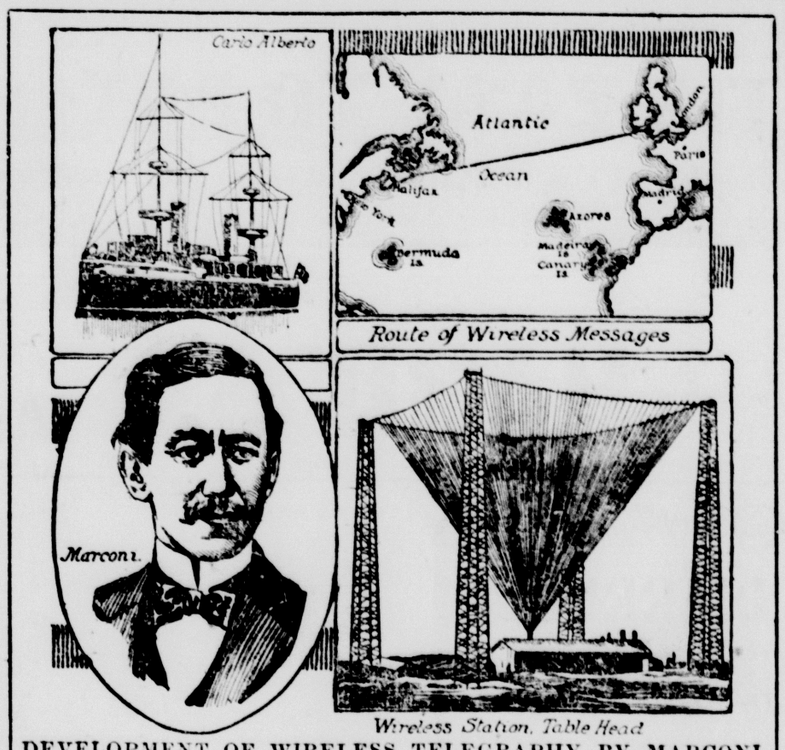
In another place, referring to the throwing of some rails across the road the writer threatens to shoot and cut the hearts out of the men or any of their families who say he did it.

Another letter is headed with drawings of guns, pistols and knives and the words "We have arms." After numerous dire threats it concludes: "We are not fooling. We mean exactly what we say." These words are accompanied with drawings of two pistols being discharged.

In conversation at John McPherson's one day Howard Kelly offered to give $5 toward hiring a detective to ferret out the guilty party, but McPherson said it was no use when they already knew. He told on the stand of the wire fences having been cut and of other depredations. He also told of a letter being received by one of his neighbors in which the statement was made:

"You did not come to our assistance when our barn burned." The barn on the Kelly farm had been destroyed some months before. All the evidence seems to indicate that the letters were written either by the Kelly boys or by some one who wished to make it appear so.

William J. Kinsley, a New York hand writing expect, testified that a comparison of the anonymous writing with Kelly's handwriting showed that all were written by the same hand.



DEVELOPMENT OF WIRELESS TELEGRAPHY BY MARCONI.

Marconi's new station at Table Head, Nova Scotia, is nearly ready for business and the inventor expects that messages will soon be crossing the Atlantic to Poldhu, Wales, through the air. The Carlo Alberto is the Italian warship loaned Marconi for experimental work by the king of Italy.

OHIO'S CHOICE FOR SPEAKER

Will Probably Be Decided at a Meeting of Republican Representatives Today.

THE CANDIDACY OF BURTON

Depends Upon Whether He Can Receive the Solid Vote of the State Delegation—More Election — Figures—County Auditor's Meeting

From a Staff Correspondent.

Columbus, November 20.—(Special)—The Republican congressmen of Ohio are meeting in this city today to decide on whom the delegation will support for speaker of the house of representatives. If Congressman Burton, of Cleveland, can get the full vote of the delegation he will be a candidate for the place, but there are several congressmen of this state who have as good as pledged hemselves to vote for Cannon, of Illinois, so it is not likely that Burton will be able to get the solid vote. He has not declared definitely that he will be a candidae bu has inmaenriirg7890$..caosh didate for the place but has intimated that he would be if he could get the support of all the Ohio congressmen. Congressman elect Kennedy is expected to be present.

The vote given William Kirtley, Republican candidate for member of the state board of public works, was the largest ever recorded in the state, excepting that cast for the Brough ticket during the civil war. The Prohibitionists and Socialists polled enough votes to get recognition on the state ticket next year without petition. The Prohibitionists also got enough last year to get on the ballot with recourse to this method. Laylin's plurality was 90,465, and the net Republican plurality in the congressional districts was 90,104. There was only a gain of 70 votes over the Republican vote of last year, while there was a heavy Democratic loss. The increased vote polled for the Socialistic ticket brought up the total vote.

The county auditors' association adjourned yesterday after meeting in annual session here. Auditor L. Ewing Jones, of this county, was elected president, defeating Auditor William R. Leonard, of Mahoning county, for the honor, the latter being made vice president. The board of equalization bill which may be introduced at the next session of the legislature was discussed. It provides for a continuous board of equalization and appraisement to be in session all the year except when the auditor is working on his books. There are to be four members to be elected by the people. It is intended to abolish decennial appraisers and assessors and to make it responsible for all local taxes. The auditors decided that coroner's fees should not be paid ontil approved by the coonty commissioners.

MAYOR'S DUTIES UNDER NEW CODE

He Will Have a Vast Amount of Detail Work to Look After.

AS TO HIS SUBORDINATES

He Must Keep Careful Watch And When He Finds Any of Them Going Wrong File Specific Charges With Council.

The duties that will be required of the next mayor of East Liverpool elected under the new code will not only be numerous, but in his enactment of them he will be compelled to go through with as much red tape as is necessary to have a bill passed by congress.

When he finds or has reason to believe that the head of any department or officer over whom he has jurisdiction has been guilty in the performance of his official duty of the crime of bribery, malfeasance or non-feasance he must immediately file with the council written charges against such head of department or officer, setting forth in detail a statement of the alleged crime, and serve or cause to be served at the time of the filing of the charges or as soon thereafter as possible, a true copy of such charges with the head of the department or officer against whom the charges are made. He can, however, serve the copy in person or by leaving a copy at the office of the department or officer, but he must make due return to council of such service, as is provided for the service of summons in a civil action.

The charges when so filed with council shall be for hearing at the next regular meeting of council, unless council shall extend the time for the hearing, which shall only be done on the application of the accused. The accused shall have the right to appear in person and by counsel and examine all witnesses and answer all charges against him; and the judgment or action of council shall be final, provided that it shall require two-thirds of all members elected to council to remove such officer.

With the governor of the state will rest the power to remove the mayor from his office. In case of misconduct in office, or bribery, or by any gross neglect of duty, gross immorality or habitual drunkenness of any mayor, the governor of the state shall remove him from office, upon notice and after affording to the mayor a full and fair opportunity to be heard in his defense. The proceedings for his removal are to be commenced by the governor putting on file in his office a written statement of the alleged causes for the mayor's removal, and he must cause a copy of the statement to be served on the mayor not less than ten days before the hearing of the matter. The proceedings had by the governor upon such removal are to be public and a full detailed statement of the reasons of removal be filed by the governor in the office of the secretary of state and made a matter of public record therein. The decision of the governor, when so filed, with the reasons therefor, is to be final, and pending such investigation by the governor he may suspend the mayor for a period of 30 days.

WAITED LONG AND VAINLY FOR HER PROMISED HUSBAND WHO FAILED TO APPEAR

Young Girl Who Was Going to Rochester to Be Married Finally Had to Depart Alone.

With a tear stained face and a heart trembling with anxious expectancy Myrtle French, an eighteen year old girl waited the coming of her sweetheart and promised husband, at the C. & P. station last evening. Passengers hurrying to and from the trains cast pathetic glances at her and the employes of the railroad company were greatly moved at her pitiable condition.

The girl's home is in Rochester and she had been spending the week with her sister, Mrs. Leaf, who lives on Second street, near Washington. She is the youngest daughter of Mr. and Mrs. John French, of that town, and has always lived with them, this visit being about the only time she has ever been away from home. She says her lover, Earl Garren, called on her at the home of Mrs. Leaf several times and when her father, who had grown lonesome during her absence, came here to take her home, persuaded her to remain with the promise that he would accompany her a few days later. Yesterday noon she went to the east bound train. She saw Garren at the station but says he attempted to get away from her.

She crossed the street and accosted him, however, and asked an explanation of his conduct. He pacified her, she stated, by telling her he would go with her to Rochester, if she would wait until the 4 o'clock train, and they would be married immediately upon their arrival. With this promise she returned to the home of her sister. She said Garren had also promised her that he would call on her during the afternoon, but was not seen. The girl waited until almost time for the train and when Garren failed to appear returned to the station, hoping to see him there. Then with tears she told a News Review reporter that she would go to her home and have a warrant sworn out for his arrest. She left for Rochester on the evening train.

A News Review reporter called at the home of her sister this afternoon. The facts as they were related by the girl were told and mainly confirmed. It was learned there that the young man, who is a blacksmith, has been keeping company with Miss French for about two years and that it was generally understood and often talked about that they were to be married. For quite a period Garren worked in Monaca, opposite Rochester. Mrs. Leaf stated that her sister seemed to be greatly worried but did not discuss her troubles.

RUNAWAY GIRL WAS IN THE CITY

Officers, However, Had No Power to Detain Her and She Went On.

SHE MET DISAPPOINTMENT

Detectives Met Her at Pittsburg And Her Parents Were Communicated With—Will Be Returned to Her Home in Ohio.

Joyful in anticipation of a lover's greeting, pretty Ruth Purdue, 17 years old, the daughter of a prominent business man of Canal Dover, was suddenly cast into a gloom of disappointment in Pittsburg last evening where she went for the express purpose of marrying the one whom she has loved since early childhood.

Miss Purdue passed through East Liverpool yesterday afternoon on the east bound 4 o'clock train. When the train arrived in the city, the conductor and brakeman called Officer McDermott and asked if he had received a message from Canal Dover telling him to a rrest a runaway girl known to be on this train. The officer replied in the negative and was then told that there was a young lady passenger aboard who had left her parents, ostensibly to go to Pittsburg to make an i ndependent living, hving tired of doing nothing but rest in her riches, but in reality to meet and marry her accepted lover.

The trainmen also stated that the girl's parents had become suspicious of their daughter's actions and that at Uhrichsville a telegram was received by the authorities asking them to arrest and hold her, but officers were afraid, not having a warrant and let her go on. Officer McDermott was shown the girl and he says that it has been several years since he has seen a woman so pretty. Dressed in an elegant attire of black silk, with soft blue eyes, golden hair, and fair complexion, she presented a picture serenely beautiful. And it was with a sigh that the officer stood motionless and let her continue on her journey when he felt confident that it was within his power and duty to place her under arrest.

Arriving at Pittsburg the girl stepped off the train at the Union depot and instead of being clasped to the bosom of her fiance, as she had ardently expected, she was met by Detectives Swinehart and Merritt, the first of whom greeted her by saying: "Ruth, you are too young to get married and we are going to send you home." For a few minutes in her grief she was inconsolable, but she finally realized that Cupid had cruelly met defeat and consented to abide by the will of the officers. They escorted her to the police station and her father was notified. Her intended partner for life is John Barry, 4414 Butler street, Pittsburg. He holds a nice position and is said to be an exemplary young man, but the parents of the girl will not consent to her marrying so young.

MASSILON ASYLUM

Annual Report Contains Matter of Interest to Columbiana County.

Lisbon, November 20.—(Special.)—Judeg Boone has received a report from Supt. H. C. Eyman, of the Massillon asylum, relative to Columbiana county's representation in the institution. The report is for the month ending November 15, 1902, and shows the number of inmates from this county is considerably in excess of its quota, 106; number of patients, 138; excess, 32; admitted, 5; discharged, 8; remaining, 135.

In the cases of those who are no longer inmates of the institution, the causes of removal are given as follows: Elizabeth Robson, death; Susan Huston, improved; Rebecca Van Fossen, improved; Leon Hattel, recovered; Uriah Moore, improved; D. W. Irwin, recovered; Orin Frederick, recovered; Frank Haldeman, recovered.

MANN GOES TO ASYLUM

Judge Boone Decides the East Liverpool Young Man Is Temporarily Insane.

Lisbon, November 20.—(Special.)—Samuel Mann, aged 30, of East Liverpool, who has been violently instane for several days, was brought here yesterday by Sheriff Leonard and placed in jail. At a lunacy inquest held last night Judge Boone pronounced the man insane, and application has been made for his admission to the Massillon asylum.

His insanity is thought to be only temporary and due to excessive drinking.

HE HAD ONE WIFE

And the Applicant for a Marriage License Was Promptly Turned Down.

Lisbon, November 20.—(Special.)—Thomas Bartley and Mary Knaustaff, natives of Austria, now living in Leetonia, applied for a marriage license yesterday. Judge Boone elicited the information, however, that the man had a wife living in Austria, and the license was refused.

SCHLEP SET FREE

Friends In This City Help Arrested Brewer to Pay His Fine.

John Schlep, who was taken to the Lisbon jail some days ago to answer to several charges of violations of the Beal law, was liberated today, having pleaded guilty and paid his fine. Since leaving this city when he was connected with the Crockery City Brewing company, Mr. Schlep has been in East Palestine, where he conducted a brewery. He was fined $200 for violating the Beal law by selling beer in wholesale quantities in the local option town.

Sinse his incarceration it has developed that Schlep is short of funds, and when this became known in this city steps were at once taken to relieve him. Walter Olson, of the firm of Olson & Watkins spent the greater part of yesterday circulating a petition, and 'was successful in raising over $100 to go toward paying Mr. Schlep's obligations to this county. This amount, with what he has, will pay the fines, and Mr. Schlep is rejoicing in consequence. He was released at noon.

FOURTEEN NOW THERE

The Unlucky Thirteen at Canton Workhouse Increased by Arrival of Elza Fotheringham.

Officer Dawson returned last evening from Canton where he turned Elza Fotheringham over to the workhouse authorities. The officer states that the trip was uneventful, the young criminal acting in a model manner.

There are now 14 men from East Liverpool confined in the Canton workhouse, possibly a greater number than from any city in the state excepting Canton. "Zip" Farmer has gained the distrust of the officers of the institution and is now confined in a cell for working the light fingered act. Heretofore he was t he most trusted man at the works and received the little courtesies given an exemplary prisoner.

"Red" Wrench has been taught how to work and it is thought by the time he is released that he will be ready to take up some vocation other than that of vagrant.

Harvey-Thomas.

A pretty home wedding was solemnized last evening at the home of the bride's parents, 115 Norton street, the contracting parties being Miss Daisy Harvey and Mr. Harry Thomas. Rev. M. B. Pratt, of the First M. E. church, officiated.

FOLLOWED HOME BY BURLY VILLAIN

Young Lady Telephone Operator Given a Bad Scare Last Evening.

RAN WITH ALL HER SPEED

The Fellow Pursuing to the Very Door. Dashed Into the House Out of Breath Just in Time to Escape Him.

To be chased by a burly ruffian while she was en route to her boarding house was the terrifying experience of Miss May Kimes, one of the winsome and accommodating operators of the Columbiana county telephone exchange, last evening. As a result the young lady is today suffering very much from the nervous shock.

She left the telephone exchange at about 10:30 o'clock and started out East Market street toward her home, 312 Lincoln avenue. When she reached the alley opposite the fire station she was accosted by a man who from appearances was a tramp, he being dressed in a dirty black suit and an old badly worn slouch hat.

The fellow after speaking to her and receiving no answer, unbaffled, started in pursuit. Miss Kimes was greatly scared when he spoke to her, but when she noticed that he was following, her heart began to weaken and she tried but in vain to shout for help. Her power of speech was temporarily dazed.

However, she retained the gift of walking and commenced to increase her rate of speed. At this the villain also showed an increase and by the time she had reached the foot of Lincoln avenue he was only a few feet at the rear.

Realizing that her only escape from the clutches of the brute lay in distancing him Miss Kimes put forth a strenuous effort and dashed as she had never run before up the avenue. Close at her heels the man continued, and several times was almost within her reach. Luckily her destination was not far and she bested the pursuer in the chase. The door was unlocked and she rushed in, leaving the desperate tough at the steps crestfallen and angered over his defeat. Miss Kimes came to this city recently from Alliance, and is a sister of Mrs. George Gilbert.

WITH THE WORKMEN IN THE CLAY PLANTS

FILLING ORDERS PARAMOUNT.

The paramount question at the Cartwright Bros.' pottery these days is the filling of the large number of orders for ware intended for the holiday trade. It has always been the policy of this concern to do everything in season to please its hundreds of customers and in consequence every precaution is being taken to prevent disappointments. The recent delays in freight traffic has been causing the firm some uneasiness for it is going to require the very promptest of service to transport the goods to some customers in time for them to reap the benefit of holiday buying. All the railroads seem congested with freight at this time and conditions are not likely to improve until after the holidays. The river offers no relief, as there is not enough water in the channel for even the low water boats, and it is not at all likely that there will be a good boating stage until too late for holiday shipments. Two cars of ware were shipped from the pottery warehouse yesterday and more will follow later in the week.

FROM CANONSBURG.

The jiggermen were off Tuesday on account of a shortage of boards| There is a shortage of kilnmen on the biscuit kiln.

Harry Stevens, treasurer of local union No. 51, N. B. of O. P., has departed for parts unknown to the local. It is alleged he took some of the local's money. His wife and his associates do not know where he has gone. He was sober and a good worker and was a native of Canonsburg.

The pottery seems to have all the orders it can handle at present. It is making five biscuit kilns and six glost kilns a pay. It would make six biscuit kilns but for be ing short of kilnmen.

Charles Woolf is running the jigger vacated by William Maley.

Packers are working overtime to keep up their end.

Bro. Shaffer has quit the presser's bench and taken a job as salesman for the firm.

POTTERY FOR PARKERSBURG.

Dr. H. B. Stout, Dr. W. S. Keever, and J. J. Kane, left Parkersburg for Chicago this week. The purpose of their trip is to purchase machinery for a pottery plant to be erected on their novelty farm, which is located on the south side of the little Kanawha river. The plant to be installed will be the largest in that vicinity and will have an immense daily output. It is the intention of the owners to get the new works in operation as soon as possible.

CONTINUES ILL.

The continued illness of Charles Pelley, groundlayer at the Sevres, is causing the plant serious inconvenience during this busy period and his early return to his duties is hoped for. During his absence Manager F. R. Cross, of the decorating department, is doing the groundlaying, and it is fortunate for the firm that Mr. Cross can turn his hand to this part of the work. Mr. Pelley is suffering with inflammatory rheumatism and is confined to his home on Ohio avenue.

BUSY AT VODREY'S.

The story in local newspapers concerning proposed improvements at the Vodrey pottery was not confirmed yesterday afternoon when a News Review reporter called at the offices of the company. The plant is doing an enormous business, the orders at the present time being in excess of the capacity. Decorated ware leads in demand and the gilders are compelled to work nights.

CHALLENGER DEFEATED.

The wrestling match took place as scheduled at the Sevres Saturday afternoon at 5 o'clock in the packing room. There were only four witnesses to the bout, and it was not won by the challenger. He won the first fall, but lost the succeeding three and the purse of $10 went to his opponent.

TRYING FOR PENSION.

Alfred Renicker, one of the decorating kilnmen at the Sevres, was at Lisbon yesterday to appear before the United States board of medical examiners in the matter of his application for a pension. Mr. Renicker served during the war with Spain in Company E of the Eghth Ohio volunteers.

A WISE SELECTION.

The appointment of Arthur Owen Tuesday evening by the Knights of the Golden Eagle to be district grand chief is a deserved recognition of his worth and one better qualified for the position cannot be found in the city. Mr. Owen is a member of the kiln crew at the Standard and universally popular among the potters.

HAND INJURED.

Miss Bertha Behler, of the glost warehouse at Vodrey's, has not been at work owing to an injury to her hand sustained several days ago. Just how the injury occurred even Miss Behler does not know. The wrist seems to be badly sprained and she will not be able to work again this week.

SPENT SUNDAY HERE.

Allen Hargreaves was over from Barberton this week, having spent Sunday with his parents, Mr. and Mrs. James Hargreaves, of the East End. He is holding the responsible position of boss packer at the Barberton pottery and is giving excellent satisfaction.

BACK TO PITTSBURG.

Mr. and Mrs. William Cartwright returned to Pittsburg yesterday after spending several days in the city. The improvement in Mr. Cartwright's physical condition continues to the satisfaction of his many friends. Hereafter he will spend a portion of the week at his office at the plant.

QUITS THE BUSINESS.

Miss Pearl Huff, of the dipping department at Vodrey's, is working out her notice and on next Saturday evening will sever her relations with the company. She will leave for New Castle, Pa., to accept a situation with a telephone company.

MORE GIRLS NEEDED.

A number of additional girls will be taken on this week in the decalcomania decorating department at the Sevres. This has been found to be necessary owing to the large number of orders to be completed within the next few weeks.

NOTES OF THE POTTERS.

Charles Hayes, of the glost end at Vodrey's, has resigned his position.

Ed. Waddle, presser at the Sevres, spent Monday and Tuesday in Pittsburg.

Richard Winn and Thomas Amos, of the pressing department at the Sevres, have returned from a visit to Pittsburg.

Lewis McGill, of the glost end at Vodrey's, is unable to work owing to sickness.

Will Eckles, batterout on the seven inch jigger at the Sevres, has been off sick for several days.

Ed. Knupp has gone to the Sevres as mould runner and batterout for jiggerman Archie Putnam.

Miss Maggie Brown, of the wareroom at Vodrey's, has recently moved to Chester from First street.

Miss Helen Haley, of the decalcomania department at the Sevres, was a Pittsburg visitor Wednesday.

Miss Jennie Gray, a cutter in the decorating room at Cartwright's, is reported as among the sick.

Barney Graham, of the glost kiln crew at the Sevres, has been on the sick list for the past few days.

Cyrus Scarrat, a jiggerman at the Sevres, has been off duty several days owing to the illness of his wife.

John Wedd, jiggerman at the Sevres, has been loafing for a few days owing to the illness of his mould runner.

Miss Jeannette Smith, of the warehouse at Vodrey's, has returned from a visit with friends at Cottageville.

Miss Bertha Elliott, of the dipping department at Vodrey's, has been on the sick list for the past three or four days.

Miss Lula Spohn, who has been the guest of Miss Alice Campbell, of Vodrey's has returned to her home in New Kensington.

Miss Edna Orr, of the dcorating department at Cartwright's, has been quite ill for the past two weeks at her home on Fifth street.

Mrs. Adam Rushton, of the decalcomania department at the Sevres, has been unable to be at her work the past few days owing to the illness of her child.

Elmer McDevitt, boss warehouseman at Cartwright's, is at Lisbon today to attend the last sad rites over the body of his father, David McDevitt, who died at his home near Lisbon on Tuesday.

Col. Liggett's Funeral.

Toronto, November 20.—(Special)—The funeral of Col. John B. Liggett, manager of the Bell Telephone Co., at Toronto and New Cumberland, took place yesterday from his late residence on North Third street. An immense throng of relatives, business men and neighbors were present, and most of them followed the remains to Union cemetery. Col. Liggett was a genial, courteous gentleman and the business men of Toronto will sadly miss him. The company will have trouble in finding as good a man to fill his place.

EAST END

VERY EARNEST IN OBJECTING

EAST END PEOPLE ON THE PENNSYLVANIA AVENUE PAVING.

Cannot See the Justice of Putting the Whole Cost of the Improvement on Them.

A News Review reporter has interviewed a number of prominent East End citizens relative to the action taken by the city council on the Pennsylvania avenue assessments. They all seem to think that council has entirely misapprehended the real status of the question. One prominent man said:

"We all recognize the fact that assessment according to benefits is the true and proper system for street improvements; and, as the benefits mostly belong to those with property abutting on the street improved, the cost and expense is properly placed upon said property owners. But Pennsylvania avenue is exceptional in this that at the time the improvement was made but little or no property along its entire length could be depended on for the smallest fraction of the cost, as the property is, or was deemed of comparative little value. There was not to be found on it an improved piece of ground its entire length.

"It was simply an avenue constructed for the purpose of connecting two important parts of the city, and will anyone maintain that one end was benefited by said improvement and the other was not?"

Another had this to say: "It has often occurred that streams have divided corporations, as in the city of McKeesport, where it was necessary to connect the two portions by bridges. Has anyone ever heard of an instance of one portion of the city building such a bridge and the other portion being exempted from any responsibility?"

And another: "If any member of the council, or if anybody else has any doubts as to where the benefits lie in the Pennsylvania avenue improvement let him take a position along its line on any day of the year, more especially on some pleasant summer day favorable for driving and remain there say for one hour and then let him form his opinion. He will soon discover that the road is chiefly utilized by the city's pleasure drivers—of which the East End has but few or none—and by the business men of the city proper in delivering their goods at the East End, and to the detriment, East End business men say, of their own business. Having formed his opinion let him ask himself if it is just and fair that this portion of the city should be compelled to bear the whole cost and expense of this thoroughfare, indispensable to the whole city alike."

One of the neaviest taxpayers in the East End said: "There is another light in which to view this matter. Whatever may have been said at the time in regard to 'assessment according to benefits' when this improvement was made, no East End citizen was ever notified or at least given to understand that he, along with his neighbors, would be required to bear the whole burden of its construction. If he had so understood it he would have assumed a different attitude in regard to the same. Now that the road is completed, to say that the East End must bear the whole cost of the enterprise is as unjust as it is burdensome. Council, they think, should have let the people vote on the bond issue plan, and they are still hopeful some relief measure shall yet be finally adopted.

GRADING BELLEEK STREET

Four Hundred Foot Extension Will Be Brought Up to Railroad Grade.

The Midway Land company, owning what is known as the McKinnon property, lying south of Mulberry street, started a force of men to work this morning grading the extension of Belleek street. This extension begins at the C. & P. tracks and is about 400 feet in length. The grade was established a few days ago by the city engineer, and it will bring the street up to the level of the railroad track. At one point in the street a fill of 12 feet is necessary.

As a result of the opening up of this land for building purposes the Bell Telephone company has found it necessary to remove its two main cables to Pennsylvania avenue. To make this detour it will be necessary to cut both cables, each containing 50 pairs of wires and splice them. The change will cost the company several hundred dollars, but the work will be done in such a way as to not interfere with its service.

GOOD TIME PROMISED

Ladies' Aid Society Met Today to Perfect Arrangements for Bazaar And Rummage Sale.

The Ladies' Aid society of the Erie street M. E. church held an all-day meeting today at the home of Mrs. Sarah Dawson on St. George street and perfected the arrangements for the bazaar and rummage sale to be held in conjunction with the Young Ladies' Guild at the P. H. C. hall next Tuesday night. There was a large attendance at the meeting and the details were discussed and disposed of. It was decided to charge an admission fee of five cents to the hall and provide ice cream, cake, coffee and sandwiches for refreshments.

The young ladies have been hard at work making pieces of fancy needle work and they will be offered for sale. They also have the promise of numerous contributions to the rummage table. There will be a plentiful supply of home-made candy for sale. The proceeds will go into the carpet fund of the church.

COMMON TIME SOCIAL

Will Be Given Tonight By the Y. P. S. C. E., of the Second Presbyterian Church, East End.

An unusually good time is promised those who attend the "common time" social to be given this evening at the home of Rev. J. N. Swan, on Ohio avenue, by the Y. P. S. C. E., of the Second Presbyterian church. A new and unique divertisement will be introduced that will provide a great deal of innocent amusement and refreshments will be somewhat out of the ordinary. Each person attending is requested to bring the first photograph of himself ever taken. They will be collected and placed on a table and all will given the opportunity of guessing at the identity of the persons pictured. The one making the greatest number of correct guesses will be rewarded with a souvenir. The refreshments will be pie and coffee.

Fourteen Initiated.

Fourteen candidates were initiated into the mysteries of the Orient by Hoyt court No. 1101, in the P. H. C. hall last night and both the initiators and the initiated had a good time. The growth of this court since its installation two weeks ago is little short of the marvelous, for those taken in last night were a very small part of the number who have made application for membership. Some prominent down town citizens are to "ride the goat" at the next meeting.

A Bad Injury.

Adna White, the 18 year old son of Mr. and Mrs. D. F. White, is suffering with a painful injury sustained yesterday afternoon. He is employed at Laughlin's pottery and while going to his work stepped on a nail, which penetrated his foot for a considerable distance. Young White paid no attention to the injury for a time but it began paining him so badly that he had to go to a physician. He will not be able to work again for some time.

An Operation Necessary.

The serious illness of Milton Martin, of Helena, is alarming his many friends. Mr. Martin, who is a presser at Laughlin No. 2, has been confined to his house for a week or more and has been growing steadily worse. Today his physician, Dr. W. E. Mowen, assisted by Dr. Hendershot, will perform an operation, which it is hoped, will start him on the right road to recovery.

EAST END AFFAIRS.

Miss Nora Schroy, of Railroad street, was called to Washingtonville yesterday evening by the death of her uncle, Reuben Tayor, a highly respected citizen of that town.

The 5-weeks-old twin boys of Mr. and Mrs. D. F. White, of Railroad street, have been very dangerously ill for the past few days. They were reported a little better this morning.

Miss Ethel McKane, of Ohio avenue, has resigned her position as stenographer at the National pottery on account of ill health. She rendered excellent service and her resignation is much regretted by the firm.

There was a big crowd at the dance of the Nonpareil club at Larkins & Ferguson's hall last night all had a good time. The Boston club will give a dance in the hall tonight.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

All Run Down!

Blood Wine Will Revive You

If the blood is thin, watery, sluggish and diseased the whole system is literally starved. If our blood does not contain the proper stimulant, our heart, lungs, kidneys—all vital organs suffer. People do not have disease if the blood is good, neither do they get all tired out, languid, have poor appetite, sleeplessness, fret, worry, lose flesh, and decline. "Blood Wine" makes people strong when they are all run down. It gives them endurance, courage, vitality, reasoning powers—health. It does it quickly and positively because of its amazing action upon the blood. Read this from Margaret Fitzgerald, of 20 Amory Street, Manchester, N. H.:

"I was all run down; so bad in fact that I had nervous prostration. Could not eat, sleep, or scarcely think. I dragged around more dead than alive, I had heard of the good results of 'Blood Wine' and commenced taking it. I felt splendidly after one bottle. I continued it until it cured me entirely. It built me up and strengthened me. I heartily endorse it."

You'll gain under "Blood Wine" from the beginning. You can do more work, do it better, easier, and more cheerfully, and at night have some strength left. Write the Louis Daudelin Co., Worcester, Mass., for a free blood test under a microscope. Fifty cents.

For sale by Will Reed, Hodson's Drug Store, A. H. Bulger and C. G. Anderson.

It begins to look as if we might soon see work begin on the long promised trolley line to Lisbon. Certainly there will be no disposition on the part of public spirited citizens to do anything except to encourage the enterprise which Gen. Asa W. Jones and his associates are so zealously promoting. A street railway across the county will add many thousand dollars to the value of the real estate along the line besides being a public convenience the magnitude of which can only be appreciated by those who have been compelled to journey overland to the county seat or to travel 60 odd miles through two states and over three lines of railroad to reach the court house. The street railway will be a good thing for the farmers and a good thing for East Liverpool, Lisbon and Youngstown and every town between. Push it along!

Earnest effort to put the new code into effect properly and put men into office who can be trusted to work for the people's interests instead of their own are now in order. Good government is possible under almost any sort of code, but to secure it the people have got to interest themselves in the question. The Nash code has many excellent points, and if any city administration is a failure under it, it will not be hard to locate the responsibility. But no community can expect wonders or even reforms that does not put its best men in office.

The National W. C. T. U. decided to hold its next national convention in Milwaukee and is now in a dilemma. Milwaukee has plenty of large public halls, but none of them that could accommodate the big temperance meeting it without a bar. It begins to look as if the W. C. T. U. would have to go back to first principles and fight the demon drink in a barroom or abandon Milwaukee to the enemy.

"In my judgment, violence never contributed to the success of a strike, because it loses for those on strike the sentiment of the public." These are the words of John Mitchell, president of the American Mine Workers. They deserve to be written large in golden letters and studied by the men who think clubs and pistols are the weapons with which to fight labor's battles.

St. Clair township is setting an example to East Liverpool and Wellsville in the matter of an improved public road. If there is a spot in the universe where a good highway is needed it embraces the four miles between these two cities.

There is still an excellent opportunity for the investment of home capital in home enterprises. For instance an up-to-date hotel and an up-to-date opera house might be got ready for next season in this city.

Lieutenant Governor Tillman, of South Carolina, headed a lynching party the other day, thus upholding the traditions of the family.

General Charles H. Grosvenor says that Cannon has the votes to elect himself speaker and will win. It begins to look that way, but results might have been different had Ohio got in the field earlier and done some hustling.

More English mechanics and workmen are making a tour of this country to get at the secret of our industrial enterprise and success. It all lies in brains, grit and gumption. Please make a note of that, gentlemen.

When there is nothing else to occupy the attention of our army, it is always easy to get up a bit of war over the canteen question.

HOUSE IN THE STREET

Notice Given of Intent to Preempt the Thoroughfare for Private Use.

City Solicitor J. M. McGarry is the owner of a frame house which is being moved from the lower end of town to his Fourth street property. For some unaccountable reason the parties who have the contract for moving it have been delayed in their work.

Among the residents of Jefferson street, near Fifth, where the building has been standing in the center of the street for the past 10 days, the affair has become a good joke, and yesterday a number of copies of the following were received by people in that vicinity:

"Service on Jim Sikes and others. A true copy. Notice to the public:

"This street was once public property for the use of citizens in general.

"However, the land on which the house stands and back of same is hereby appropriated for private use, and notice is hereby given that if no objection is made as required by law inside of the next 60 days from this date, no redress can be obtained and I shall retain forever, or until the house falls down, full control of all land and passing privileges.

AT THE THEATER

"Jesse James" was played to a large crowd at the Grand last night. The play for this evening is the popular American comedy drama, "The Sleeping City." It is a romance of a workingman's life and goes to show how sometimes a chain of circumstances will force a good man to the wall. The plot is laid in New York and tells a secondary story of city life and the unearthing of a gang of counterfeiters. The comedy of the play is in the hands of a purely up-to-date tramp, a policeman, a Yankee pill peddler and a giddy old maid. New specialties will fill the waits between acts, and Moore, the magician, promises some new and startling surprises in mind reading. "Nell Gwynne," the costume play, is underlined for Friday.

A complete scenic production of the military play, "Captain Herne, U. S. A.," will be mounted at the opera house next week by the Murray & Mackey Comedy company, which is attracting delighted audiences judging from the demonstrative appreciation.

The Non-Irritating Cathartic

Easy to take, easy to operate—

Hood's Pills

The specialties between the acts are very entertaining and include John J. and Florence Murray, comedy farceurs; William Burke, singer of illustrated songs; Prof. Shine's new moving pictures and the McCann family of four clever dancers and quick change artists.

FOR THE SUNDAY SCHOOLS

Arrangements Completed for the Convention in This City November 30.

The executive committee of the City Sunday School association held a meeting at the Y. M. C. A. last night, and final arrangements were made for holding a convention November 30 from 2:15 to 3:45 p. m. The convention will be held in the Christian church on Broadway.

The musical program will be in charge of the choir of the Christian church, and the program, which will partake of the nature of a round table, will be conducted by the members of the association.

Three subjects have been proposed, all of which will be generally discussed. They will be opened in the following order:

"Can the East Liverpool Sunday schools be successfully graded?"—Charles Brown, of the First Baptist church.

"When and Where Should Lesson Helps Be Used?"—E. D. Moore, of the First Presbyterian church.

"The Measure of a Teacher's Responsibility—W. G. Morris, of the First Methodist Episcopal church.

After the several subjects have been opened by the above named speakers a general discussion will ensue.

Each Sunday school is asked to send at least five delegates to the convention in order to awaken interest in the proceedings, which will be of vast importance to every Sunday school worker in the city.

READY FOR PAVING

Contractor Freshwater Reported About to Start Work On Liverpool Street.

According to a statement made by Contractor E. A. Freshwater to a first ward councilman last evening, Mr. Freshwater will start tomorrow morning with the paving of Liverpool street which he has been putting off for so long, waiting upon the street car company to place its rails in the center of the street.

Everyone who is interested in this work will be pleased to see the paving started, even if it is not entirely completed before the extreme cold weather starts in.

The street railway company has now nearly completed the work of relaying its track with girder rails and placing the track in the center of the street. The old track on the side of the street has been torn up and is being carted away.

Several loads of sand have already been hauled upon the street for paving purposes and all material is now on hand ready to rush the work through.

OVERRUN WITH ORDERS

The Vulcan Brick Works Finds the Present Season Unusually Lively.

The Vulcan Brick works in the West End are flooded with orders for brick and cannot supply the demand. A force of men are kept at work night and day and the plant is turning out an average of 30,000 bricks every day.

It is usually the case that the spring months of the year are the best of the season for the brick manufacturers as they get more orders then than during any other season. The rule has been year been reversed at the Vulcan works and they are now turning out more brick than ever before.

Crowds Hear Temperance Talk.

Another of Dr. Tracy's first class lectures was given last evening at the Cooper opera house. The subject was "The Mississippi of Intemperance." The usual large crowds were present and thoroughly appreciated all that was said. Another lecture, of the same order will be given this evening. Subject, "Bitters Creek and Beer River." Excellent music was furnished last evening. Dr. Tracy will take for his subject tomorrow evening, "Ten Nights in a Bar Room." He will illustrate the book with his stereopticon apparatus.

Bumble Bee Club Met.

The Ladies' Fancy Work club, better known as the "Bumble Bee Club," was very pleasantly entertained yesterday afternoon between the hours of 2 and 5 o'clock at the home of Miss Mary Bruner, on Front street. Local topics of interest were discussed during the afternoon and light refreshments were served shortly after 5 o'clock. Those who were present were Misses Grace MacGregor, Grace Parke, Ola Cope, Margaret Lindsey, Bessie McLean, Edith Mannist and Miss Bruner.

Took the Pledge Voluntarily.

A man named Young, an employe of Contractors Neeley and Park, who have the contract for building the bridges for the double tracking of the C. & P. road, and who was arrested Tuesday evening by Chief Houser, charged with being drunk and disorderly, was brought before Mayor Fogo last evening, and was fined $1 and costs for his little spree. He left the mayor's office declaring that he would never against drink a drop.

Looking For a Gusher.

Well No. 1 of the Mackenzie Oil and Gas company, on the Samuel Watson farm, on Island Creek, and which was scheduled to come in this morning, did not come on account of an accident. It will not come in before some time next week. A gusher is expected.

DECISION RENDERED

Judge Hervey Reverses the County Court in the Wellsville Ferry Case.

A decree was entered some months ago by the county court in which Samuel Goucher was granted the privilege to run a ferry at Congo. Prior to this W. S. Johnson had been running the ferry and he brought action against the privilege of Goucher. The case was heard and argued at the June term of court and decided in favor of Johnson, but court adjourned without entering an order.

At the late term the circuit court entered an order declaring the action of the county court establisaing a ferry at that point to be contrary to the statutes of West Virginia and overruling the action.

The principle of law in which the action of the county court was reversed was the failure of Goucher to secure a ferry seat in West Virginia. The decree also provided for the natural costs arising to W. S. Johnston.

Surprised a Young Couple.

A large number of the young friends of Mr. and Mrs. John Stevens gave them a surprise party last night at the home of Mr. and Mrs. R. G. Stewart, Grant district. Mr. and Mrs. Stevens gave them a cordial reception and did all she could to make the evening a pleasant one for their unexpected company. Music and games were indulged in until a late hour.

Two Licensed Ministers.

An article which appeared in a local paper stated that Rev. E. C. Lindsay was the only minister in Chester authorized to perform the marriage ceremony. This is incorrect, as Rev. W. B. Gillis holds a license and has performed the duty a number of times in his pastorate here.

NO DEMAND FOR THEM

Only 50 Cents a Piece Offered for Fine Coffins at Alliance.

Alliance, November 20.—One of the most peculiar constable sales on record was that attempted here, when 12 coffins, nice, new and upholstered, were offered for sale, and the best bid offered for the lot was $6. Bidders stood around the grim harbingers with ashen faces and shriveled hands, and, although they knew there was an immense bargain in the offering, were afraid to register a bid.

Even the chief as he attempted the public outcry had a husky voice and a wild glare in his eye. He has not been out of the house since. There was a commodity offered used by everybody, yet kept in stock by few. Why was it that only $6 was offered for a lot of 12 coffins, worth at least $300 is incomprehensible and unsolved.

REALM OF SPORTS

NOT NOW IN SIGHT

Horse Authorities Nowhere See a Faster Animal Than Cresceus.

Horse authorities agree that the successor to Cresceus is not now in sight. John A. McKerron and Major Delmar are ranked next in merit to George Ketcham's great chestnut horse, but even H. K. Devereux, McKerron's owner, entertains no idea that his horse is more than a 2:04 performer, while Major Delmar has still so wide a margin to make up that it is wild speculation to count upon him to travel faster than 2:04¼. His present mark is 2:05½.

While it is comparatively easy, nowadays, to jump into the 2:10 list or to reduce a 2:10 record, the task is strenuous when it comes to cutting down the seconds below 2:06.

The difference between Cresceus, 2:02¼, and Major Delmar, 2:05½, is best illustrated by the statement that, with each horse traveling a mile at his present record speed, Cresceus would finish the mile with Delmar 140¼ feet away. To increase his speed to the point where he could cut down that distance to nothing, and then nose out victory, is so remarkable a task that horsemen may well doubt Delmar's ability to do the trick.

A ONE-SIDED GAME

West Virginia University Team Beaten With Ease by W. & J. College Boys.

The West Virginia university foot ball team, with which Alex W. Stevenson, of this city, played, met a disastrous defeat yesterday at Washington, Pa., when it bucked against the W. & J. college aggregation. From start to finish the game was one-sided and finally ended by a score of 23 to 0.

George Y. Travis and Josiah T. Herbert were enthusiastic witnesses of the contest. They wore the university colors, and it is said narrowly escaped a fracas with the rooters of the W. & J. team.

To Play at Chester.

The Chester Tin Plate foot ball team will engage the Wellsville Brunos Saturday afternoon at 3:30 o'clock at Rock Springs park. The Oakland Athletic club defeated the Wellsville team last Saturday. Coach Dunn is training the mill boys each evening for Saturday's game. These lads challenge any team in the state at 125 pounds.

A Good Game Promised.

The Sixth street Stars and the California Hollows, two local foot ball teams, will play a game at Rock Springs park on Saturday afternoon. In point of weight, team work and general knowledge of the game, the clubs are pretty evenly matched, and a warm contest is looked for.

THE WATER CURE

For the Liquor Habit—For Information Go to Mingo Junction.

Potter spring, at Mingo Junction, has been a famous spring for one hundred and fifty years. It has qualities no other spring on the globe possesses, and temperance organizations recommend the use of its water. This quality in substance is that the use of the water will destroy all desire for liquor, and many old topers have effectually vanquished their "snakes" there. It leaves no bad effects afterwards.

A distillery once flourished near the spring, but the spring put it out of business. The Mingoes, who were wandering Seneca Indians, had a camp there, and they knew of the qualities of the water to destroy the effects of firewater and used it, and its fame spread to other Indians, who visited the spring while hunting or raiding.

Washington partook of it on his way down the Ohio river, and noted its peculiar effects upon the system. The water is of such excellent quality, and its effects on men who drink such, that the National Steel company has water carried to its employes in the mill there, and the percentage of drinking is on the decrease. In all these years the spring has never run dry.

BRAVE TELEPHONE GIRL

Sends In a Patrol Call And Has a Night Prowler Ejected at Alliance.

Miss Nettie Langstaff, of Salem, who is now acting as night operator at the exchange of the Stark County Telephone Co., at Alliance, had an unpleasant experience on both Friday and Saturday nights. Miss Langstaff is on duty alone at nights, and at 11 o'clock Friday night heard some person come up the stairs, turn the door knob and try some keys in the door. As the noise abated she paid no further attention.

At 11:30 o'clock on Saturday night she was sitting at the toll board and was startled by hearing a cough behind the switchboard. She at once called in the patrol station and two officers were sent down. When they arrived no one could be found, but a ladder and an open window into one of the rooms showed where the prowler had entered. In appreciation of her bravery in calling the police and not running away from the office, the manager of the telephone company presented Miss Langstaff with a $5 gold piece.

GRANTED A DIVORCE

WEAK WOMEN.
CONSTIPATION STARTED YOUR SUFFERING, CURE IT AND YOUR AFFLICTION WILL VANISH.
Mull's Grape Tonic Cures Constipation.

When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous afflictions that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

UNIONTOWN OIL FIELD

LOOKS VERY PROMISING FOR THE FUTURE JUST NOW.

Only Duster So Far One Drilled By Martin's Ferry Parties. Other Good Wells.

Not a great deal has been heard lately from the Uniontown, Ohio, oil field, but it has a pretty good future before at unless the followers of the oil business are very far wrong in their estimates of its value as a field. When the Belmont oil company, a Martin's Ferry concern, drilled a well a few weeks ago and got a duster interest lagged in this section because most of the territory in which local people people had invested their money was near the duster and therefore became an uncertain quantity. Some got the idea from that one duster that the field was not going to be worth much, but one duster does not condemn an oil field.

The Belmont's well is the only duster in the field. Two others were reported dry, but in both a second pay was found that made them fairly good wells. The Caldwell No. 3 is a notable example of the false reports circulated. It was said to be a duster, but proved good for nearly 20 barrels daily. There are three wells on the Caldwell farm all on one line. Either side of the Caldwell No. 3 and at right angles to the one formed by the three on that farm, are two other wells, both of them better than any of the Caldwell wells. One of these is the Sharp, nearly a mile from the Caldwell, and it is the best in the pool so far. It was completed ten days ago and since being shot has increased to 75 barrels a day natural.

All the farms in that section are under lease, and in some instances bonus was paid. The United Presbyterian church owns a three-acre lot adjoining the town and a company has arranged the terms for a lease. They got a bonus of $25 down. If the first well drilled is good for 25 barrels a day an extra hundred dollars will be added to the bonus in addition to the one-eighth royalty that goes with every well. In case the company strikes gas they agree to furnish the church and parsonage with all they need free of charge.

Plans have been made for nine additional rigs besides the three already going up. These do not include nearly a dozen locations the Sistersville company owning the Sharp lease have made with the intention of drilling immediately.

LIGHT AND DARK,

Day and night, sunshine and shadow are not more different from each other than a healthful from a sickly woman. The healthful woman carries light and sunshine with her wherever she goes.

The woman who suffers from ill-health casts a shadow on her own happiness and the happiness of others. She cannot help it. Those who suffer cannot smile and sing.

Ill-health in woman is generally traceable to disease of the delicate womanly organism. Many women have been restored to happiness by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

"I feel it my duty to inform you that I had been a sufferer for many years from nervousness with all its symptoms and complications," writes Mrs O. N. Fisher of 1861 Lexington Ave., New York, N. Y. "I was constantly going to see a physician or purchasing medicine for this or that complaint as my troubles became unbearable. In the spring of 1897 my husband induced me to try Dr. Pierce's Favorite Prescription. After taking one bottle and following your advice I was so encouraged that I took five more bottles of 'Favorite Prescription' and then I did not take any more for several weeks as I felt so much better, but still I was not *completely cured*. I commenced taking it again and felt that I was improving faster than at first. I am not now cross and irritable, and I have a good color in my face; have also gained about ten pounds in weight and *one thousand of comfort*, for I am a new woman once more."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss, therefore accept no substitute.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

A SMOOTH ARTICLE

Local Police Looking For Man Wanted In Rochester And Elsewhere For Forgery.

Andy McCort, a detective, of Rochester, Pa., has notified Chief Thompson to be on the lookout for one of the shrewdest men that ever roamed the country. He is known as H. N. Nagle, and besides being wanted at Rochester for forgery is wanted in many other cities upon similar charges. It is thought that he is in the city. His method of working when he strikes a city is to put up at a hotel and represent himself to be advertising Pe-ru-na for the Hartman Sanitarium Medicine Co., of Columbus. He makes friends about the town, gets the confidence of the landlord and tells him he has four men, four horses and two wagons coming in a few days; he then flashes a check and asks the landlord to cash it for him or identify him at the bank.

A slicker article in his line does not live. His description is: About 35 years old, five feet, 8 inches tall, weighs about 140 pounds, slender build, fair complexion, brown hair, has one gold tooth in upper front row, has other fillings in teeth, has scar about one inch long under outer corner of left eye, wears dark clothes and a stiff hat.

Detroit Congregation Refuses to Release Dr. Vincent to Youngstown.

Detroit, November 20.—Rev. William H. Vincent, pastor of the First United Presbyterian church, at Detroit, recently announced his resignation to accept a call to the newly-organized Third Presbyterian church, at Youngstown, O. He expected to begin the new pastorate next month. His congregation in Detroit almost unanimously requested him to remain, and Detroit presbytery unanimously refused to grant his release, believing that the importance of the work demanded that Dr. Vincent should remain here at present.

He is a brother of Dr. James Vincent, of Pittsburg. His father, the late Dr. George Vincent, was at one time president of Westminster college.

Dull Feeling After Dinner.

Tortures of Death From Headache.

Dr. Miles' Anti-Pain Pills Relieve and Cure.

"Nearly every day I suffered from severe attacks of headache. They usually began with a heavy, dull feeling soon after dinner. During these spells my head felt as though there was a tight bandage around it, my temples throbbed, I became sick at my stomach, and suffered almost the tortures of death. For two years past I have been taking Dr. Miles' Anti-Pain Pills, and have found sure and immediate relief always. By taking one in time the headache is prevented every time." —Mrs. M. E. Noble, Garfield, Wash.

"Dr. Miles' Anti-Pain Pills are all right. I can recommend them very highly to anyone who needs a remedy for headache, neuralgia, or pain of any kind. My health is not very good, and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills I do not suffer from them as I used to. They never fail to give relief in a few minutes, and if taken promptly upon the approach of a headache will prevent an attack from coming on."—Mrs. Wm. Pedrick, Gloversville, N. Y.

"Dr. Miles' Pain Pills grow in favor with me every day; for, whereas, I used to have sick headache once a week, sure, can say that I do not have it any more at all. I never had anything cure me of sick headache before."—Claude Tucker, Wallace, N. Y.

$21,000 FOR A FARM

Big Price Paid By a Cleveland Man for Jefferson County Coal Tract.

Steubenville, November 20.—Behind the bidding on the Linton heirs' farm in Wells township on Tuesday was one bidder who was after it for the coal privilege. This man was Colonel O. C. Pinney, a Cleveland lawyer, and after he bid it as high as he wanted to go to get the coal he let it go to J. T. Foster, but notified him he wanted the coal, and it is possible Mr. Foster may let it go, as he only wanted the surface for a dairy farm.

On Tuesday Mr. Pinney closed a deal by which he secured the Mutely farm in Warren township, consisting of 670 acres from the Philadelphia heirs of the eastern nabobs who have owned the farm for scores of years. He paid $21,000 for the farm. It is a grand farm on top of the hill and as level as could be desired. By securing this Mr. Pinney gets a right of way to the river. Mr. Pinney also secured options on the Stringer and Miller farms and he has his eye on other coal territory.

It is the intention to open big coal works and develop this fine tract of coal.

ROBBED FREIGHT DEPOT

Thief Caught In the Act By a Detective Who Was In Hiding There.

As the result of shrewd work on the part of Railroad Detective Sheffler, petty thieving, which has been no uncommon occurrence around the freight depot during the past week, will be stopped temporarily, at least. The detective was told that on last Saturday a quantity of butter was stolen from a cask and that other articles had been missed. He concluded to institute a watch for the thief and yesterday afternoon was in hiding in the store room he was rewarded by the appearance of a well known young boy of this city.

The lad stealthily approached a cracker barrel and took from it a sack full. The detective followed the boy to his home and accused him of the theft and then made a search for the missing butter. He found nearly all of it stored away. Owing to the respectibility of the parents of the boy and their promise to pay for the goods stolen the detective dropped the matter and will not take further action.

TO CUT PULLMAN RATES

Traction Line to Run Sleepers, Says a Cross-County Railroad Promoter.

Out in Ohio, on the traction line between Columbus and Cincinnati, says the Pittsburg Gazette, they are arranging for a New Year's day innovation in the shape of palace sleeping cars. They will also cut in half the Pullman service rates over the Big Four, the Midland division of the Baltimore & Ohio and the Little Miami division of the Panhandle railroads.

Announcement of this was made last night at the Hotel Henry by Colonel H. R. Young, traction magnate of Ohio. The colonel declared that the patrons of the road have already so encouraged the scheme that it is certain to be a fixture from the start.

Colonel Young is a leader in a syndicate which has just incorporated the Columbiana Central Traction company to build a line from East Liverpool to Salem.

TRADES COUNCIL

HEARD REPORT ON THE STATE FEDERATION MEETING.

Other Matters of Interest Discussed By the Central Labor Body Last Night.

The meeting of Trades and Labor Council was not a well attended one last night, but considerable business was transacted and the proceedings were interesting.

Four new delegates elected from as many different locals to fill unexpired terms, were seated and Financial Secretary George B. M. Beatty made his report to November 1. It showed the finances to have been well taken care of, and that they were in first-class condition.

Delegate McConnell, who represented the council at the recent meeting of the Ohio State Federation of Labor held at Cambridge, made his report. It was detailed and comprehensive, covering the proceedings of each session in a thorough manner. In making the report Mr. McConnell gave his impressions of the state body and expressed himself as being pleased with the manner in which affairs of the state and nation are handled by it. The delegate urged that those present use their best endeavors to have the several unions of the city affiliate with the State Federation. The report was accepted.

A communication from the headquarters of the American Federation of Labor stated that the proceedings of the last convention were now ready, and it was decided to procure a copy.

In a letter from Painters' and Paperhangers' union, No. 165, the announcement was made that the firm of Martin & Hager, doing business in this city, had been placed on the unfair list.

A discussion was indulged in relative to the establishment of the cooperative store, which is being fathered by the council.

Pennsylvanians Wedded.

PEPSIN SYRUP CO.
Monticello, Ill.

Gentlemen,—Any person engaged in active business life is apt to become careless in regard to eating at regular hours. I found that after six years of activity in the rush of city life, I had become very irregular regarding my meals, often eating my heartiest meal late at night, after the hurry of the day was over. I soon found myself suffering with dyspepsia, which gave me many an unpleasant hour. As my health had always been perfect before, I could hardly realize that I needed attention as a sick woman. I was advised to use

Dr. Caldwell's (Laxative) Syrup Pepsin

by one of my colleagues, and I sent for a bottle, wishing to give it a trial. I am pleased to say that I found it a most efficacious remedy. Within six weeks I was well once more, and heartily endorse your medicine for stomach troubles.

Sincerely yours,

A WORD TO THE WISE—The number of desirable residences for sale in our city is lessening daily—likewise desirable vacant lots. Prices are consequently advancing. You can easily prove this statement by a little inquiring and looking around. If you contemplate purchasing do not delay, else you will pay higher prices and have less desirable properties to choose from.

SOCIAL EVENTS

THE RUMMAGE SALE

Hospital Benefit a Phenomenal Success—More Goods Needed.

Interest in the rummage sale being held by the ladies of the Hospital association continues, and it has created and still retains a patronage such as has never before been bestowed upon an affair of this kind.

When business closed Monday the shelves had been cleared of everything of value, and those in charge were at their wits' end to know what move to make next. Donations from every quarter have been liberal and abundant. The appeal of the ladies has been responded to in almost every case. At the same time it may be said that the patronage has far exceeded expectations, and this is responsible for the lack of stock at the headquarters.

The big supply received is now nearly exhausted, so that for the continuance of the sale it is necessary to have more goods. There are a great many who intended donating who have not yet brought their contributions to the Second street establishment, and it is urged that they do so at once.

PLEASANT CARD PARTY

Given by Miss Elva Miller at Her Home on Fifth Street Last Evening.

A most enjoyable card party was given last evening by Mrs. Elva Miller at her pleasant home on Fifth street. The affair was in honor of Miss Fannie Bowers, of Wheeling, and Miss Dora Francy, of Toronto, who are guests at the home of Mrs. Miller.

Progressive pedro was the favored game, and the evening was delightfully spent. Luncheon was served at a late hour.

Coming Wedding.

Invitations have been issued announcing the marriage of Miss Blanche Custer, of Canton, to Emmet Bigley, of Youngstown, on Thanksgiving day at high noon, at the First M. E. church, in Canton. Miss Custer is well known in this city having visited here often, and a number of East Liverpool friends will attend the wedding.

Pleasant Social Affair.

The home of Mr. and Mrs. John Anderson in the West End was the scene of a pleasant social event last evening. The guests were received with royal hospitality, and it was with regret that they departed from their host and hostess, late in the evening.

W. R. C. Inspection.

Mrs. Rachel Lee, of Lisbon, will be in the city on Friday afternoon to inspect the Woman's Relief Corps, and a large attendance is expected at the meeting. While in the city Mrs. Lee will be the guest of Mrs. A. G. Hofman, of Fifth street.

Dinner to Friends.

Mrs. Jennie Davidson gave an elaborate dinner yesterday afternoon and evening in honor of Miss Euphemia B. Huston. Only a few friends of the hostess were present.

To Give Oyster Supper.

The Ladies' Auxiliary of the Y. M. C. A. will give an oyster supper the first of December. The arrangements are not yet fully completed.

Chautauqua Circle Meeting.

The Chautauqua circle will meet tomorrow evening at the home of Mrs. C. T. Hard. The meeting will be an espcially interesting one.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Daughter Born—A daughter was born yesterday morning to Mr. and Mrs. A. Weelles, of Trentvale street.

A New Arrival—Mr. and Mrs. Roy Welsh, nee Miss Lydie Dunn, are receiving today the congratulations of friends upon the arrival of a little daughter.

Delayed Three Hours—The passenger train due in this city at 1:36 a. m. was delayed at Beaver for almost three hours this morning. A caboose attached to a freight train was derailed, and alighted in such a position as to completely block the main track.

Officers for Jr. O. U. A. M.—At the meeting of the Junior Mechanics to be held tonight the nomination of officers will take place. The names placed in nomination tonight will be voted at the first regular meeting in December. No meeting will be held on next Thursday, as it falls on Thanksgiving.

Underground System Tested — The underground system of the local department of the Bell Telephone company was tested yesterday by W. Walters, of the engineering branch of Pittsburg. He will spend several days in the city and will make a thorough inspection of the system. P. Corbitt, of the construction department of the company, is also in the city to superintend a number of improvements which the Bell company is also about to inaugurate.

An Interesting Feature—Dr. M. B. Pratt, of the First M. E. church, had a question box at the mid-week prayer service, which proved a pleasant and instructive innovation. Any member had the privilege of sending in a question relating to the Sunday school and its work. The questions embraced a wide scope, and Dr. Pratt proved himself at once most versatile and scholarly by the able manner in which he answered the many interesting questions propounded.

Cuban Cigar Makers Out.

Havana, Nov. 20.—The cigar makers at all the factories went out yesterday, and it is estimated that a total of 30,000 employes are now on strike. Several demonstrations were made by the strikers and led to a few arrests, but the disturbances were not of a serious character.

19TH YEAR. NO. 276. EAST LIVERPOOL, O., FRIDAY, NOVEMBER 21, 1902—TWELVE PAGES TWO CENTS.

THE MAIL BAG ROBBERS MAY YET BE CAPTURED THROUGH A RECENT CLUE

Claim Made That the Wife of a Man Now in the City Accused Her Husband of the Crime.

There came to light this morning evidence which may result in the bringing to justice of the robbers who looted the mail bag containing checks, postal orders and other valuable papers representing thousands of dollars from the C. & P. platform on the night of October 6, the startling account of which was exclusively published in the News Review.

Both the local officers and the secret service men assigned to the case have worked untiringly, not leaving a stone unturned in an effort to locate the guilty parties or discover a clue which would result in the apprehension of them. It leaks out today that the men who stole the valuable pouch are right in East Liverpool and have not been out of the city at any time during the past two months. They are seen on the streets every day and are well known local characters. They are industrious men, each being an employe in a local pottery. How many of them there are connected with the crime is not positively known, but the work was completed by at least two individuals, and it is possible that there were four implicated to a certain degree. One, who, from all appearances, engineered the robbery in strict accordance with his plans and wishes, lives on lower Broadway.

It was through a conversation heard by the head of another family living under the same roof that the evidence was secured. The informant, who refuses to allow his name to be published, states that one night of a recent date the following was heard accidentally coming from the room where one of the men lives:

"I dare you to tell that on me. You know that I know enough about you to land you behind prison bars. If you think for a minute that I will not tell all I know about you men stealing that mail bag, if you open your mouth about me, you are badly mistaken."

The person who happened to hear the above remarks says that they were uttered by a woman to her husband. After giving vent to the threatening language the woman became

EXPERTS IN HANDWRITING UTTERLY AT VARIANCE IN THE OPINIONS GIVEN

A Pittsburg Chirographic Authority Sees No Evidence That Kelly Wrote White-cap Letters.

Lisbon, November 21.—(Special)—The examination of witnesses in the Kelly-McPherson damage suit, continued this morning. The attorneys hope to get the case to the jury today, but hardly expect to get a verdict before tomorrow.

A point blank difference of opinion as to the authorship of the white cap notices was brought out at the trial in the testimony of the hand writing experts. William J. Kinsley, the New York expert, who was on the stand for the defense yesterday, was an interesting witness. Mr. Kinsley has been called in some of most noted cases in the country among them the Molineux and the Rice will case in New York. He contended that the characteristics of individuals manifest themselves in peculiarities of hand writing as well as in personal appearances and other respects. On this basis he explained in detail why he believed after comparing the white cap letters with Kelley's writing that they were written by the same hand.

George W. Wood, a Pittsburg expert, summoned by the plaintiff was present and heard Kinsley's testimony. On the stand this morning he said, after a very careful comparison and investigation of the anonymous writings, with specimens of Kelly's writing he found nothing whatever to justify him in the belief that they were written by the same hand. He then went on to say that while he recognized in Mr. Kinsley an able and conscientious gentleman, in his opinion he had failed to observe some important and salient features. Mr. Wood compared the formation of certain characteristics which he says are usually overlooked by writers of anonymous literature, including the space between words in which it was shown that the condition in the two handwritings are opposite.

After Mr. Kinsley's testimony yesterday the outlook seemed dark for Kelly, but Mr. Wood's testimony this morning placed the case in a new light. The latter is also recognized as an eminent authority on hand writing.

NO SETTLEMENT IS IN SIGHT

Both Journeymen and Boss Barbers Are Determined to Stand Out.

A MEETING LAST NIGHT

Barbers' Union Instructed Its Committee to Confer With the Employers With a View to Making a Last Attempt to Enforce the New Scale.

Owing to the continued firmness of both sides of the controversy it now looks more favorable for serious trouble between the boss barbers and their employes than at any time since the negotiations for the settlement of the journeymen's new scale began.

No less than three conferences have been held during the past few weeks, and though there is but one point upon which a settlement cannot be reached, neither party is willing to concede that question.

At a joint meeting held last week of the two committees a number of sections in the scale were adjusted satisfactorily, and the only clause remaining was that respecting the closing of all shops on legal holidays the entire day. It was after 1• o'clock when the confab ended and then it had been agreed upon that the question should be submitted to arbitration. The plan was altered, however, as the bosses concluded they might be able to agree among themselves.

Meantime the committee representing the journeymen made its report to the union, and the organization refused to accept it, placing the matter, so far as the journeymen are concerned, just where it was in the beginning.

The scale under which the union had been working for the past year expired on Wednesday and a walkout was expected, but did not occur. Matters were in such a mixed condition that it was thought best to defer action until the regular meeting was held last night. The session was a lengthy one and there were debates galore. The outcome was a continuance of the old committee with instructions to obtain a conference with the bosses at the earliest possible moment—tonight perhaps—and secure a definite answer as to whether or not they propose to sign the scale as it now stands.

In case they fail to receive a favorable reply it is difficult to conjecture what the final decision will be.

November Strawberries.

George W. Minesinger, of Fairview, is now engaged in picking his second crop of strawberries this season. Mr. Minesinger, who is an extensive small fruit grower, noticed that the second crop of berries were forming, owing to the continuous warm weather. He protected them from the frost and they are now ripening.

Licensed to Wed.

Lisbon, November 21.—(Special.)—George Arthur Jackson and Martha Frances Hall; Charles Price and Maud Gotham, all of East Liverpool, have been granted marriage licenses.

William McDole and Clara B. Chevalier, both of East Liverpool, have been granted a marriage license.

OHIO'S SUPPORT GOES TO CANNON

Republican Congressmen Thought It Useless to Push Burton For Speaker.

ONLY TWO WERE FOR HIM

Salineville Miners' Union In Bad Repute Because Members Refuse to Work With Natives—Will Lose Charter—Labor's Fine Showing.

From a Staff Correspondent.

Columbus, November 21.—The Ohio Republican delegation will support Hon. Joseph G. Cannon, of Illinois, for speaker of the national house of representatives. At the meeting of the delegation held in this city yesterday it developed that the sentiment in this state was almost unanimous for Cannon. Harvey, of Cleveland, and John P. Carrothers, of Port Clinton, appeared at the meeting in behalf of Congressman T. E. Burton and formally announced his candidacy for speaker. The consensus of opinion was that it would be mere waste of time to declare for Burton as there seemed to be no possible chance of his election for the honor. Eleven members were present, and but two were for Mr. Burton. They were Morgan and Jackson, and they declared for Cannon as their second choice. Two of the members recorded as being present were represented by proxies, Kyle and Warnock.

General Dick sent a telegram to of the action taken at the conference. It was signed by Congressman Charles H. Grosvernor as chairman, and Congressman Charles Dick, as secretary. Those not present at the meeting were Gill, Beidler, Nevin and Burton. Congressman-elect James Kennedy was reported as being favorable to Burton when he arrived but he transferred his support to Cannon when it was made plain to him that Burton did not ahve a ghost of a show of winning. Mr. Kennedy was quite clever with the newspaper boys and made a very favorable impression among the members of the congressional delegation. He left for his home Thursday afternoon.

For the first time in the history of the United Mine Workers of America (Ohio) an Ohio local is in disrepute with the organization. The local referred to is located at Salineville, and has been found guilty of insubordination. It has been suspended and its seal and charter will be taken up. The members of the local refuse to work in a mine in which three Italians who are members in good standing of the state organization, are employed. The state officials investigated the matter and decided that as the Italians were unionists they should not be discriminated against on account of their nationality. The case was also placed before National President John Mitchell, who sustained the ruling of the state organization. Suspension is followed by forfeitures of rights to receive benefits from the state or national organizations. Secretary-Treasurer Savage has left for Salineville to secure the seal and charter of the recalcitrant body and he may encounter difficulty in getting them. The local may decide to become an independent miners' organization.

The advance sheets of the annual report of State Labor Commissioner M. D. Ratchford will be given out in a few days. They will show increases in the number of manufactories and wages so large as to be almost startling, according to the commissioner. The statistics were collected under the law passed last winter and will be presented on a more complete and elaborate scale than has been attempted heretofore. The report will deal extensively with the potting industry. Secretary of State Laylin's annual report will show that the receipts of his department for the fiscal year ending Nov. 15, will be upwards of $830,000, of which sum about $588,430 represents the fees paid in under the Willis law. The balance was from miscellaneous sources.

The Ashland contempt cases were heard by the supreme court yesterday. They were the outcome of the action of the probate court of that city in setting aside an order issued by the supreme court. The judge, whose name is Cloyd Mansfield, it developed, was not a lawyer, and he disfavored any intention of disobeying the order of the court. Similar pleas were made by the attorneys and litigant in the cases. The judge and one attorney were let off, but two of the attorneys and the litigant were fined $50, $75, and $100 respectively.

LISBON CENTENNIAL

OLD TOWN ARRANGING FOR ELABORATE CELEBRATION.

Business Men Appoint a Committee to Look After the Arrangements.

Lisbon, November 21.—(Special.)—At a meeting of the Lisbon Business Men's association and board of trade the following executive committee for the board of trade was appointed: Hon. R. W. Tayler, W. S. Potts, E. M. Crosser, W. W. Henry, G. L. Miller, Bert Burns, G. H. Huston, A. J. Tice, N. B. Billingsley.

Officers for the board of trade are: President, P. A. McCaskey; vice president, George Heller; secretary, George Williams; treasurer, S. D. Longshore.

A notable celebration of Lisbon's centennial next year has been decided upon, and a committee on program and invitations has been appointed as follows: Judge, S. J. Firestone, Hon. R. W. Tayler, W. S. Potts, E. M. Crosser, J. J. Rogers, G. H. Huston, D. S. Gailey, G. L. Miller and M. Way.

ADS THAT COUNT

Valuable Property Sold Through Five Line Announcement in the News Review.

While other papers are boasting of the recovery of lost watches, brindle pups and similar property through advertisements in their columns, the News Review desires to cite an instance where advertising really counts. By a five line ad inserted in the News Review, J. S. McIntosh, of 1042 Neil avenue, Columbus, Ohio, was enabled to sell a new house and lot in the East End, and the expense to him was only a trifle. He writes: "Through the ad in your paper I have sold the property." Scores of similar instances could be cited.

The News Review is the advertising medium in East Liverpool through which results are certain. And it never boasts unless it has something to boast about. Make your wants known and put your announcements in it and they will receive attention.

Rifled Slot Machine.

A chewing gum slot machine in a shattered condition was found this morning at the rear of Hall's lumber yard on Broadway and the pieces were later removed to the city hall by Officer Dawson. The machine had been rifled of its contents, both money and gum being taken. The police do not know to whom it belongs.

Granted a Pension.

'Squire J. N. Rose received notice this morning that a pension had been granted John P. McIntosh, of this city, who served with Company E in the Eighth Ohio volunteer infantry during the Spanish-American war. Mr. McIntosh will receive over $200 from the government, being granted $6 per month from December 29, 1898, to October 19, 1902.

PROCEEDINGS AVOIDED

Complicated Case of Biddie Versus McSpadden Settled Before 'Squire McCarron.

The case of John Biddle against J. C. McSpadden was settled in 'Squire McCarron's court last evening, Biddle receiving all that he had sued for. The suit was for $43.20, alleged to be due for work done for McSpadden on the Pleasant Heights street railway line. When the case was filed Joan Rinehart appeared in court and stated that he owed the money and not McSpadden. He also said that he would settle with Biddle, providing the plaintiff would liquidate a note with interest amounting to about $10.

Biddle contested the note and there promised to be considerable litigation over the matter, but when Rinehart paid Biddle the total amount plus $25 for a wagon the case was at an end. Biddle allowed the note in order to save legal proceedings.

FORCIBLE DETENTION

Charged in Two Writs Issued By Justice H. P. McCarron Today.

A writ for forcible detention was written in 'Squire McCarron's court this morning for Mrs. Hattie Woodburn, who alleges that "Chip" Gamble and his wife are living in her property on Second street, notwithstanding that she notified them to leave on November 8. The case will be heard tomorrow morning at 9 o'clock.

Another writ of the same kind was issued by the 'squire about noon which will result in the decampment of Mrs. William Evans from the property of Ralph Alcock. Mr. Alcock has waited for several weeks on Mrs. Evans to vacate and she refusing to do so, he decided to eject her by lawful proceedings.

THE ANNIVERSARY OF ELECTRIC LIGHTS

On the night of November 21, 1885, there was an occurrence in East Liverpool which created more excitement than any event during that year. Seventeen years ago tonight the first electric light which was ever turned on in the city was allowed to beam forth. There was great excitement and nearly the entire population turned out to witness the exhibition.

When the average citizen recalls that at the present time something over $800 is paid out each month in light bills for the city it can be readily seen that the growth and progress of the city of East Liverpool has been phenomenal.

GIRL'S SAD CASE

FIFTEEN YEAR OLD CHILD COMPLAINS TO THE MAYOR.

Compelled to Earn Own Living Among Disagreeable Associates And Away From Home.

Miss Grace Moore, the young girl of whom Samuel Mann, who was adjudged insane by Judge Boone, talked incessantly while confined in the city jail, appeared at the mayor's office this afternoon and asked that a warrant be issued for the arrest of Jack Brighouse. She stated that Brighouse had insulted her this morning and that he had acted in a very indecent manner. The mayor advised her to drop her complaint, having no witnesses and also warned her to find another boarding house. She accepted the advice and warning.

Her case is a deplorable one to say the least. She is not more than 15 years of age; she has no mother and is in the city working for a living. It is said her father made her leave home two weeks ago and upon her departure recommended the Brighouse home as one fit for her to live and get boarding. She has had an exciting time while in the city and has seen more of the world than in all her life before. After she told her story to the mayor he frankly told her that he did not think much of her father. For a true father would not send his child away unless he knew full well the people to whom he sent her for guidance and protection.

She stated that she did not know that Sam Mann was infatuated with her and although she knew him she did not love him.

VICTIM OF ACCIDENT

Fred Ohlenhauser, Formerly of This City, Killed in Wreck at Carnegie.

As the result of injuries received in a railroad wreck at Carnegie, Pa., on Tuesday evening, Fred Ohlenhauser, aged 26 years, formerly of this city, working for several years at his trade at the plant of the Specialty Glass company, died Wednesday. His remains were shipped to this city, arriving on the midnight train for burial. The funeral was held at 3 p. m., at the home of his sister, Mrs. Rose Bowers, Florence street, conducted by Rev. Edwin Weary, of St. Stephen's church. Buriel was made in Spring Grove cemetery.

MANN IS VIOLENT

The East Liverpool Lunatic Breaks Everything Possible in His Cell at the Jail.

Lisbon, November 21.—(Special.)—Samuel Mann, the East Liverpool subject who was brought to jail and adjudged insane the other day, is very violent today.

He has broken up every moveable thing in his cell and is still raving this afternoon.

RAILROAD AT STATE LINE

Work of Grading Begun On a Line to Reach Coal Lands.

Captain J. L. B. Dawson and others of Beaver county some time ago got a charter for a railroad extending a mile or so up the Little Beaver on the west side. Work has now begun on grading the line, the object being to reach the coal fields in the vicinity of Ohioville.

Delightfully Entertained.

Mrs. George H. Owen and Mrs. J. W. Patterson, at the home of the former, 181 Jefferson street, delightfully entertained the past grands and officers of the society of the Daughters of Rebekah last evening. Much pleasure was derived from the enticing and enjoyable game, peanuts. At the conclusion of the game prizes were awarded to Miss Mary Lloyd and Mrs. Sheridan McGavern for superior playing and the booby prize to Mrs. Alex McBane. Choice refreshments were served and the evening was one long to be remembered by all present.

New Chief Operator.

Lisbon, November 21.—(Special.)—Miss Laura Lutes has been appointed chief operator in the Columbiana Telephone company's office here, succeeding her sister, Miss Nell Lutes, who resigned. The new chief operator has been filling the position of night operator, and is succeeded by Miss Pearl Jones.

A WORD TO THE WISE—The number of desirable residences for sale in our city is lessening daily—likewise desirable vacant lots. Prices are consequently advancing. You can easily prove this statement by a little inquiring and looking around. If you contemplate purchasing do not delay, else you will pay higher prices and have less desirable properties to choose from.

SOCIAL EVENTS

THE RUMMAGE SALE

Hospital Benefit a Phenomenal Success—More Goods Needed.

Interest in the rummage sale being held by the ladies of the Hospital association continues, and it has created and still retains a patronage such as has never before been bestowed upon an affair of this kind.

When business closed Monday the shelves had been cleared of everything of value, and those in charge were at their wits' end to know what move to make next. Donations from every quarter have been liberal and abundant. The appeal of the ladies has been responded to in almost every case. At the same time it may be said that the patronage has far exceeded expectations, and this is responsible for the lack of stock at the headquarters.

The big supply received is now nearly exhausted, so that for the continuance of the sale it is necessary to have more goods. There are a great many who intended donating who have not yet brought their contributions to the Second street establishment, and it is urged that they do so at once.

PLEASANT CARD PARTY

Given by Miss Elva Miller at Her Home on Fifth Street Last Evening.

A most enjoyable card party was given last evening by Mrs. Elva Miller at her pleasant home on Fifth street. The affair was in honor of Miss Fannie Bowers, of Wheeling, and Miss Dora Francy, of Toronto, who are guests at the home of Mrs. Miller.

Progressive pedro was the favored game, and the evening was delightfully spent. Luncheon was served at a late hour.

Coming Wedding.

Invitations have been issued announcing the marriage of Miss Blanche Custer, of Canton, to Emmet Bigley, of Youngstown, on Thanksgiving day at high noon, at the First M. E. church, in Canton. Miss Custer is well known in this city having visited here often, and a number of East Liverpool friends will attend the wedding.

Pleasant Social Affair.

The home of Mr. and Mrs. John Anderson in the West End was the scene of a pleasant social event last evening. The guests were received with royal hospitality, and it was with regret that they departed from their host and hostess, late in the evening.

W. R. C. Inspection.

Mrs. Rachel Lee, of Lisbon, will be in the city on Friday afternoon to inspect the Woman's Relief Corps, and a large attendance is expected at the meeting. While in the city Mrs. Lee will be the guest of Mrs. A. C. Hofman, of Fifth street.

Dinner to Friends.

Mrs. Jennie Davidson gave an elaborate dinner yesterday afternoon and evening in honor of Miss Euphemia B. Huston. Only a few friends of the hostess were present.

To Give Oyster Supper.

The Ladies' Auxiliary of the Y. M. C. A. will give an oyster supper the first of December. The arrangements are not yet fully completed.

Chautauqua Circle Meeting.

The Chautauqua circle will meet tomorrow evening at the home of Mrs. C. T. Hard. The meeting will be an espcially interesting one.

Entertaining Today.

Mrs. Harriet Metz and the Misses Metz are entertaining this afternoon at their home on Fifth stree.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Daughter Born—A daughter was born yesterday morning to Mr. and Mrs. A. Weelles, of Trentvale street.

A New Arrival—Mr. and Mrs. Roy Welsh, nee Miss Lydie Dunn, are receiving today the congratulations of friends upon the arrival of a little daughter.

Delayed Three Hours—The passenger train due in this city at 1:36 a. m. was delayed at Beaver for almost three hours this morning. A caboose attached to a freight train was derailed, and alighted in such a position as to completely block the main track.

Officers for Jr. O. U. A. M.—At the meeting of the Junior Mechanics to be held tonight the nomination of officers will take place. The names placed in nomination tonight will be voted at the first regular meeting in December. No meeting will be held on next Thursday, as it falls on Thanksgiving.

Underground System Tested — The underground system of the local department of the Bell Telephone company was tested yesterday by W. Walters, of the engineering branch of Pittsburg. He will spend several days in the city and will make a thorough inspection of the system. P. Corbitt, of the construction department of the company, is also in the city to superintend a number of improvements which the Bell company is about to inaugurate.

An Interesting Feature—Dr. M. B. Pratt, of the First M. E. church, had a question box at the mid-week prayer service, which proved a pleasant and instructive innovation. Any member had the privilege of sending in a question relating to the Sunday school and its work. The questions embraced a wide scope, and Dr. Pratt proved himself at once most versatile and scholarly by the able manner in which he answered the many interesting questions propounded.

Cuban Cigar Makers Out.

Havana, Nov. 20.—The cigar makers at all the factories went out yesterday, and it is estimated that a total of 30,000 employes are now on strike. Several demonstrations were made by the strikers and led to a few arrests, but the disturbances were not of a serious character.
